Gas Company Assured Load from Ord Area

Work on Pipeline from Ord to Loup City Will Start Within Month.

Four governmental bodies in Ord gave officials of the Kansas-Nebraska Natural Gas Co. assurance that they would use natural gas for heating this winter.

The promises were made at a series of meetings held Wednesday, Thursday and Friday of last week, when Frank Soldan, sales manager; L. R. Squier, division manager; and L. E. Nelson, vice-president and general manager; all of Hastings, met with local officials.

City officials said they would use the new fuel for heating the city hall, as well as to operate one or more of the diesel engines at the electric plant.

County officials said the courthouse would be heated with gas this winter, and both the Ord high school and grade school will use natural gas.

Other local large-quantity users were interviewed including the Ord hotel and the Valley Rendering Plant.

Mr. Nelson told local people that with these assurances, the gas company would start construction of the Loup City-Ord pipeline within 30 days, and that gas would be available for consumption here by the latter part of August.

Nelson said that construction crews were completing installations in Ravenna, and would leave there in about three weeks to start work on the Ord project.

The gas company, he said, would make a formal announcement to the public within a few weeks.

Ramsey Enters Race for Supervisor

William J. Ramsey, Arcadia, has filed for election to the county board of supervisors from the seventh district. Mr. Ramsey announced his candidacy Monday.

Drug store owner and long active in county political circles, Ramsey has entered his name on the Republican side of the ballot.

PSOTA TO HOSPITAL

Rudolph E. Psota, a member of the Valley county board of supervisors, is in St. Francis hospital in Grand Island.

He entered the hospital Friday for observation and treatment.

Mebbe Two Filed for No Job?

It may be that two candidates for the post of county supervisor have filed for a job in which there will be no vacancy.

This week M. B. Cummins and E. B. Weekes filed for the post now held by Ellsworth Ball, who is a candidate for county judge.

Monday, the county board asked county attorney Ralph Norman for a ruling on the question: "Does Ball's filing make his job vacant following election, or must he officially resign?"

Today—Norman isn't sure. "The statutes seem to conflict on this question," he admitted. "I've asked the attorney general for an opinion."

Extension Club Tea Attracts Crowd of 100

Ladies Hear Mrs. Vern Sageser, State President.

Over 100 women of the county attended the tea at the Methodist church Tuesday afternoon, sponsored by the Valley County Council of Home Extension clubs.

The tea was one of the activities in the county this week celebrating National Home Demonstration week.

The address, by Mrs. Vern Sageser, president of the state council of extension clubs, was featured.

Musical entertainment consisted of group singing, led by Mrs. Kermit Erickson of Arcadia and accompanied by Mrs. Archie Mason, as well as special numbers by the Elyria 4-H girls' trio, the quartet from the Progressive club of North Loup, a boys' quartet from Ord high school, and marimba solos by Mrs. Kenneth Koelling.

Spiced tea and coffee were served at 3:20.

The Elyria clubs were in charge of decorations, which were done in yellow.

Mrs. Sageser was accompanied by Mrs. Robert Ballagh of Ballagh, Mrs. Erwin Carpenter and Mrs. M. L. Sageser of Chambers, and Mrs. Ed White of Amelia.

Rural School Kids to Compete in Track, Field Meet

Will Vie for Ord Chamber Plaque Next Monday.

Monday, May 8, is the big day for aspiring young track stars from the rural schools of Valley county.

Circling the cinder oval at the Ord athletic field will be boys and girls from most of the county's rural school districts, competing for the Chamber of Commerce plaque which has been awarded each year for the past four years by the Ord civic group.

Sixty and 100-yard dashes will be featured in boys' and girls' classes, with seventh and eighth grade boys also running in a 440-yard event.

Boys will compete in high jump and broad jump and there will be a girls high jump.

A relay team (fifth to eighth grades) from each school will vie for baton-passing honors.

Coaches from Ord high school will officiate at the track and field meet.

Points will be awarded on the basis of five points for first place, three for second, two for third, and one for fourth. The school winning the most points recives the Chamber of Comerce plaque.

New Four Mill Tax for Country Districts Here

Designed to Prod Small Schools to Merge With Others.

Rural school districts in Valley county and the village school of Elyria will levy a special 4-mill tax this year, county superintendent Clara McClatchey has been told by an official of the state superintendent.

The new blanket tax law, passed by the 1949 legislature has a double purpose:

To prod small school districts to merge with other districts.

To assure that some districts will no longer get by with paying little or no school taxes.

According to Miss McClatchey the new law will work like this:

Each year there will be levied in each county a tax designed to raise two-thirds of the cost of operating the county's elementary school districts for the preceding school year, with a maximum of four mills.

The tax will apply only in elementary districts—districts which operate only an elementary school under the direction of a single school board.

After the 1950-51 school year, a district with fewer than five pupils will get none of the blanket tax back, unless the county superintendent rules that natural barriers or extreme distance makes merger of school districts impractical in this case.

"Extreme distance" means that any pupil would be required to travel more than four miles to school over unsurfaced roads.

Districts with five or more pupils will get back all the blanket tax they pay, or as much as is needed for school expenses.

Districts which contract for instruction of their children in another district will get back their costs, up to the total of the blanket tax collected in their district.

The remainder will be distributed thus: Two-thirds divided equally among districts with an average daily attendance of five or more, one-third to these districts on the basis of average daily attendance.

For the 1950-51 school year, the blanket tax for all practical purposes will be an added levy, over and above the general school tax.

"The general levy for the 1951-52 year can be substantially reduced," Miss McClatchey said, "since by that time the districts will have received their returns from the blanket tax levy made the previous year."

Marble Tourney Prizes Revealed

Prizes for the third annual Valley county marble tournament sponsored by the Veterans of Foreign Wars went on display this week in the window of Beranek's Drug Store.

In addition to gold, silver and bronze medals for winners, fishing tackle, baseball equipment and other articles will be given to champion marble shooters.

The contest will be held Monday

Cummins, Weekes, Enter Race for Co. Supervisor

M. B. "Bert" Cummins entered the race for county supervisor from the fourth district last week and E. B. Weekes tossed his hat into the ring for the same post, Monday. Both filed as republicans.

M. B. "Bert" Cummins

The man elected to office will fill the vacancy left by Ellsworth Ball, who announced his candidacy for the county judgeship earlier.

Mr. Cummins is head of the Ord Livestock Co. and served as mayor of the city of Ord for five terms. This is his first venture into county politics. A native of this county, Cummins has lived here all but one year of his life.

E. B. "Luke" Weekes

Mr. Weekes, a veteran real estate man, has never held a political office. He first came to Ord as an estate supervisor and has been dealing in real estate, more or less continuously, for about 40 years.

Three New Teachers Hired by School

Third Grade Spot Still Open; Board Hunting Apartments.

Three more new teachers were elected by the Ord school board this week, to leave only one vacancy, the third grade post now held by Miss Ramona Koza, to be filled.

The post of instructor in Social Sciences, held by Miss Barbara Lukes the past 45 years, will be filled by Doyle Dickey, Madison, Nebr. Mr. Dickey, a graduate of Hastings College, will also teach driver training in Ord. He has handled the driver education classes in Hastings high school the past two years. He is married and a veteran of World War II.

Robert Van Ornam, a native of Hardy, Nebr., will teach science in Ord high school, filling the vacancy left by the resignation of Joe Cupl. Mr. Ornam, a graduate of Kearney State Teachers College, is also married and a war veteran.

To replace Miss Irene Auble, who has accepted a teaching job in Scottsbluff, the board hired Miss Billie Rose Minnick of Crete. Miss Minnick, a graduate of the University of Nebraska, will teach English and Journalism.

Superintendent C. C. Thompson told the Quiz that he and members of the school board would have to do apartment hunting during the summer. "Three of our new teachers this year, including Coach Dick Hutton, are married and will need housing," he said.

Infant Daughter Dies

Mary Ann Bruha, infant daughter of Mr. and Mrs. Emanuel Bruha, was born Friday, April 28 and died early Monday morning, May 1.

Funeral services were held at the Hastings-Pearson chapel Tuesday afternoon at 2:30 o'clock. Rev.

County Dads Get 200 Protests of New Appraisals

Wilkins Crew to Review Findings and Make Report.

More than 200 protests of valuations set by the recent reappraisal of real estate, had been filed with the county board of equalization at the time the Quiz went to press today.

Protests were still coming in, county assessor W. C. H. Noll said, and will be received during the coming week.

Wednesday morning, the equalization committee of the county board went into session and decided to turn all complaints over to representatives of Wilkins Associates, who will review each individual complaint and report back to the board.

In Ord today to handle the review work are Fred Harrington, Everett Wells and Keith Bentley. These three will probably be here the better part of two weeks.

When investigation of the complaints has been made, the supervisors will go into executive session to raise or lower the valuations as the case may be.

"Some complaints will not be considered," Noll told the Quiz. "There are quite a few people writing us and saying simply that 'my valuation is too high.' Unless these people can present reasons why they think their valuation is too high, and offer comparison figures on property of similar construction or size, the board will not be able to do anything for them."

Chamber Planning Fishing Contest for Children

Bullheads Promised by State Commission and Prizes Will Be Given.

Some time late in June or early in July, when the weather is good and fishing waters are clear, the Ord Chamber of Commerce will hold a fishing contest for boys and girls of Ord and vicinity.

The Nebraska fish and game commission has promised 2,000 fresh, lively, adult bullheads for the event. A section of Dane Creek will be blocked off so the bullheads cannot escape either up or down stream.

Firemen have promised cooperation in supervising the contest and prizes will be awarded to boys and girls who catch the largest bullhead and the most bullheads dura 2-hour period. Age limitations and contest rules will be announced when the date is decided but in the meantime children of Ord can be keeping the contest in mind as something pleasant being planned for them.

To Conduct Band Summer School

Ord children will have an opportunity to improve their musical knowledge this summer, Wm. Nelson, director of music at Ord high school, announced this week.

A free summer band school will be conducted from June 5 to August 11, and all children in Ord and surrounding districts who wish to play an instrument or who wish further instruction on an instrument may enter.

Classes for all band instruments will be in three ability levels: beginners, intermediate, and advanced class for all in senior band.

Children who have completed the fourth grade are the youngest who will be admitted.

In addition to individual and small group instruction, there will be a beginners' band meeting on Tuesday and Thursday morning at 10:30.

Children should be enrolled in the school by contacting Mr. Nelson before May 26.

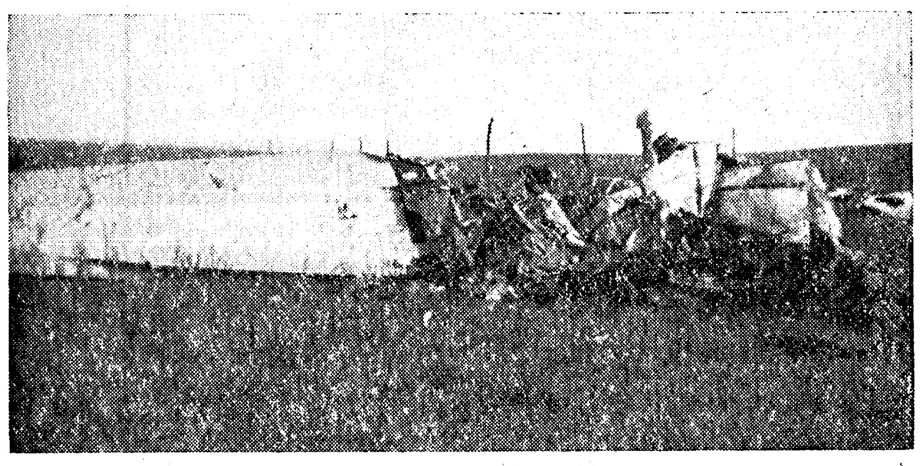
Ord Census to Hit 2300

While no official figures have yet been released, estimates around town indicate Ord will hit the 2300 mark in the 1950 census.

This is a gain of 60 from the census of ten years ago when 2240 were counted.

In the past ten years, the city has added more than a hundred housing units—is building more—and still faces a housing shortage.

Smaller families, less doubling up of families, are answers most commonly given to the en-



Plane Crash Takes Two Lives Tuesday Morning

Mrs. Edward Hackel Chosen to Attend Extension Meeting

Omaha C. of C. Holds Recognition Program Today.

Mrs. Edward O. Hackel has been chosen as the rural homemaker from Valley county to attend the Recognition Program in Omaha today (May 4). The program is sponsored by the Omaha Chamber of Commerce and is held in honor of outstanding rural homemakers throughout the state.

Mrs. Hackel is the only living charter member of the Jolly Neighbors Extension club, organized in 1924. During the life of the club she has missed only five meetings.

"After learning about homemaking through an extension club for 26 years, you wouldn't think that there is anything more one could learn," commented Mrs. Hackel. "But there seems to be more to know all the time, so I'll have to keep on going to club meetings."

Mrs. Ed Hackel

Going to club meetings and taking part in club activities is no chore for Mrs. Hackel. Although the club has had its up and downs (at one time dwindling to five members), it has always been fun according to Mrs. Hackel. At present the club has 22 members.

In recognition of her years of club service, Mrs. Hackel will be among those honored at the Omaha program, which is aimed at stimulating good rural-urban relationships, and helping to expand Home Extension work among more rural-urban homemakers.

Program headquarters are at the Hotel Fontenelle. The Union Livestock Co. is host at a luncheon at the Livestock Exchange Building and the Chamber of Commerce is host at the evening banquet.

Auxiliary Plans for Poppy Day

Poppy Day in Ord will be May 26, Mrs. Loren Good, American Legion Poppy Chairman, announced today.

The memorial poppies, honoring the war dead, will be sold to the people of Ord and the amount of contributions given for the poppies will go to support American Legion and Auxiliary welfare work for disabled veterans and needy children of veterans.

The city will be divided into districts and each district will have its team of workers distributing poppies.

The poppies are made by disabled veterans and are crepe paper replicas of wild poppies which bloomed in France and Belgium, and which have become the memorial flower of the English-speaking world. Making the poppies provides employment for thousands of veterans unable to do other work.

President Truman Will Speak in Ravenna Monday

President Harry Truman will speak in Ravenna Monday evening, when his special train stops there at 8:45 for a ten minute halt.

The Loup City and Ravenna bands will entertain with a short street program preceding the train's arrival in Ravenna. A public dance will follow the president's talk.

Mayor Kozel will introduce the president, who will address the audience briefly from the rear platform of his special car. Special decorations and floodlighting are being provided by the Ravenna Chamber of Commerce.

The president's car, is equipped with loud speaking equipment and is specially lighted. Amateur photographers are invited to take pictures, providing they do not break security regulations.

Seniors Announce Graduation Week Program Schedule

Baccalaureate, Commencement, and Class Night Planned.

The seniors of Ord high school are prepared to wind up their high school careers with the announcement of baccalaureate services, a class night program, and commencement exercises.

Baccalaureate services will be held at the High School auditorium on Sunday, May 14. The Rev. L. V. Hassell of the Methodist church will deliver the sermon. Special music will be furnished by the Girls' Glee Club of the Ord high school and the Mira Valley Male quartet.

Class night will be held Monday evening, May 15, with the presentation of awards highlighting the program. Paul Stoddard, president of the senior class will act as master of ceremonies.

Tuesday evening, May 16, will climax the end-of-the year activities with commencement exercises. Sixty-six seniors will receive their diplomas from Orin Kellison of the board of education at that time.

The Chancellor of the University of Nebraska, Dr. R. G. Gustavson, will deliver the address.

Special music will include a number by a quartet of faculty members of Ord high school and a solo by Don Auble.

Brown McDonald Store Closed for Remodeling

The J. M. McDonald store in Ord is closed this week for complete remodeling operations, which include the installation of new fixtures, a new lighting system and a painting job.

Fryzek & Son of Ord are doing the painting, John Wojtasek and his crew are assisting in the installation of fixtures under the direction of representatives from Store-Kraft, Inc., Beatrice, Nebr.

Wm. Darges, store manager, said he hoped to be able to stage a grand opening next week end.

Plane Crash Near Greeley Kills Colorado Couple

Pueblo Sheriff and Woman Deputy Plow Into Hill Tuesday.

When a single motored light airplane, piloted by Sheriff Joe E. Tucker, 38, of Pueblo, Colo., crashed into a hill north of Greeley about noon Tuesday, both he and his deputy passenger, Mrs. Barbara Z. Cook, 35, were killed instantly.

The crackup took place on the Ed Hahn farm seven miles north and west of Greeley. W. A. Swanson, who lives on an adjoining farm, heard the crash and was first at the scene.

In crashing, the plane went through two barbed wire fences and tumbled another 250 feet. The body of Sheriff Tucker was found 50 feet from the plane.

According to County Attorney Attorney Pat Barrett, and Sheriff John Smith of Greeley, who were called to the scene, and who later called Pueblo authorities, Tucker and Mrs. Cook were enroute from Pueblo to Brainerd, Minn., where she lived with her father, a Mr. Zapke. Mrs. Cook's husband is in the Colorado penitentiary at Fueblo, and she had been visiting him.

The Cook body is being sent to the Whiting funeral home at Brainerd on orders of Mr. Zapke, while no word has been received as to the disposition of Mr. Tucker's body which is at the Zinn funeral home in Greeley.

Ellis Carson, Ord airport manager, said that at the time of the crash visibility was quite limited. "I checked with Grand Island that morning and the ceiling was 700 feet. That would make the ceiling at Greeley about 250 feet, and my belief is that Tucker was hedge hopping in an effort to find a place to set down his plane."

Cancer Drive in County to Make Quota

The 1950 drive for funds for cancer treatment and research will see Valley county making its quota of $152, Mrs. E. R. Appleby, county drive chairman said today.

"We are within $125 of our goal, with reports from Arcadia, North Loup and Elyria still to come," the chairman said. "So far, all funds have come from Ord and from rural areas solicited by members of extension clubs.

"Several extension clubs have not reported as yet, and solicitation work in Ord is not complete. If people continue to be as generous as they have been in the areas solicited, I think I can safely predict that Valley county will go over the top."

Midland Athlete Is New Sargent Coach

Duane Berkey, 23-year-old Midland athlete, has been named coach and physical education instructor at Sargent high school next year.

Berkey, who will also teach a science course, lettered two years in football at Midland as a center and guard. He also lettered in track last spring as a weightman.

Baseball Fans to See Double Header as Mustangs Open Season Sunday

Baseball Fans to See (30) .....

Sunday will be bargain day at the Ord athletic field and if weather is good a huge crowd of baseball fans should turn out to see the Ord Colts play Spalding in the opening game starting at 1:30, with the Ord Mustangs scheduled to open their season against Shelton in the wind-up at 3:30. Adult tickets good for both games of the twin bill will cost only 50c.

The Colts were rained out or snowed out of their scheduled go against Wolbach last Sunday but have a win over Primrose to their credit in the Mid-State day league.

The Mustangs, who will play night ball twice weekly starting May 28, have yet to see action and so are pretty much of an unknown cancelled most practice sessions, so play may be rusty in the opener.

Bill Novosad probably will do mound duty for the Mustangs with Stan Johnson behind the plate. At third base will be Richardson or Ray Falter, at shortstop will be Bill Dugan, Vail probably will get the nod at second and Bud Novosad at first. Bob Philbrick has the center field position cinched and Douthit has much other good outfield material in Dick Berap, Jim Finley, Dan Dilla and several others. Beran or Dilla also could fill in at infield positions if needed.

Shelton, always dangerous, is reported to be up with a good team this season. Spalding also can be counted on to put a salty team

Mormon Document May Have Been Earliest Printing in Nebraska

An interesting and important document relating to the history of Nebraska is the "General Epistle from the Council of the Twelve Apostles, to the Church of Jesus Christ of Latter Day Saints," signed by Brigham Young, president of the council, and issued from Winter Quarters —now Florence, a suburb of Omaha—December 23, 1847.

It is possible that the epistle may have been printed at Winter Quarters. If so, it probably is the first example of printing in Nebraska. The late Douglas C. McMurtrie of Chicago, a nationally known authority on printing in America, thought this was the case, and in 1935 published a little book setting forth his views. The late Miss Martha M. Turner, longtime newspaper librarian of the State Historical Society, and an authority on Nebraska newspapers, did not believe that the epistle actually was printed at Winter Quarters. She believed it probably was printed at St. Louis.

Whether printed in Nebraska or not, the document has much interest for Nebraskans.

It begins with a recitation of the troubles endured by the Saints after their expulsion from Nauvoo —the trek across Iowa, the winter of 1846-47 on the west bank of the Missouri, the long march across the plains and mountains to the Great Salt Lake basin, and the establishment of a Mormon colony there.

Brigham Young, who led the pioneer Mormons to Salt Lake in 1847, returned to Winter Quarters the same year in order to direct further emigration to Utah. The "Epistle" was a means to that end.

Among the instructions contained in the "Epistle" were the following: "Gather yourselves together speedily, near to this place, on the east side of the Missouri River, and, if possible, be ready to start from hence by the first of May next, or as soon as grass is sufficiently grown, and go to the Great Salt Lake City, with bread stuff sufficient to sustain you until you can raise grain the following season."

Mindful of Nebraska and mountain climate, the Saints were warned that they would "do well to furnish themselves with woolen or winter, instead of summer clothing, generally, as they will be exposed to many chilling blasts before they pass the mountain heights."

Likewise: "The Brethren must recollect that, from this point, they pass through a savage country, and their safety depends on good fire arms and plenty of ammunition;—and they may have their teams run off in open daylight, as we have had, unless they shall watch closely and coninually."

Work Started on 342 Miles of Lines

Work started this week on 342 additional miles of lines for the Howard-Greeley Rural Public Power District.

Thirteen miles of transmission lines are to be built from the substation on the Lingford farm corner to the Greeley county line. A 1,000 KVA substation will be erected on the George Christensen farm near the Howard-Greeley-line.

The contractor's crew and local men are hauling poles for the project, in which 57,000 are to be used. The work is to be finished in July.

When completed, the project will service 1,000 miles of electric lines in Howard county and a major part of Greeley county.

Most Motorized Industry

Manufacture of food requires a greater number of electric motors than any other manufacturing industry. The total is 732,000, or about 14 per cent of the motors used by all manufacturing industries.

Figuring Egg Costs

To find the current price of producing a dozen eggs multiply the average number of pounds of feed the flock is eating a day by the price per pound and divide the number by the number of dozen eggs laid in a day.

Cost of Snow Removal

It costs taxpayers more than 30 million dollars a winter to remove snow and ice from highways. This sum refers only to state highways and does not include the cost of keeping city streets free of snow and ice.

Exams Passed by North Loup Students

All three North Loup students who took the merit examinations in April passed the Typist Clerk I tests. They were Jo Ann Earnest, Theresa McCall, and Bernardine Edwards.

Jo Ann Earnest ranked 99th and Thereasa ranked in 198th place. A total of 868 took this examination and 648 passed. Jo Ann also competed in the Stenographer Clerk I examination and passed with a rank of 95. A total of 503 competed in this test and 341 passed.

All North Loup high school students recently competed in a nationwide testing program. The test covered recent social scientific developments. These tests are taken annually by students in all participating schools during the month of April and the tests are scored by the sponsoring agency. Results of the tests were received in North Loup this week. The North Loup classes ranked from first to fourth in the following order: Grade 12, Grade 9, Grade 10, and Grade 11. Jimmy Ehret ranked first for the entire high school and first in his class. In the Junior class, Beverly Knapp ranked first; in the Sophomore class, Roger Leonard was in the number 1 position; and Jimmy Williams achieved this distinction in the Freshman class. Based on a preliminary program involving over 16,000 students in 116 Iowa High schools, Jimmy Ehret's score of 55 placed him in the upper 7 per cent of other 12th grade students in the above group that was tested previously in Iowa.

Rites for Mrs. C. B. Clark Held Friday in North Loup

Died at Age of 72 After Long Illness.

Funeral services for Mrs. C. B. Clark were held Friday afternoon from the Methodist church, with her pastor, Rev. Carl F. Harbour, bringing the message from a favorite scripture of Mrs. Clark's.

Mrs. Harold Hoeppner sang as a solo "Some Day We'll Understand" and a quartet, Mrs. Hoeppner, Mrs. Cloyd Ingerson, Roy Hudson and Dell Barber sang "Abide With Me." Mrs. Robert Williams was at the piano.

Pallbearers were Frank Johnson, Earnest Johnson, John Williams, Bert Cummins, L. A. Axthelm, and Paul White. Burial was in Hillside cemetery. Hastings-Pearson mortuary was in charge of arrangements.

In charge of the flowers were Mrs. A. L. Willoughby, Mrs. F. N. Redlon, Mrs. Vic Cook and Mrs. Ernest Nurton.

Martha Frances Houtby, second child of Edward and Mary Ann Houtby, was born in Madison county, Iowa, on October 13, 1877.

When she was four years old, her family moved to Nebraska, traveling by covered wagon and crossing the Missouri River on a ferry. They settled at St. Paul first, later taking a homestead on upper Davis Creek, in which neighborhood the family lived for many years.

On October 27, 1895, she was married to C. B. Clark, and to this union were born four children. The Clarks lived on Davis Creek at first, later living in the Pleasant Hill neighborhood. In the spring of 1906, they moved to North Loup, where Mr. Clark was manager of the local telephone exchange when it was moved to its present location. Mrs. Clark assisted as an operator at the switchboard for some time.

The family belonged to and attended the United Brethren church on Davis Creek until they moved to North Loup. Then they transferred membership to the Methodist church, and throughout the years Mrs. Clark was faithful in attendance and active in church work as long as her health permitted.

Her primary concern was for the welfare of her family and others who from time to time shared the home.

One of her many activities through the years was the cultivation of flowers. By winter, her flower window offered bright cheer to the passer-by as well as to the family. By summer, her flower garden made a bright spot for all to enjoy. On many occasions she took her flowers to church that their beauty might, if possible, add to the message of song and sermon.

In January, Mrs. Clark entered a hospital and submitted to surgery. Upon her return home, she was tenderly cared for by her family. Her daughter-in-law, Mary, was in constant attendance, she and Clifton having closed their home and moved to the parental home to assist in ministering to her needs. It was thought that Mrs. Clark would regain her health, but such could not be, and she passed away at her home in North Loup on April 26, 1950, at the age of 27 years, 6 months, and 13 days.

She is survived by her husband, three sons, Clifton and Merlyn of North Loup, and Charley of Lincoln; one daughter, Nettie of Lincoln, two brother, George of Ord and Edgar of Los Angeles, and many other relatives. One sister, Myrtle, preceded her in death.

Friends and relatives from out-of-town attending funeral services for Mrs. Clark included Irving E. Clark, Casper, Wyo.; Mrs. George Houtby, Mr. and Mrs. Adolph Sevenker and sons, Mr. and Mrs. Richard Prien and daughters, Emil Kokes, Emil Sedlacek, Ord; Mr. and Mrs. Marion Hubbard and son, Lexington; Frank O'Brien, Mason City; Mr. and Mrs. Frank Reed, Mr. and Mrs. R. L. Zink, Mr. and Mrs. Ward Ostberg, Mr. and Mrs. Ralph Hanks, Alvie Johnson, Keneth Robertson, Jim Lemley, Milton Luecker, Mrs. Robert Webb, Henry Jensen, Leroy Ortgieson, Miss Betty Eberhart, and Mrs. David Barker all of Lincoln;

North Loup Picnic Slated in Calif.

A note from Mrs. Beecher Van Horn this wek says a picnic of former North Loup people is planned for May 28, in Fairmont Park, Riverside, Calif. At this time officers will be elected and plans made to hold a get-together each year. There are about thirty former North Loup people living near or in Riverside, and many others in southern California. Mrs. Millie Stacy is again with Mr. and Mrs. VanHorn, and after many months in a wheel chair, because of broken bones, the result of an auto accident, is able to get about on crutches. The VanHorns live at Loma Linda, box 2511, route 1.

AUBLE JEWELRY

YES, we now have the answer to the fellow who is looking for that treasured possession to give to the girl he thinks the world of. From past experience I know that a fellow wants a diamond ring that his chosen one will treasure forever, yet with the expense of marriage one must limit the price. To give you more quality, largeness of stone, mounting style and wearability—we are now creating our own diamond mountings. In this way we can give you, at a much lower cost the treasured diamond ring she is expecting from you. We will be glad to show you our beautiful new line of Diamonds Created for Auble Jewelry, any evening by appointment.

Sincerely,

Don.

When You and I Were Young

Ten Years Ago— W. W. Loofbourrow, 90, Mrs. C. O. Philbrick, 62, and Mrs. Thomas Fenton, 89, all died during the week. — Ord and Burwell were still being urged to go back on the high line as one of the stipulations to having irrigation in the valley. — The Ord Chamber of Commerce was offering $50 in prizes in the PFL contest, and farmers were being urged to enter. — The inhalator fund being raised by the Ord Volunteer Fire department lacked only $60 of being complete.—A Group 5 bankers' convention was held in Ord, including a banquet at the Masonic hall with 176 present. — The Interstate Commerce commission approved abandonment of the Greeley-Ericson branch of the Burlington railroad. —The C and M Grocery was to be opened in the Milford building by Fred Cahill and Henry McMullen. Cahill later made it the Table Supply, and he in turn sold to Ed Beran, who closed out and Carson's Grocery moved in. —Burwell won both senior and junior divisions of the Wranglers relays at Burwell. — Ord musicians won 12 superior and 10 excellent ratings at the district music contest.

Twenty Years Ago — Ord students won 21 prizes at the North Platte Smith Hughes contest. Anthony Kokes was the state champion in Babcock tests. Others were Adrian Tolen, Bud Brickner, Eldon Lukesh, Charles Barnhart, Valerian Ciochon, George Valasek, Marion Stillwell and Emanuel Sevenker. — The Peoples Store burned in a night fire with a loss estimated at $55,000. The fire originated in the basement and much of the stock was completely ruined when the floor caved in. Dutch Burger cut his foot badly on broken glass. — The store was owned by Anthony Koupal and Joseph P. Barta. — Jerry Hlavacek leased the former Hill and Hill store and planned to open a new meat market there. — The directors of the Ord Co-op Oil company decided to build a new station on the lots they had bought from Mrs. Margaret Wentworth. —Elmer Skov was working for the Ord Quiz on an assignment from the state university. — Melvin Harris a student of the Ord Linotype school, secured a job with the Progress Printing company of Holdrege. — Under the direction of the teacher, Mrs. Dessie Needham, 'Dist. 40 planted trees and shrubbery.

Thirty Years Ago — Murray Cornell brought word to Ord that Lake Ericson was no more. High water in the Cedar river for several days had been cutting at the dam, and it finally went out. — Sneak thieves were busy in Ord and the Quiz issued a warning that, if the devilment continued, somebody would be perforated.— The primary election was held April 20, with Sam McKelvie winning for governor in Valley county Adam McMullen, 251 to 198. D. E. Strong for representative and Maud Jackman for clerk of court were unopposed, and J. W. Gates defeated E. A. Wells for assessor. — Robert Burns Kipling, father of Mrs. Emma Hansen of Ord, died at her home at the age of 74 years. He was a veteran of Civil war, and a resident of Valley county since 1889.

Forty Years Ago. — Albert Hiner, sr., was found dead in his room at the home of his son, Albert Hiner, jr., a victim of heart trouble. — The city of Ord had hired a new manager for the coming year, name not mentioned, at a salary of $3,000 per year. — Cap Harris was proceeding nicely with the construction of his bungalow home on the hill southwest of Ord, which later became the Hillcrest hospital. — Reggie McLain got a check for furs which he had trapped during the winter and which he had shipped to a fur buyer. He realized $100.50 for his work. —F. J. Bell drove to Omaha in his big car to have it repainted. Such jobs were not done in Ord at that time. —Theodore Baker returned from a trip to Ohio. — Editor H. M. Davis was to devote much of his time during the summer to the chautauqua business, acting as press agent. —A play, "The Schemers" was put on by the junior class of the Ord High school.

Fifty Years Ago — J. A. Ollis, jr., installed the first farm phone in Mira valley, and one of the first country phones in the county.— M. J. Coffin, formerly of Ord but then of Lincoln, had the contract for building a residence for Supreme Judge Silas A. Holcomb. — Republican delegates to the state convention included John Wall, E. J. Babcock, H. E. Oleson, M. L. Fries, J. A. Patton, E. P. Clements, H. D. Leggett and Charles Rettenmayer. F. J. Bell announced that his twin photo cars would be in Ord. He specialized in babies' photographs. — H. Losee went to California for a visit but expected to be back in the valley by corn planting time.— The partition was taken out of the Fackler Grocery, making the two rooms into one and giving the proprietor room to display his goods.

Sixty Years Ago. — Robert Nay sustained a bad injury when the seat of a stalkcutter broke, throwing him to the ground and nearly cutting his foot off. — A timber claim contest in Loup county between R. A. Words and George Newbecker was settled in favor of Newbecker. Words claimed there were too many native trees on the land to entitle it to entry as a tree claim. — A prairie fire threatened the west end of Ord, but prompt work on the part of the citizens averted the danger. — C. C. Wolf, foreman on the Quiz for nearly five years, went to Grand Island, where he had a job in the Independent job department.—D. A. Gard had made some extensive improvements in the Transit house. The dining room had been extended to include the entire rear of the building, and an addition to the south served as a kitchen. — The following notice appeared in the Quiz: "Foote Post No. 40, G.A.R., will meet the first and third Friday evening of each Month at 7:30, M. E. Getter, commander."

Sixty Five Years Ago. — The Quiz was the possessor of a large cylinder press, a much needed addition to the equipment. — A syndicate composed of Houge, Pratt, VanSlyke and Jackson was organized to haul freight to Ord from North Loup. It did not last long, as the railrod was soon to arrive. —Frank Lloyd was fitting up the the old restaurant building on the west side of the square and making plans to open a first class bakery, confectionery and lunch room. — McCord's new opera house was to be completed in about five weeks and was to be opened by the Ord Dramatic club, a recently organized group of Ordites with Histronic ability. — There was talk of Ord's first tennis club being established. — A horseshoe (quoit) court had been laid out in the rear of the Ord City bank and Mssrs. Percival, Haldeman, Clements and Bartlett had invested in a set of regulation shoes.

MEN OF MERIT

General of the Army Dwight D. Eisenhower hardly needs election in this column as a "Man of Merit". He was so accepted some years ago through his brilliant direction of the military campaigns which brought an end to World War II in the European field of action.

My personal citation of "Ike" (now capable "Prexy" of Columbia University and an occasional summer visitor in my home state) is the result of his philosophy as a citizen, as expressed in a recent speech during which he said:

"Seemingly, somewhere along the line, we have lost some respect for mere thrift and independence". He added that in Jefferson's day a liberal believed that the best government was the least government, but that now "a liberal is a man who, in Washington, wants to play the Almighty with our money. Security, in the sense that we may live in slothful indolence and ease and stagnation can never be achieved unless we do it as slaves of someone who directs us."

There is fundamental American thinking; the kind which built the greatest Nation in history; the kind still required to keep it that way.

DEFINITIONS IN RHYME

I'd rather be PANURGIC than just a one-track clerk;
The word means what so few men are: skilled in all kinds of work.

Some of our Nation's principles, through neglect and abuse,
Are in a state of DESUETUDE—abandoned; out of use.

"You can't be too careful". A Nebraska woman removed old linoleum from a kitchen floor and used gasoline (which she shouldn't have done) as a solvent for the old adhesive still on the floor. Next she used a metal scraper. It struck a nail, causing a spark. Fortunately, the woman escaped serious injury in the resultant explosion.

Heat, not cold, caused the end of the tough dinosaurs, says Prof. Raymond Cowles of the University of California. Will not the Golden State official boosters consider this statement as rather tactless and hardly in the proper publicity pattern?

Let your spring housecleaning include a check of stair carpets or covering. To avoid an accident, see that they are securely fastened down.

FROM A READER

From John Ford, a reader in Grafton, Wis., comes a pleasant note and two verses. Here is one of them run as prose to save space:

I like to hear musicians, and especially when they play a tune that lifts my spirits up in a responsive way. I'm filled with rapt emotions as I hear their melody, because I need the spirit of a closer harmony. I often wonder what we'd do without their cheerful lay, if there were no musicians and no lively bands to play.

Thank you, Mr. Ford. Your name reminds me of another John Ford, one of three brothers of Dearborn, Mich. The other two were Bill and the famous Henry; three fine fellows whose friendship I was proud to have.

Remember: Reader's comments always welcome. Address: Jim Larkin, 757 No. Broadway, Milwaukee 2, Wis.

In the dramatic work Doneta Erington got excellent, Galene Abernethy, good.

Small Grain Good But Coming Slow

"If our moisture continues, and if we get some warm weather now, we're o.k.," said C. C. Dale, Valley county agent early this week. Mr. Dale was in an optimistic mood as the sun began to struggle through the clouds which had brought moisture to this area at a critical time.

The county agent told a Quiz reporter that he did not think the small grain planted last fall was hurt badly by drouth, but expressed concern about possible damage by frost to other small grain which has just been planted.

"Farm work is 'way behind schedule," he commented.

Alfalfa fields and pastures are just beginning to show the lovely green color which means money in the pockets to farmers. And in the towns, lawns are looking fresh and the skeletons of trees are covered with buds after their long winter sleep.

SHORT STORY HOUR

Dancing Shoes

By CHARLES DORIAN

WHILE a vast throng of theatregoers passed through the exits of the Orpheum, the beautiful blonde attraction left quietly by the stage door on the arm of her most ardent admirer, the owner of the theatre and string of others.

At the curb stood Max Berber's limousine, and just ahead of it, a taxi. Four maudlin "Collegians" having a sing-song, obstructed the entrance to Berber's car, but made way while the lady stepped in. Then suddenly three of them gave Berber the bum's rush, while the fourth clambered in beside Paula Pauleen, tap dancer extraordinary.

Max spluttered and fumed while the three kidded him. A letter was pressed into his clenching fist and his car keys were frisked from him. The taxi jumped forward, and in a moment was followed by the limousine carrying the dancer and four members of the notorious Scarlet Gang in evening clothes and top hats, still simulating drunken collegians, singing to drown out the cries of the distressed dancer.

3-Minute Fiction

In the Holland Tunnel the singsong ceased and one of the gang said to the girl:

"This is something new in kidnaps, sister. We're all jolly good fellows, members of a theatrical troupe (to the general public). But don't get us wrong. We'd rub you out as quick as any Broadway mug if you failed for a minute to join the spirit of our little game. Your big boy has just read our demands in a note left with him."

"I'll—I'll pay you," chatted the little dancer. "Please — my contract. I must dance every night."

THE CAR sped along for thirty miles and turned into a narrow road. License plates were switched and another fifty miles sped by. They stopped at a railroad village and parked the car on a side street. They changed their toppers for peak caps and entered the railroad station.

"Oh, you're the troupe from the opery house," grinned the operator. "Thought there was two girls in the party."

"One of us is a female impersonator, haw! haw!" laughed the spokesman. The operator laughed too, and began stamping the tickets. "Train's not due for thirty minutes yet," he apologized.

"O.K. brother, we'll put on a little show while we're waiting." He strode over to Paula. "Smile, sister, SMILE," he hissed, and out loud. "Come on, Sally Rand, give the gentleman your best imitation of a fan dance."

Paula was ready to faint but entered into the game by dancing a

whirling tap number that had the operator's eyes popping. Some singing followed and a bottle was passed around.

"Now, another dance," ordered the master of ceremonies.

"Just a slow one," pleaded Paula "I'm very tired."

"Oh, all right," yawned the fellow. She made a long slow stride straight to the operator and whispered "Listen!" Then she performed a painfully punctuated dance with more body undulations than footwork.

The bottle passed around again and the operator went to his key, took an order, sent one, and in a few minutes the train was in. They boarded it.

Sargo was a small city. A taxi was ready waiting for them and whisked them out into the country where they got out in front of a big house.

Every shadow exuded a police officer. Eight of them had pinioned the four "collegians" before the door opened, and two more seized the servant.

Paula promptly fainted. Two officers carried her to safety.

"This house has been under suspicion for a long time," said an officer to Paula. "When that operator's message mentioned 'Sargo' we posted a squad at the house. Here's the car now which followed their taxi from the depot."

Oh, yes, Paula's dad had been a station agent and had taught her to tap dance the Morse code.

The jungles and hills of Ceylon and India have produced one of the most beautiful of all deer, the axis deer, or chital. The name "chital" (spotted) refers to his decorative white spots.

Utilizing Pear Wastes

Conversion of the sugars in pear waste into feed yeast is a new process now being explored in the state of Washington. Normal accumulation of pear waste of factories in this state amounts to about 96,000 tons annually. Laboratory workers have developed a process for continuous fermentation of press juice from pear waste to produce feed yeast of high nutritional value, 60 pounds of dry yeast being obtained from each ton of the wet pear waste. The present handicap to commercial operation is lack of a suitable continuous press for efficient separation of pear juice from the pomace.

Army Gets 'Mechanical Cow,' Makes Better Milk Substitute

WASHINGTON. — The army came up with a mechanical cow to make a better substitute for fresh milk for overseas troops.

The army said it had found a method mechanically to recombine powdered milk with butter, oil and water.

The advantages, the army said, are that the dry ingredients may be shipped to such places as Guam, Okinawa and Korea, where fresh milk is hard to get, and may be stored there for long periods until mixed.

The new milk beverage is "highly acceptable," the army said, and resembles fresh milk more than any previous concoction. Lack of fresh milk is one of the biggest gripes of soldiers stationed in the Pacific.

Tourist Increase In Sweden Passes All Former Records

STOCKHOLM. — Never before has Sweden received as many foreign tourists as during the season just past, according to Dr. Gustaf Munthe, head of the Swedish Tourist Traffic association.

Compared with 1938, the last summer of peace, the number of Americans was three times as great, or in all some 40,000. There were 10 times as many from Norway. British tourists numbered between 30,000 and 35,0000, which is some 10,000 to 15,000 more than before the war.

A shopping bag hung on a hook in the pantry may be used as a container for folded pieces of wrapping paper, paper bags, balls of twine, and a pair of scissors. The contents of such a bag, moreover, are surprisingly useful if placed conveniently at hand.

1947 Farm Income

Returns for the first 11 months indicate that farmers in the United States during the full year of 1947 received thirty billion dollars from marketings and 340 million from government benefit payments, or a total cash income of $30,340,000,000. This was the highest income in history, and exceeded by 19.8 per cent the previous high record of $25,318,000,000 in 1946. The increase from 1946 to 1947 in farm income from marketings was primarily the result of a sharp increase in the prices of agricultural products, although an increase in the quantity marketed was also a factor. Prices in 1947, reaching the highest level ever recorded, were 19.3 per cent above the 1946 level. The quantity of farm products marketed was also the highest on record, but showed an increase of only 2.5 per cent over the 1946 volume.

Wheel-Chair Kitchen

As a first step in a program to aid an estimated five million disabled U. S. housewives, a complete kitchen that can be operated by a woman in a wheel chair has been designed, in Bridgeport, Conn.

The program is sponsored by the Institute of Rehabilitation in New York, an outgrowth of affiliation between New York university and Bellevue hospital. The institute is supported by a $250,000 grant from the Bernard Baruch committee on physical medicine and by resources from the Milbank memorial fund and other agencies. According to Dr. Howard A. Rusk, executive chairman of the institute and wartime army rehabilitation head, work in the field of rehabilitation has thus far overlooked the five million disabled housewives in the United States. Of this number Dr. Rusk asserted, "two million depend on crutches or wheelchairs. They constitute the largest occupationally disabled group in the country."

How U. S. Got Detroit

After British soldiers evacuated Fort Lernoult, July 11, 1796, the first American flag was flown over Detroit. The surrender of Detroit gave the United State the first actual ownership of a territory larger than the original 13 states. United States control of the Great Lakes, Mississippi valley and, later, all of the land to the Pacific coast was the final result of the evacuation.

Alaskan Highway

The Alaskan highway is also known as Alcan, the Alaska-Canada the international hiway and "the road." It was constructed in seven months of 1942 to supply airfields on the war-urgent flying route from the states to Alaska. Some 10,000 U. S. army engineers and 6,000 U. S. and Canadian civilian workers laid it at the average rate of eight miles a day.

Standard Roadmarkers for U. S.

Millions of American tourists will be relieved to know that standard highway markers throughout the 48 states are on the way. Not only will these simplify the motorist's job of keeping on the right road, but a reduction in accidents is expected to result. Many crackups now are attributed to confusion of drivers suddenly confronted with a hodgepodge of unfamiliar-type signs.

Sherman-Howard Baseball Play Gets Under Way

Farwell, Cushing, Scotia, and Ashton Are Winners.

The 1950 race in the Sherman-Howard league got under way Sunday with all teams playing. Good crowds turned out for these games in spite of chilly weather and the players all played on heavy diamonds, due to Saturday rains.

The best game was staged at Cushing when the local lads blanked Dannebrog, 1 to 0.

At Farwell, the home boys trailed 2 to 3 in the 9th. With two down, the Farwell lads got four safe hits in a row, to win their game in a hard-fought battle.

Scotia had little trouble in taking North Loup, 7 to 1, but this game was a real battle until the 7th as no runs were scored until that inning.

The Palmer at Ashton game was the most lopsided of all the contests, as Ashton had no trouble in handing Palmer a 9 to 0 defeat.

The line scores of the games:
Elba .....100 001 100—3-11-1
Battery, Spilinek and Pavlik.
Farwell .....000 001 102—4-13-1
Battery, Wysocki, Stefanowicz and R. Borzych.
Dannebrog ....000 000 000—0- 5-1
Battery, D. Jensen and Reimers.
Cushing .....100 000 00—1- 4 1
Battery, J. Christensen and Georing.
Scotia .....000 000 250—7- 7-3
Battery, Groetzinger, Bryson and H. Johnson.
North Loup ...000 000 001—1- 3 4
Battery, Beck, Cummins and N. Jorgensen.
Palmer .....000 000 000—0- 4-1
Battery, Verplack and Gee.
Ashton. .....036 000 00x—9-11-0
Battery, Beasley, Jakubowski and Gembala, Bydalek.

Games for Sunday, May 7—Farwell at Palmer; Ashton at Scotia; Cushing at Elba; North Loup at Dannebrog.

Scotia Opens With Win at North Loup

Scotia opened the season in the Sherman-Howard league Sunday afternoon by taking a rather easy contest from North Loup on the North Loup field by a score of 7 to one. Groetzinger for Scotia went seven innings, allowed 1 hit and no runs. Bryson finished the job, giving up 2 hits and North Loup's only score, made by Grover Jorgensen.

Beck for North Loup allowed 7 hits and 7 runs in 8 innings, and Cummins gave up no hits and no runs in the inning he worked. Beck allowed the only two bases on balls in the game. Groetzinger struck out five, Bryson one; Beck struck out four and Cummins two.

At the end of six innings North Loup had one hit and Scotia none, and neither team had scored. It was a pitchers' duel up to that point, but Beck weakened in the next two innings. Potentially the two teams are much more evenly matched than the score indicates. North Loup goes to Dannebrog next Sunday, while Scotia entertains Ashton.

N. Loup Second in Cinder Meet

Four North Loup high boys qualified for state meet which will be held in Lincoln on May 12 and 13.

Joe Babcock placed 1st in pole vault and ran in the 880 relay. Russell Kerr tied for 1st in high jump, placed 1st in shot put, placed 2nd in the high hurdles, and ran in the relay. He also placed 3rd in the low hurdles, but will not be able to enter this event in the state meet since only the first two places qualify for the state meet. Mervin Meyers placed with the relay team, which tied for 1st. He also placed 3rd in the 220. Gale Sintek was the fourth member of the relay team.

Other North Loup entrants who placed include Ronnie Goodrich who finished 5th in 880. Joe Babcock placed 3rd in the 880. Other participants who did not qualify include Darrell Fenton, Rich Hawkes, and Eugene White. Seven Class C schools were entered in the Bassett meet.

Governor Tells Plans to Pave Highway 91

Plans for paving Nebraska highway No. 91 from Scribner west to its junction with state highway No. 2 at Dunning, were outlined Friday by Gov. Val Peterson.

The governor met with representatives of the Scribner, Albion, Burwell Highway association at the state capitol.

State Engineer Fred Klietsch said that work of improving the grade and drainings on the eastern end of the highway is already underway.

The governor said that if the highway revenue program approved by the 1949 legislature is permitted to continue towns along No. 91 can expect paving within the next five years.

S. J. Oliverius of Albion, president of the association, said the improved road is needed to facilitate movement of livestock from the sand hills to Omaha market.

Self-Service Gas Stations Cut Costs

LOS ANGELES. — New Self-service gasoline stations are springing up throughout Southern California. Instead of men attendants, cute girl cashiers, some on roller skates and dressed in snappy and abbreviated costumes, take your money after you have filled your own tank.

In addition to the girls there is another attractive feature for motorists:

The price for gasoline is as much as five cents a gallon under usual prices. Some of the self-service stations advertise a saving of seven cents a quart on oil.

Borrowed from the super-market system, the new idea is spreading. Estimates indicate there are more than 35 self-service stations, and the number is growing daily.

Operators claim their products are marketed at one-third the cost to ordinary stations. Harry Rothchild, president of Rothchild Oil company, one of several independents going in strong for the idea, says his cost is 1½ cents a gallon to the normal 4½ cents, refinery to consumer.

Self-service requires a larger area as each station uses several times the normal number of gasoline pumps, to accommodate more cars. Some stations have 20 or more pumps.

Attendants are needed only to unlock the pumps and take the customer's money after he has helped himself.

Some stations have put girl attendants on roller skates. It enables them to make quick change and handle more pumps.

Determined Shopper Caches A Pair of Bargain Pajamas

MEMPHIS, TENN.—The pajama sale brought out the bargain hunters. The clerk finally wrapped the last pair on the counter and the sale was over.

Three hours later, a woman shopper handed the clerk the money for a pair of blue pajamas that had been on sale. She had left the money home when she first arrived at the store.

She calmly explained that she had hidden the pajamas under garments on another counter and returned home for the cash.

Dairy Farmers Cash in on Test-Tube Breeding of Cows

NEW BRUNSWICK, N. J.—A decade of test-tube breeding of milk cows has succeeded far beyond the hopes of the 100 pioneers.

It was just 10 years ago that New Jersey Co-operative Artificial Breeding Association Unit No. 1—first of its kind in the nation—got underway on a farm in Somerset county.

Now, a million dollars in extra income a year is being grossed by dairy farmers taking part in the project.

Enos J. Perry of the New Jersey State College of Agriculture here launched the program among 100 farmers.

He had visited Denmark where he witnessed co-operative artificial breeding.

Perry was surprised at the speed with which dairymen accepted the revolutionary idea that put the New Jersey bull in the shadow of a test tube.

The original 100 Jersey farmers have been joined by thousands more in 42 states. There were 1,500 cows enrolled in the pioneer project. Now there are 1,800,000 in the nation giving better returns to their owners because of "test tube" breeding.

Flying Police Trooper Flags Errant Pilot to "Pull Over"

PONTIAC, MICH.—Concealed by the sun's brilliance, like a traffic policeman behind a billboard, Henry A. DeLooff, state police trooper, flagged down and ticketed an errant flier.

The arrested man, Pfc. Richard J Koester, 20, on leave from the marines in Washington, paid a $30 fine to Justice Burt I. Lockwood The charge was reckless flying.

DeLooff said he watched Koester take off "like a cowboy" from the Pontiac airport. The policeman took over another plane and followed Koester 18 miles, with the rays of the sun as a shield.

He said Koester made two low dives over populated areas. After the second one DeLooff pulled up beside Koester and gave him the same signal traffic policemen use to flag motorists to a curb.

"You should have seen his face when I flew alongside him," the trooper commented.

Koester was arrested after he landed.

Short-Circuited Juke Box Sounds Its Own Fire Alarm

PHILADELPHIA. — James Fitzgerald shook his head, blinked the sleep from his eyes. He was right. The strains of "Four Leaf Clover" filled his bedroom—at 2:30 a.m.

The music was coming from the taproom - below his second-story apartment. But the taproom was closed.

He stumbled down the stairs and found smoke pouring from the taproom.

It took firemen an hour to put out the blaze in the short-circuited taproom juke box. The short circuit had set the machine in operation.

SHORT STORY

Bluebeard's Bet

By Lilliace M. Mitchell

"THEY'RE all curious," insisted Arthur Jordan. "There never lived a woman who wasn't 99-44/100 per cent curiosity. I could quote you a dozen bits of poetry proving the fact—"

"For goodness' sake, don't!" urged Clem Tate. "I'll take your word for it. Honestly. But Elsie isn't that way. I'm telling you."

"You're the kind that would never be happy with your wife asking you this and looking over mail and rooting about in your desk when you're out of the house. I know you."

"Don't speak of Elsie Lyons as 'rooting', if you please," Clem Tate said coldly. "I'll tell you what. I'll lock the office door and give her the key — since you mention Bluebeard —and then you and I will go out. I'll keep the key of the corridor door, however, and we'll come in again and sit here. I'll tell her not to use that key at all. See? Then if she is as curious as you say, she'll come bouncing in a la Mademoiselle Bluebeard or whatever her name was and we'll be sitting right inside here."

3-Minute Fiction

"O.K. with me," said Arthur Jordan. "She'll be in here and don't you forget I told you so. I'd as soon have a homelier girl and one who wasn't so careless anyhow. She's decorative but she'd forget her head if it weren't for the curls there."

Now Elsie Lyons was pretty. She knew that fact as well as anyone else. Fluffy golden hair framed a heart-shaped face with a pointed chin below a widow's peak of hair at the upper edge. Her great grey eyes turned to pansy-color at times. But looks and business efficiency do not always go hand in hand unfortunately and Elsie ran about ninety-nine and forty-four one-hundredths per cent efficiency.

"I am locking the door to the private office, Miss Lyons," said Clem Tate distinctly. "I want no one to go in there. No one. Is that clear, Miss Lyons. Here is the key."

"Certainly, Mr. Tate," she said demurely, placing the key in her desk drawer.

The two young men walked resolutely into the outer corridor and the outside door swung too gently behind them.

"Well, Bluebeard, how about it?" asked Jordan when he put the key into the door to the private office.

As the door swung open they both looked in eagerly. They heard the telephone in the outer office. Silently they sat down and Jordan gave his partner a poke in the ribs when Clem Tate looked too triumphant as the moments passed.

AT THE END of a half hour Clem Tate rose to his feet. Jordan followed him and they made their

"Certainly, Mr. Tate," she said, placing the key in her desk drawer.

way silently into the outer corridor again.

"Well, was I right, Jordan?" asked Clem.

"You win, Bluebeard—er, I mean, non-Bluebeard," said Jordan. "Say, I've got to have a breath of air after that self-imposed silence. I think maybe we both like talking a little better than we thought we did. I had a thousand things I wanted to tell you while we sat there. But as for your charming little Elsie — she's the real thing all right, all right. Never even clicked the key in the lock, did she? Or looked through the key-hole at us?"

Jordan ambled towards the elevators with a wave of his hand. Clem Tate stood an instant at the outer door and then entered the suite of offices. He hurried through to the door of the private office and tried the knob.

"Oh—" he said, "Miss Lyons, I forgot that this door is locked. Let me have the key, will you, please?"

"I—I'm sorry, Mr. Tate. But I simply can't think what I did with that key. There was a telephone call the moment you left and I looked for the key so that I could —could—er—lay the message on your desk."

"But I said not to go in."

She laughed gently. Dimples peeped in and out charmingly. She bent again and then with a sigh she murmured: "Oh! Here it is! I'm so careless!"

'Home Lighting' Demonstration Slated Friday

"Lighting in the Home" is the theme of a demonstration Friday at the Masonic hall by Mrs. Norma Edwards, district home economist of the REA.

The demonstration meeting is being sponsored by the Valley County Council of Extension Clubs, the Chamber of Commerce, and the REA, and is open to the public.

Men and women attending the meeting will learn of the principles of good home lighting and will see how the various types of electric lights are used to best advantage.

The Ord Chamber of Commerce will serve coffee and doughnuts after the meeting.

Mrs. Methe Dies in Kearney

Mrs. Eva Methe, of 2205 D, Kearney, died in a Kearney hospital Saturday after an illness of about six weeks. Her husband, Joseph Methe, died in January, 1948.

Surviving the death of their mother are nine sons, M/Sgt. Ernest of Texas, Leo of Kenesaw, Vincent and Albert of Omaha, and Armond, Jerome, Lewis, Joseph and Eugene all of Kearney, and two daughters, Miss Loretta Methe and Mrs. Mary Agnes Ripp of Kearney.

The Methe family lived in Valley county for many years before moving to Kearney about six years ago.

Attends Banquet

E. C. Leggett was in Lincoln Saturday attending the annual banquet of his fraternity, Sigma Phi Epsilon, returning to Ord Sunday. He also spent a couple of days in Omaha on business.

Legumes and Grass Seed.

With the late spring, we believe that there is plenty of time to sow grass seed, alfalfa and clovers. We still have most of these seeds in stock. It will soon be time to plant Sudan Grass, and we will have non-certified and certified Sudan seed and Sweet Sudan.

Forages.

It looks as if there will be quite a demand for forage seeds this year, especially grain sorghums. We will have in stock Early Kalo, Martin Milo for grain sorghums; and Canes of all varieties, Atlas Sorgo, Norkan, Grohoma and Kaffir Corn.

Seed Corn.

This week we will receive another truck load of Cornhusker Hybrid Corn and can furnish you with the 'Eighty 2' Series and 148. Then we have a number of very good numbers in Standard Hybrids. Come in and let us tell you about our Hybrid seed and the records that Cornhusker has made in the State tests. When it comes to results, Cornhusker is at the top of the list.

Protein Feeds.

All Protein Feeds are higher than they have been and it looks as if we will see higher prices on proteins this spring. We believe that you can save some money by buying your protein feeds now, that you will need in the next few months. So far Beefmakr has not advanced any in price but with all other feeds advancing we look for an advance in Beefmakr. It will pay you to keep a good supply of feed on hand.

Grain.

We are having higher prices on all grains the past week and as this is written you can sell your wheat on the market and get the full loan value of your wheat. Let us handle your wheat for you and we have the trucks to move it for you. Corn is not hardly high enough to take care of loans on it as yet, but we do have a good market for any corn that you want to move.

NOLL

To Hatch Walleye Eggs for Stocking

Last minute preparations are being completed at the Nebraska Game Commission's North Platte hatchery in anticipation of receipt of 3,000,000 walleye eggs from the Minnesota conservation department. The eggs are expected during the first part of May.

After receipt, it will take from one day to a week before the eggs hatch. The walleyes will then be reared and held until July when they will be stocked throughout the state as fingerlings, 2-3 inches in size.

In recent years the Commission began placing the walleyes as fingerlings, having had little success in previous years while stocking them as fry. The greatest percentage of the many walleyes found in the state today were stocked as fingerlings and released from the North Platte hatchery since 1944.

In addition to the anticipated large crop of walleyes, the Commission expects shipment soon of several million northern pike eggs from the Iowa Fish and Game Department. The rearing period is similar to that of walleyes and the stocking of the northerns will probably take place in June.

At the Gretna hatchery Superintendent Gerhard Lenz is finishing preparations to stock all fish held over from last fall. These, all fingerling in size, consist of bass, bluegill, crappie and bullheads. Catfish will soon be placed in the hatchery's spawning ponds. After spawning, eggs, will be removed from the ponds and hatched artificially.

About 300,000 trout—rainbow and brown—eggs have already hatched at the Rock Creek hatchery north of Parks. These were received from the federal hatchery and will be stocked next spring prior to the opening of the trout season.

Rock Creek hatchery Superintendent Frank Weiss is readying nine ponds for the warm spawners—bass, bluegill and crappie. Last year approximately 171,000 warm water fish were produced at the hatchery. The warm water fish are stocked during September and October as fingerlings.

Fish held over at the Valentine hatchery from last year, will be stocked soon. Superintendent Jack Mendenhall is presently preparing to stock warm water spawners—bass, bluegill and crappie—in the hatchery's 20 ponds. Fish produced from these spawners will be stocked during September and October.

Another Birthday.

Almost unheralded the Ord Quiz passed another milestone in its service to the public with the first issue in April. It is now 68 years since a young man named W. W. Haskell started the Quiz, which has not missed an issue in all that time. A man is as old as he feels and a woman is as young as she looks, but a newspaper is brand new every week.

The paper is new every week, because subscribers see and consider only the latest issue. A person of 68 is old, because he has lost his good looks, his young ideas and his ambitions. He may get around much as he always did, but there is no denying his days are few.

Unlike the newspaper, he is slipping. His future is mostly behind him. He has little to look forward to and much to look backward to with some pride, and much regret. On the other hand, the newspaper is, or should be, constantly improving, for it is forever young. The mistakes of the past are forgotten, and the public sees it as it is today.

Actually the newspaper of the old days is human. The early issues of the Quiz have lost their bright new appearance. While the stories and special features are still there to be read, they are now a couple of generations out of date. Some of those early issues have slipped a little too far and are no longer in existence. Like old people, all that is left of an old newspaper is its memories.

In the files of a well-kept newspaper we have something that we cannot have of an individual. We cannot turn back to any given time and see a person as he was then, except in a photograph. We cannot bring back the happiness and the woe of any life, except as it may have been recorded in the files itself. We see our friends as we recall them, and time always mellows and lends a certain glamor to the picture.

Newspaper files show no mercy. Mistakes made decades ago and now forgotten by the public are there just as they occurred at opens the volume. Luckily for the the time, for anybody to read who public, the writer of "When You and I were Young" has a faculty of being blind to the mistakes made by others in the early days.

The Quiz files are a matter of record, and are so recognized by most government agencies. Thus many a person has established the date of this birth, of their relationship to others, of marriage of death or of other important events by reference to the files. In most cases this is a free service to the public, and is often of great value.

The files serve another purpose, in that they give an indication of whether the paper today is an improvement over that of ten twenty, thirty or more years ago. Mistakes made in those days are plain to be seen, and the editor can use the record to avoid similar pitfalls in the future.

On the recent natal week the Quiz again followed a time-honored custom, took stock of itself, and figured plans for improvement in the future. No doubt the reader has noticed some recent improvement which came as the result of scanning the pages of the paper published a year ago.

The biggest room in the world is the room for improvement, and the Quiz is always prompt in adopting new ideas and new methods which will make an already good newspaper better than ever. The Quiz is criticized by its loving friends. They criticize because they take a personal interest in the paper and want to see it grow toward perfection.

Constructive criticism is appreciated, and it serves to prove that the Quiz is widely read by people who consider the paper a part of their everyday life, as vital to them as their meals, their work, their rest at night. To be an integral part in the lives of several thousand people is a fact to which the Quiz points with pride.

Giving due credit to the past, this paper has proof from the records that it has improved through the years, that it is better today than at any time in its 68 years of existence. Times have changed, but the Quiz has kept abreast of, and often ahead of the times. With the inspiration given by the good wishes of its army of readers, the Quiz is looking forward to a still better birthday next April.

Original Editorials.

Arch Jarrell, in his "Strictly Personal" column in the Grand Island Independent last week, told of reading the same editorial in three different newspapers, and drew the conclusion that such editorials do not represent the opinion or the policy of the newspapers that use them.

Such material is in line with a custom once quite popular and still to be found to some extent, that of graduates sending off to some outfit and buying their graduating orations or theses on various subjects. It is a method of cheating, and should not be condoned. If a writer furnishes editorials to a number of papers, they should have his credit line.

One thing is certain about the Quiz. All editorials are written especially for the Quiz, or due credit is given the writer or the source. They may not be as well written as those of men with broader experience, but they are an honest product, fairly presented. They represent the opinion and policy of the Ord Quiz and no other newspaper.

Because of the fact that the Quiz is the only newspaper published in quite a large area and covers all of Valley county and much adjoining territory, controversial issues are avoided in political matters in all columns except the editorial page and here the writers try to be fair.

In the world today, from our own back yard to all parts of the globe, events are taking place which should be mentioned editorially. The Quiz reserves the right to take up these issues, presenting the facts with emphasis on the side of the proposition it believes to be right, and at times recommending the proper course to be pursued.

This newspaper does not claim always to be right in its stand on public affairs, but any newspaper that will not take a stand through fear of being mistaken is not worthy of the name. The Quiz wil at all times strive to present its views fairly, and believes the public will accept its editorials in the spirit of fairness.

++ Something Different ++

Do you remeber Mike Revolinski, who was employed in the J. C. Penney store in Ord for a number of years? And his wife Alice, a Burwell girl, a sister of Mrs. George Anderson?

Well, their son Johnny is a young man with a different hobby, really different. He has made himself an expert at loading shells by hand, and putting guns into first class condition.

Johnny receives work from all over this country, and he does a beautiful job of shell-loading, they tell me. (I wouldn't know.) He loads shells for many expert shots and famous hunters. By special request, he has sent samples of his work to the magazine American Rifleman, and other publications, receiving letters of merit for his work.

John, now in the University of Nebraska, has accumlated more than $900 worth of shell-loading equipment, all paid for by his own work. He keeps his "shop" in the basement of his parents' home, which has been at West Point, Nebraska for several years past.

—oOo—

I looked out our new view window a few days ago just in time to see a rat creeping along the walk at the side of the house next door, evidently looking for a way to burrow in.

—oOo—

In the spring I don't like that mossy taste in the water.

—oOo—

In the spring I get the bug to move furniture around.

Moving the furniture is supposed to be a joke. But don't laugh, men. Show me a cheaper way to make the house look fresh and different!

—oOo—

Our library has a good selection of the new books. Do you look them over? And do you stop to see what magazines are available? We have a nice library in Ord, but I don't think it gets the publicity it should.

How long since you checked over their shelves?

—oOo—

Our soil in Nebraska is shifty, it doesn't stay put.

We all know this, but occasionally it is brought to our attention forcefully, as last week when a 25 foot deep ditch out in Auble's new addition caved in. Of course the cave-in was in a filled-in area, in this case.

But I happen to know that children had been playing in that ditch the night before. And a bad cave-in could easily have brought on a major tragedy in our town.

When I think back, I know I've heard about local boys and girls digging in banks of creeks, making caves in the sandy soil many a summer afternoon.

Perhaps we should worry about this before it's too late.

—oOo—

Those two big new yellow stop signs at the grade school are positively ornamental, with their flashing lights and imposing size.

As well as serving most usefully to protect youngsters of Ord from rapid highway drivers.

—oOo—

Some far-off day all highways will be carefully kept out of all towns. They will come alongside a town, but not enter it.

I think that day is greatly to be desired, for many communities it has already arrived.

—oOo—

Hurray for the vets and their plans for trap-shooting. They really get things done, don't they? And their plans nearly always seem to improve this locality, and make it a more desirable spot in which to live.

—oOo—

What do you think the census will find out about Ord?

Do you think we're bigger?

I know we've lost lots of citizens, but I feel we have gained a good many, too.

My guess is that we've made a modest gain.

Say, a hundred?

What's Cookin' Ward's Column

The electors at Scotia last Tuesday at their meeting did a good job when they chose Walter Foth for member of the Loup Basin Irrigation and Reclamation association from the area to be irrigated in the Mirdan project. That name, by the way is a combination of Mira creek and Dane creek a part of each valley being included in the setup. A man who is a success in his own business is usually a safe man to trust with the affairs of the community, the only difficulty being that often they will not accept the job. Walter's brother Will, we recall, is head of the REA setup in this area, and is doing a good job of it.

No doubt many persons came to sit in judgment of the irrigation and conservation setup at the meeting held in Scotia. Perhaps it was this reason that the county judges from Garfield, Greeley and Howard counties were present, and at least one candidate for county judge from Valley county. If the people came to be convinced, they undoubtedly were by the time the meeting was over. Not one of the speakers came across with flowery promises or gave a hope that the work would start in the near future. They were dealing with farmers who are realistic, and they laid their cards on the table, face up, for everybody to see.

There is no promise for actual work to start in this area for well over a year, but the assurance was given that the work will start, and that it will in time be carried on to completion. The day of wild promises is past and therein lies one of the hopeful signs of our generation. It is the custom of propagandists for communism to promise anything and everything to get the public to see it their way, and then, when communism wins, to renig on every promise. The people of the middle west are of the kind who are not fooled by glittering promises. They know the age of miracles is past, and that promises without anything to back them up are worthless.

Of interest was the fact that some six hundred Valley people paid for tickets to the dinner so that they could hear the facts about the project. That is a lot of people in any town, and it certainly was a crowd in Scotia, almost double the town's population. But those people rose to the occasion and put on an entertainment of which no town need be ashamed. It required a lot of work on the part of every woman in the town, and most of the men. It was a big job and they did it well, and are entitled to a world of credit.

The big crowd was divided into three parts, and different groups of ladies served their part of the dinner in different places. The Lutheran ladies served in the Recreation center, the Catholic Ladies in the Community building and the Methodist ladies in the church basement. Each group took care of about 180 persons, and the job was well done, all meals being finished in plenty of time for the start of the program in the high schol auditorium at 8 p. m. Those who have attended state conventions of various kinds are agreed that Scotia did the job as well if not better than towns ten times its size.

Much credit is due Dick Bredthauer, who had charge of arrangements and his many capable assistants. A clever and unrehearsed compliment was extended him at the high school meeting. Dick bears quite a noticeable resemblance to Governor Peterson. As Dick walked down the aisle a short time before the governor's arrival, a group of people who knew him started to applaud, and Ward Pscherer, in charge of the Scotia band on the platform, called for a salvo from the band. It was a clever compliment to a prince of goodfellows.

Incidentally, Pscherer and his music students played no small part in making the affair a success. Small groups played at each of the three eating places during the meal, and all of them were grouped in the fine band that furnished about an hour of superior music preceding the opening of the meeting, then played a special selection, while the governor and party came down the aisle, followed by the national air while the entire group stood at attention. It was an inspiring moment and put those present in the proper mood for the program that followed.

It is not often that any group is privileged to listen to so distinguished a group in one evening. Headed by Governor Peterson, there were also Congressman A. L. Miller, who flew from Washington for the meeting; Avery Batson, reclamation commissioner from Denver, Roy Lange, secretary manager of the Nebraska Reclamation association from Lincoln, and Paul Harley, area engineer from Grand Island. Paul Larsen of St. Paul, retiring head of the Loup Basin Irrigation and Reclamation association, acted as a most capable master of ceremonies, and was introduced by Banker Clarence Sixel of Scotia, president of the Scotia community club. Others who attended but had no speaking part in the program were Val Kuska, representing the Burlington, Larry Donegan of the trade association, Dan Jones, assistant chief of irrigation from Lincoln, Andy Drehus of Dannebrog, secretary of the associations, and Anders Nielsen, elected Tuesday to succeed Mr. Larsen as head of the association.

Of interest was the number of towns represented at the meeting. About half of North Loup was present, with fine delegations from Ord, Burwell, Taylor, Sargent, Comstock, Arcadia, Loup City, Ravenna, Dannebrog, St. Paul, Elba, Cotesfield, Palmer, Fullerton, Wolbach, Greeley, Spalding and Ericson. They represented an area that contributes millions of dollars in agricultural products to the wealth of the state every year, and much of this area will greatly increase its output with the coming of irrigation, which is certain to come, as Governor Peterson said, if we all keep working for it.

While attending the meeting I could not help drawing a comparison between Scotia and North Loup, to the detriment, I regret to admit, of my home town of North Loup. To begin with, Scotia is smeller than North Loup, but it has a wonderful Community Center, a fine building set in a lovely park, a building that played an essential part in entertaining one third of the visitors Tuesday. North Loup has nothing to compare with it. Both towns have Community halls, high school auditoriums, Methodist churches, which compare favorably. But North Loup has but two church groups while Scotia has three, and all three had a vital part in preparing and serving that dinner. Our hats are off to Scotia.

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how

Johnson Files for State Auditor Post

State Auditor Ray C. Johnson filed today in Lincoln for re-election.

Mr. Johnson, a republican and a native Nebraskan, has been State Auditor for the last 12 years.

In referring to his past record, Johnson declared:

"I can say with full confidence that in no state in America are the financial transactions of the public more carefully safeguarded by proper audits.

Ray C. Johnson

"I have fought constantly for modernized, efficient public record systems which will insure that public funds are strictly accounted for."

Mr. Johnson also paid tribute to all public office holders in the state for their cooperation and at the same time pointed out "auditing is essential to protect not alone the public interest but equally the interests of honest, loyal public servants."

Mr. Johnson was born at Oakland, Nebraska and was educated in Nebraska schools. He is married and has four children. At the present time he lives in Lincoln.

Prior to his election as State Auditor, Mr. Johnson was employed in the Omaha National Bank and the First National Bank at Oakland. He was an officer of the Continental National Bank in Lincoln for twelve years and had his own private investment business just before taking office in 1939.

He is a veteran of World War I and a member of the American Legion and VFW.

It was moved by Schoenstein and seconded by Huff that the claims be allowed and that the warrants be drawn on their respective funds for same. Carried.

E. R. Fafeita, a member of the Utilities board, appeared before the council and asked that the Council authorize expenditure of funds for extension of water mains to parts of the city where the board deems it necessary. Supt. Geo. H. Allen reported areas in need of extension and approximate cost of same.

The following applications for license were then read and approved: Frank Kasal Pool Hall license; J. W. Ambrose, Plumbers license and Walter Anderson, electrician's license.

Motion was made by McGinnis and seconded by Schoenstein to approve the purchase amounting up to $6,000.00 for pipe & fittings for the necessary extensions of water mains.

E. R. Fafeita read the minutes of the Utilities Board meeting as of April 25, 1950.

RESOLUTION.

Be it resolved that whereas Councilmen Armstrong, Brown and McGinnis have served on the Council for various numbers of years and have given careful and conscientious service to such position and since their terms are now up, and therefore, be it resolved that the Mayor and City Council express their appreciation and that of the City for such services and that the City Clerk send a certified copy of this resolution to each of said retiring councilmen.

The above resolution was introduced by Councilman Schoenstein who moved the adoption. Councilman Huff seconded the same. The Mayor called for the vote and reported the motion carried and the resolution adopted.

Moved by Schoenstein and seconded by Huff that the meeting adjourn. Carried.

THE Ord Quiz

"Read by 3,476 Families Every Week" — The Loup Valley Region's Big Newspaper

Established April, 1882 | THE ORD QUIZ, ORD, NEBRASKA | THURSDAY, MAY 11, 1950 | Vol. 68, No. 6

'Our Town' Played by Seniors to Capacity Crowd

Thursday Evening Performance Is Genuine Success.

Thornton Wilder's famous "Our Town" was presented Thursday evening by the senior class of Ord high school at the school auditorium.

The auditorium was crowded with spectators who saw a very difficult bit of drama produced by a very earnest group of young actors.

Stage manager Kenneth Clement handled the narration very capably. Kenneth is an orator who has won honors repeatedly in high school competition, and his efforts in "Our Town" undoubtedly highlighted the performance.

Leading roles were played by Patricia Ball as Emily Webb, Richard Heuck as George Gibbs, Genevieve Boyce as Mrs. Webb, and Paul Stoddard as Dr. Gibbs. Don Geneski, Beverly Brox, Virginia Struckman, Alvin Kapustka, Galen Allen, Jerry McMindes, Velma Foth, Wayne Gregory, Rogene Rogers, Dale Richardson, Kenneth Kirby, and Gerald Severson also were important stage characters.

Although the performance was uneven at times, there were several very well executed passages, as well. One of these came in the wedding scene, where the marriage ceremony and the comments of Velma Foth, cast as a village woman who could not refrain from making trite comments, vied for the attention of the audience. The balance and timing in that scene were something to be proud of.

Unusual and dramatic staging added to the effectiveness of the performance. An entrance into the auditorium, off-stage, lighted only by a spotlight, proved to be a top-notch attention-getter, although visibility from the downstairs seats was not perfect.

A great deal of the success of the play hinged on the careful planning and work of Rogene Rogers, student director, Clarence Lange, electrician, Carol Benn and Carolyn Kokes, advertising managers, and Delores Holmes, Joanne Kriewald, Beuna Peterson, and Joyce Pesek, ushers.

Mrs. J. A. Kovanda was director of the production, and Wm. Nelson was in charge of music.

Rain, Sunshine, Gladden Farmers' Hearts This Week

Over Inch of Rain Is Recorded Here by Weather Man.

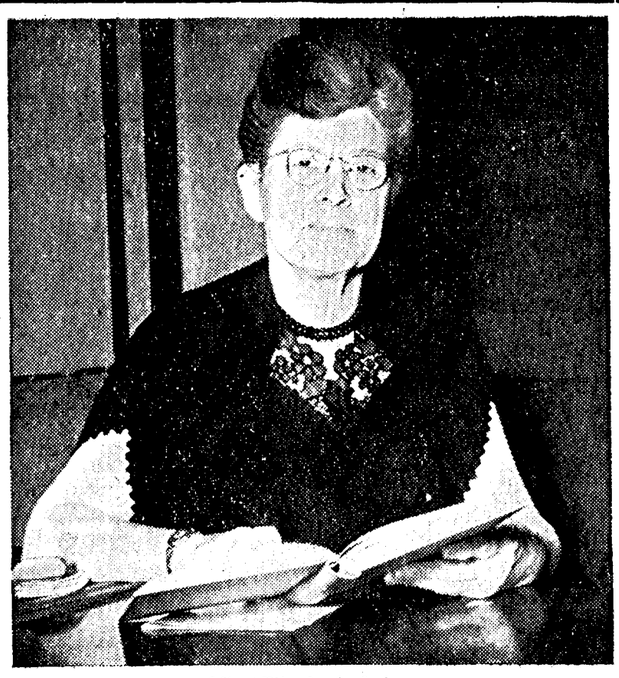
A happy sequence of rain and sunshine was the story about the weather this week. The weather man grudgingly began to give us spring weather, just when Nebraskans were beginning to think that red flannels would become a year-round garment.

Friday saw .84 in. of moisture fall, followed by .75 on Sunday and Monday. Eight hundredths of an inch was recorded on Tuesday by Horace Travis, local weather observer.

Farmers were catching up on their oft-delayed spring work and seed corn dealers reported that farmers were beginning to pick up their orders of seed.

The North Loup Irrigation District began diverting irrigation water this week to dampen fields which have been dry all winter. Meanwhile, in the eastern part of the state, people were losing their lives in floods.

Trees are still in the budding stage, and the leaves are appearing much later than normal.



Miss Elizabeth Lukes

Elizabeth Lukes Retires After Teaching 45 Years—21 in Ord

"Whereas, Elizabeth Lukes has during the past 21 years been employed as a teacher in the Ord schools, during which time she has rendered exceptional services—endeared herself to those children who have been so fortunate as to receive instruction under her—exemplified all those characteristics found in the ideal teacher . . ."

"Therefore be it resolved that this Board extend to Miss Lukes it most sincere thanks . . ."

Thus ends a successful teaching career. Miss Elizabeth Lukes, a teacher for 45 years, 21 of which have been as an instructor in the Ord schools, announced her retirement several weeks ago. The Board of Education passed a resolution, parts of which are quoted above, to thank her for the service she has given to the schools, the children, and the teaching profession.

Miss Lukes wanted to be a teacher even when a young girl. Two of her sisters also followed the teaching profession, with one sister still at work in Boise, Idaho.

Born on a Valley county farm, one of 11 children of Mr. and Mrs. Albert Lukes, Elizabeth attended school at District 29. Her advanced education was acquired at Midland, St. Paul Normal, and the University of Nebraska. She also did extension work, and in 1938 received her A. B. degree from Midland college.

She taught in various Nebraska schools before coming to Ord 21 years ago.

When asked why teaching had so much fascination for her, she replied, "It's the one thing I know whereby I can help to make the world a better place in which to live."

Miss Lukes has four principles which have guided her philosophy of teaching. First, she believes that all teachers should accept and bear the responsibility that is theirs.

Second, she feels that all of a teacher's dealings with pupils and fellow workers must be "on the level." 'Sometimes it is difficult for pupils to see eye to eye with the teacher," she explains. "Then we must be ready to back our dealings with proofs to clear their uncertain vision.

Third, Miss Lukes believes in consistency. "They (the teachers) must study the abilities of the pupils: If there is a wide range, then try to get the average and demand that they do what is expected of them."

The fourth point of Miss Lukes' creed is "Be punctual." She has lived up to this motto in a way that certainly could make her proud. "The second greatest thrill of my teaching life will come when I complete my 21 years in Ord without being late. I have eight days to go."

Her first thrill is to see definite progress in a pupil's work.

Perhaps it was complete devotion to her work that prompted the Senior class of 1947 to dedicate their annual to her. "That was a thrill, to," noted Miss Lukes. "I was overcome. I just had to go home and cry."

Her plans for life after retirement are indefinite. "I would like nothing better than a trip to Europe," she states. "Always, I have felt an urge to see the place where my parents were born." But since this is in Czechoslovakia, the Iron Curtain may be too big a barrier for her to fulfill her desire just now.

Mother's Day Court of Honor Is Slated by Boy Scout Troop

Five Lads Attain First Class Rate; Four, Merit Badges.

A Boy Scout court of honor will be held by the Ord troop on Mother's Day, May 14, Dave Watson, scoutmaster, announced late last week.

At the court of honor, five scouts will receive First Class badges, seven will attain the rank of Second Class, and four will receive merit badges.

Lewis Johnson of Columbus will be here to make the awards. He is a commissioner of the Covered Wagon Council of the Boy Scouts of America. The ceremonies will be held at the City Hall at 7:00 p. m.

Commenting on Scouting activities in Ord, Scoutmaster Watson said, "There's been progress in Scouting here since parents began to take an interest in their sons' activities. We started out with eight boys in the troop and we now have 24 on the roll."

The troop committee also told of plans for a Camporee to be held here in a few weeks. Scouts from surrounding towns are expected to attend the event, details of which will be announced later in the Quiz.

Armstrong Till Rifled; Loss $80

Duane Armstrong left his insurance office for about 10 mintues Tuesday afternoon to adjust a water damage claim at the Swopes Studio. When he returned he found that his cash drawer had been rifled and $80 in currency stolen. The thief did not bother with silver coins in the till.

Sheriff Hall was called but there were no clues to identity of the thief. Mr. Armstrong, who has insurance against all other losses, had no anti-burglary insurance.

Suit Asks Court to Set Aside New Land Appraisals

Would Enjoin County Dads from Using New Tax Valuation Setup.

The Valley county board of supervisors, together with the county clerk and county assessor, acting as the tax assessing board of the county, would be prevented from using new valuation figures, through a suit filed in district court here Thursday.

The suit, filed by Davis & Vogeltanz of Ord and R. H. Mathew of Loup City, attorneys for Joseph M. and Rose Schuele from Arcadia, seeks to enjoin the county board from using new tax value figures supplied by E. T. Wilkins & Associates.

The seven page petition also asks that all the new taxation figures be set aside and be declared null and void, that the county board repay personally to the county treasurer an amount of $16,850 charged by Wilkins for the tax appraisal, and that the assessment figures used in 1949 be reinstated.

The petition alleges that the Schueles are owners of Tax Division C in Arcadia, Nebr., and that their real estate valuation was raised from $3175 to $7180.

No date has been set for hearing on the petition, but under judicial rules the defendants (county board) must answer or plead to the court on or before June 5.

Meanwhile, the county board of equalization is continuing its hearings on protests to the new valuation. In most protests filed, the board found no cause for complaint, but of the first hundred protests discussed, set aside around twenty for rechecking and further study. A few valuations have been reduced by the board, so far, and a number of errors in transcription have been found.

At least two property owners protesting their new tax values found, upon checking, that their property was assessed lower than in previous years and hastily withdrew their protests.

Another Big Egg!

C. W. Sevenker admires the big egg which his White Rock hen, Nancy, laid last week.

The egg, 6¾ by 7 3/8 inches, is the latest effort in the unofficial competition which hens around here are holding this spring.

H. D. Leggett says that he, personally, will see to it that all eggs brought to the Quiz office will be disposed of properly.

Dies in California

Mr. and Mrs. Charles Burdick received word recently of the death, May 2, of Charles Mickelwait, 57, of Costa Mesa, Calif., formerly of Ord.

His two daughters and two sons and wife all live in California. Mrs. Mickelwait is a niece of Mrs. Burdick.

Legion Installs New Officers

Newly elected officers of Fidelity Post 38, American Legion, were formally installed at a regular meeting of the post Tuesday night. Clark Weckbach, past commander, was the installing officer.

New heads of the post here are Wm. Fafeita, commander; John Sullivan, Sr. vice-commander; Dean Misko, Jr. vice-commander and Robert Groves, adjutant.

Plans for Junior Legion baseball this summer were presented by J. W. Gilbert, team manager. The post also heard a progress report on new trap shooting grounds. One new automatic trap has been purchased jointly by the Legion and Veterans of Foreign Wars, and another given to them. The equipment will be put in a permanent installation at the Ord airport.

J. M. McDonald Store to Hold Grand Opening

No Expense Spared on Fixtures, Equipment of New Store.

Ord's newly remodeled J. M. McDonald Co. store will swing its doors open wide Friday morning to welcome all comers to its Grand Opening. Bill Darges, manager, is calling the event a "housewarming," and Ord folks can expect to receive a typical warm J. M. McDonald Co. welcome.

Everyone attending the opening event will get first look at the brand new interior of the McDonald store. The inside of the store has been completely remodeled and redesigned. Changes include new fixtures, new fluorescent lighting, and new color scheme and relocation and expansion of certain departments to provide better service.

The local McDonald store was opened here in Ord in September of 1930. Bill Darges says that in those 20 years since the store first opened, folks from Ord and vicinity have literally worn out his old store simply by coming in to make a purchase or just to visit, week after week through the years. He adds that Ord folks deserve a more modern store in which to find their needs, and that the company has spared no expense in renewing his store to provide better service in a more pleasant atmosphere to more people.

"The J. M. McDonald Co., originated in Holdrege, Nebr., in 1914, has constantly adhered to one sound principle: Everyday offering of better than ordinary quality merchandise at lower than usual prices. The company believes in selling only for cash, the lower expenses resulting in savings that are passed on to the customer," Darges said.

At the McDonald store grand opening Friday and Saturday there'll be flowers for the ladies and balloons for the kiddies. "As for the men, they'll have to be satisfied with a hearty handshake," Bill Darges adds.

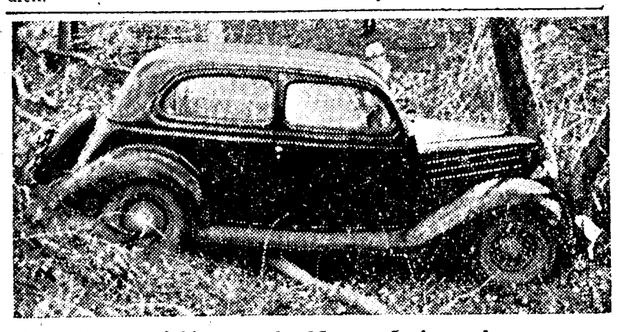
Wm. Darges has been in the J. M. McDonald Co.'s Ord store since its founding in 1930. He started as assistant manager under John Goddard who opened the first store here. Goddard was succeeded by Dwight Keyes in 1934, and in 1936, Darges became manager.

Present personnel of the store includes Maybelle Tedro, Ada Mason, Addie Ralston and Wilma Markley.

Cancer Drive Is $39 Short of Goal

The 1950 Cancer fund drive in Valley county is just $39 short of making its quota of $451, Mrs. E. R. Apking, county chairman, reported this week.

Contributions reported during the week included more than $50 from Arcadia. Solicitation is reported incomplete in North Loup and Elyria.



Car Runs Off Road, None Injured

The three occupants of this car narrowly escaped serious injury when a tie rod failed as they were returning from church Sunday morning. Mr. and Mrs. Stanley Ziola and son were in the car when it broke through a guard cable at the side of the road and plunged down a 15-foot bank, stopping when it

Water Turned Into Irrigation Ditches for Coming Season

Water began flowing through the ditches of the North Loup Valley Public Power and Irrigation district ditches yesterday (Wednesday) for the 1950 irrigation season.

Water was diverted into the Taylor-Ord canal at that time, and the District management announced that water would be turned into the Ord-North Loup and Burwell central canals in that order as soon as possible.

The sequence of seasonal operations, together with the expected demands for water in the near future were given as reasons justifying turning water into the canals at this time.

"We believe the water will be needed," Glen Beerline, manager of the district, told the Quiz, Tuesday. "We have had an extremely dry fall and winter and although the precipitation which has fallen within the last ten days has been a great help to the spring crops, it in no way has satisfied the moisture needs for the coming growing season," he added.

Farmers and irrigation workers had been kept from doing their spring work by adverse weather conditions, but the work is now well in hand.

Beerline said that the canals and laterals are in good shape to receive the water. "Barring any unforseen catastrophes, the coming irrigation season will be successful," he commented.

The work of bringing water from the North Loup River to dry fields is an intricate task. During the irrigation season, water must be kept flowing smoothly through 165 miles of canals and laterals. Heavy rains during the summer necessitate increased watchfulness to prevent breaks in the ditches.

But the work does not end with the end of the irrigation season. During the fall, winter, and spring, District construction workers are busy repairing structures, strengthening weak spots, and in general preparing for the next season.

During the winter, ice is a big threat to dam structures. When the ice in the river begins to break, early in the spring, workers must be vigilant to keep ice jams from doing damage. Dynamite is one of the big tools used to break up threatening jams and keep the ice moving down the stream.

Before water can be turned into the ditches, weeds must be burned and ditches cleared of anything which might obstruct the flow of water.

Before the construction of this irrigation system by the NLRPPI district, farmers here were helpless when rain failed to come. But now, a big step toward prosperity

Receives Summons in Irrigation District Suit

NLRPPI Is Given 20 Days to Reply to RFC Complaint.

C. W. McClellan, president of the North Loup Public Power and Irrigation District was served with a summons Monday by the federal marshal of the United States district court of Grand Island.

This is the first official notice the District has received in regard to the RFC law suit against the irrigation district for the outstanding indebtedness to the Reconstruction Finance Corporation.

The summons was presented to the board of directors of the district at their regular meeting last night (Wednesday).

Considering the court action with directors of the District, directors of the North Loup Valley Water Users Association were invited to attend the meeting and submit suggestions at a round table discussion.

The District has 20 days in which to file an answer to the complaint, brought by the RFC on April 25.

The suit, brought by the law firm of Hotz and Hotz of Omaha, asks for payment of $1,[illegible] owed to RFC by the District. It is charged in the action that nothing has been paid on the bonds of the district purchased by the RFC in April, 1947.

The District recently offered to settle the obligation for a cash sum of $125,000, but RFC rejected the offer.

Sixty-Five Will Receive Diplomas at Commencement

Traditional Class Night Will Be Award-Studded.

Class night next Tuesday evening and Commencement exercises on Wednesday will mark the end of the high school trail for 65 Ord high school seniors.

They will hear Dr. R. G. Gustavson, Chancellor of the University of Nebraska, in the feature address of the commencement program. The program is as follows:

Musical Prelude, High School Band; Processional, Band; Invocation, Rev. Eugene Olsen; Vocal solo, Don Auble; Introduction of the Speaker, Ralph Norman, secretary of the Board of Education; Address, Dr. R. G. Gustavson; Selection by Faculty Quartet (Irene Auble, Lucile Tolen, William Nelson, Rolland Moore); Presentation of Class, F. L. Stoddard; Presentation of Diplomas, Orin Kellison, President of Board of Education; "Star Spangled Banner," Band; Benediction, Rev. Eugene Olsen.

Class night will be a gay affair with the class history and prophecy, and the class will as traditional events.

Awards also will be made during the program. The Carl Raymond Gray scholarship, the Leggett Journalism scholarship, the BPW award, the Cosmopolitan award, and other scholarship awards will be made at that time.

A vocal solo by Jerry McMindes and a musical number by a senior girls' double quartet also are on the program. Master of ceremonies will be Paul Stoddard, class president, and Irene Svoboda and Kenneth Clement, co-valedictorians, will give the welcome and farewell, respectively.

Married in Ord Sunday Afternoon

Mr. and Mrs. Donald McWilliams

A candlelight wedding was solemnized Sunday afternoon, May 7, at 4:00 p. m. at the Methodist church in Ord when Miss Larietta Sperling became the bride of Donald McWilliams of Omaha. Rev. L. V. Hassell performed the double ring ceremony before an altar decorated with baskets of white carnations and greenery.

Mr. and Mrs. Ralph Sperling of North Loup are parents of the bride. Mr. McWilliams is the son of Mr. and Mrs. Dave McWilliams of 3016 Pacific St., Omaha.

The bride, given in marriage by her father, was dressed in a gown of white Japanese satin and imported lace with satin covered buttons down the back. The gown featured a lace fitted bodice with a sweetheart neckline and long sleeves trimmed with satin covered buttons to the elbows. The satin skirt featured a peplum. Her fingertip veil of French illusion fell from a sweet heart crown trimmed with pearl orange blossoms. The bride wore a pearl necklace and carried a white Bible with a white orchid with touches of lavender. Falling from the orchid were white satin streamers with split carnations at the end. She also carried a white lace handkerchief and carried out the old tradition of "something old, something new, something borrowed, something blue and a penny in her shoe."

Evelyn and Echo Sperling of Lincoln, sisters of the bride, were maid-of-honor and bridesmaid respectively. Their gowns were of lavender and nile green sheer, styled with low heart necklines, outlined with the double fold forming the offshoulder effect. They wore mitts and half hats of matching material. Changeable pearls and earrings, a gift from the bride, were worn by each. They carried a nosegay bouquet, consisting of a lavender orchid outlined with white carnations and satin streamers.

Best man was Gerald McWilliams of Omaha, brother of the bridegroom. Ray Conat of Omaha, a friend, was the attendant.

Beverly Friederichs and Delores Seiwers, close friends of the bride, lighted the candles. They were attired in yellow and green floor length dresses. Preceding the ceremony Mrs. Robert Noll, at the electric organ, played soft music. Merchon Ballard, a friend of the couple, sang "Because" and "The Lord's Prayer."

Sandra Jenkins of Omaha was flower girl. She wore a light aqua floor length with puffed sleeves and lace and ribbon around the neckline and waist. She carried a basket of white carnations.

Stevie Jenkins of Omaha, ring bearer, wore a white suit and carried the rings on a white satin pillow.

Ushers were Rodney Sperling of North Loup, brother of the bride, and Raymond Ballard of Hastings, friend of the couple.

Delores Fairbairn of Omaha, dressed in a pink floor length dress and white carnation corsage, took care of the guest book. Hazel Kirkenwitz also of Omaha was responsible for the gifts. She wore a green gown and white carnation corsage.

The bride's mother wore a purple suit with tan accessories and a lavender orchid corsage. Mrs. McWilliams was dressed in a navy blue crepe two piece dress with navy and white accessories. Her corsage was a lavender orchid.

A wedding dinner was served at the home of the bride's parents near North Loup at 6:30 p. m. for the immediate family and friends. The wedding cake baked and decorated to resemble a church centered the bridal table.

A dance was held that evening at the North Loup community hall after which the young couple left for Kansas City, Mo., to spend a few days before returning to Omaha where they are both employed.

For her going away outfit the bride chose a two-piece rayon crepe navy blue dress with navy and white accessories. She wore a necklace and earrings, a gift from the bridegroom.

On their return to Omaha, Mr. and Mrs. McWilliams will reside at 4823 Cass St.

Golden Wedding.

Sunday, May 7, Mr. and Mrs. John Kasper of Arnold, celebrated their golden wedding anniversary at the National hall in Geranium.

Their daughter Mrs. Elenora Oliva of North Platte and a daughter-in-law, Mrs. Della Kasper of Arnold were in charge of the celebration, which took place here because Mr. and Mrs. Kasper and family lived here many years ago and most of their relatives still live here.

The table centerpieces were two wedding cakes decorated in gold and white and baked by Mrs. Oliva and Mrs. Anton Vancek of Sargent. Bowls of daffodils and hyacinths adorned the table at which 92 relatives were served dinner.

Mrs. Kasper wore a yellow rose corsage and her husband wore a yellow rose boutonniere. Their sisters wore yellow carnation corsages.

The couple was presented with a light fixture by Mr. Kasper's relatives and a golden wedding anniversary picture by her relatives.

Relatives of Burwell People Die in Flood

Former residents of Burwell who still have relatives living there are victims of a flash flood in eastern Nebraska.

Mr. and Mrs. Charles Cronk and Mr. and Mrs. Warren Krause of Burwell left for Nebraska City, Tuesday night, after receiving word from Mrs. Virgil Kraus of Nebraska City that her husband, sister, Dorothy, and mother and stepbather, Mr. and Mrs. Frank Tedrick were missing in the flood.

They were on their way to Kansas to attend Mrs. Tedrick's sister's funeral when they were caught in a flood near Auburn. Their car was found, but the bodies have not been recovered.

A late phone call from the Burwell correspondent of the Quiz says that the bodies of the two older people have been sighted from an airplane and tentatively identified.

—Week end guests of Mary Lou Beran, at the home of her parents, Mr. and Mrs. Stephen Beran, were June Blincow of Oxford, Joan Stewart of York, and Ilene Johnson of North Platte. The girls all attend Kearney State Teachers colege.

Dr. F. L. Blessing performed a complete alveolectomy on Mrs. Chester Johnsen of Burwell.

George Milne of Grand Island, Jack Craft of North Loup and Melvin Whitford of Ord are medical patients of Dr. C. W. Weekes.

Sunday, May 7, Dr. C. J. Miller reduced a fractured collar bone for Ign. Piskorski.

Dr. Weekes performed minor surgery on Mrs. Chester Krebs of North Loup on May 7.

Gerald Warford is a medical patient of Dr. Miller.

Morris Kirby and Mrs. Isabelle Huff, patients ond Dr. Miller, are getting along fine.

Banquet-Prom Tuesday Featured Circus Motif

It was circus time at the high school auditorium Tuesday night. The Junior-Senior banquet and prom had all the gayety and color of the big top with the large room made into a huge tent with streamers of crepe paper.

In addition to decorations worked out in the circus theme to the last detail, the "big top" motif was carried further by having the banquet served by clowns and other circus characters. The sophomore class went into circus regalia to provide this part of the setting.

On the program were Frank Adamek who gave a brief welcome, "Circus Parade," and Paul Stoddard with "In Response." Others on the porgram were Miss Neel, Irene Auble, Joe Cupl, and Don Sorenson and Dennis Knopik.

After the meal, the banquet hall was converted into a ballroom and the prom attracted a large crowd. The "Sons of Swing" furnished music for the dancing.

—Mrs. Wm. Steen entertained her pinochle club Tuesday night.

Send Seven Ord Tracksters to State Cinder Meet

Gold Medal Events in Lincoln on Friday, Saturday.

Seven Ord high school athletes were grooming themselves for the State championship meet to be held in Lincoln, Friday afternoon and Saturday.

The seven will carry the Ord hopes of bringing home a state track championship — something which has not been done since 1941 and 1945.

The boys who will make the trip to Lincoln are those who qualified at the district Class "B" meet at Bassett last week.

Ken Collins will compete in the 100 and 220-yard dashes and will run on the relay team. Laursen is the Chanticleer representative who will run in the 880, while Paul Stoddard will carry the Red and White in the discus, low hurdles, high jump, and relay events.

Falter has earned a berth in pole vault, high jump, and broad jump competition, and Coach Dick Peterson has hopes that Falter can repeat his performance of over 5'6" in the high jump.

Maurice in the pole vault and relay, Blaha in the discus, and Hurlbert on the relay squad round out the Ord team which will enter the state meet.

Dick Peterson, Ord athletic mentor, is pessimistic about Ord chances in the meet. He points out that although Ord won the Bassett meet, the team had to be content with only one-half of one first place in any event. Ord won the meet on team strength—with consistent placings in every event.

Third in Burwell Meet.

Ord took a third place in a meet for athletes who had not qualified for the state meet. The competition was held at Burwell Tuesday afternoon.

Broken Bow walked off with first place while the Ravenna Bluejays surprised with a second place spot.

The state meet will wind up cinder activities for the year. Regardless of the outcome of Ord's delegation at the state meet, the Red and White have had a successful season. The only big problem is where to put the trophies which the team has earned this season. The trophy case in bulging at the seams.

Rev. L. V. Hassell Is Baccalaureate Speaker Sunday

The Rev. L. V. Hassell of the Methodist church will deliver the baccalaureate sermon Sunday evening at the high school auditorium. The baccalaureate services will be the first commencement week event for the 1950 Ord high school graduating class.

The baccalaureate services will begin with a processional, played by Charlene Severns. The Rev. G. E. Fogelman will give the invocation, followed by an anthem by the girls' glee club.

The Scripture reading will be given by the Rev. L. V. Hassell and the Mira Valley male quartet (Orel, Kenneth, and Harold Koelling and Harry Foth) will sing a number.

Following the sermon, the girls' glee club will sing another number and after the benediction by the Rev. Mr. Fogelman, the recessional will be played by Miss Severns.

The seniors have no activities scheduled for Monday, but Class Night will be held Tuesday, and the climax of their high school career will be Wednesday evening's commencement exercises.

Floyd Arnold Is Home from Hospital

Floyd Arnold, who works on the Ted King farm near Arcadia, returned home from the Ord hospital last Thursday.

Arnold was injured April 24 when the tractor he was driving capsized as he drove up a steep bank. One of the back wheels of the tractor pinned his right arm, mangling it badly. He was rushto the Ord hospital at once by his wife and Mr. King, and the arm was amputated between the shoulder and elbow by Dr. C. J. Miller.

His recovery was rapid and uneventful and he hopes to resume working soon.

Although very serious, the accident easily could have been fatal, and Mr. Arnold considers himself lucky to be alive.

Wall on Weekes Building Completed

A few days of warm weather this week was all that was necessary for the completion of a new brick wall on the north end of the Weekes building, formerly the brick portion of the old Milford building.

When the two story wooden portion of the old Milford building was torn down last fall, it became necessary to sheath the north side of the brick or south portion. The building, which at one time housed the REA offices and the Table Supply Grocery is now occupied by Carson's Market and the Weekes Agency.

Disastrous Sixth Wrecks Colts and Spalding Wins, 6-4

Ord Took Lead, But Errors Spell Downfall; Colts Get 8 Hits.

One disastrous inning wrecked the Ord Colts Sunday afternoon and Spalding won 6 to 4 in a game played on the Ord field before a shivering crowd of 300 spectators. A second game scheduled between Shelton and the Ord Mustangs was postponed because of the cold weather.

The Colts took an early lead Sunday when in the second Richardson singled, stole second, advanced to third when Koll walked and scored on a sacrifice bunt by Nelson. Heuck and Stoddard grounded out to end the inning.

They scored again in the fourth when, after two outs, Koll singled. Nelson was safe when the Spalding centerfielder muffed his pop fly, advancing Koll who scored on a single by Heuck. Nelson was nipped at the plate attempting to score, ending the inning.

Spalding tallied in the fifth on a hit by McManaman, who advanced to second on a fielder's choice and scored on an error by the Ord catcher. This left the count 2 to 1 in favor of the Colts.

Bud Novosad had started on the mound for Ord, being replaced in the fifth by his brother, Bill, after which Bud donned harness and took Vail's place behind the plate. In the sixth, after striking out Ringlein, Bill Novosad got into trouble by walking Whalen and Keller but the real damage began when the Ord shortstop Nelson let McCarthy's hot grounder go between his legs, Whalen scoring. Then Verlin Smith, in right field for Ord, dropped McManaman's pop fly and Spalding runners ran wild. Four more runs scored before Ord settled down and retired the side, leaving the count 6 to 2 in favor of Spalding.

After the sixth Bill Novosad was invincible. He allowed one hit in the seventh but in the eighth struck out three Spalding men in order and in the ninth struck out two, Pinch Hitter Berndt popping up to Geweke.

The Colts threatened in their half of the final frame. McCarty, who replaced Fox on the mound for Spalding at start of this inning, was wild and issued two free passes, both Ord men scoring on an error, a wild pitch and two passed balls, along with a safe blow by Collins. Geweke and Falter popped out, however, and Geneski ended Ord's hopes by swinging vainly three times to end the game. Final score was 6 to 4.

Not a single run made by either team was earned. Ord outhit Spalding 8 to 4. With exception of the flustered sixth it was a good game to watch and fans got their money's worth. Richardson and Bill Novosad led the Ord batting attack with two solid blows each. A stiff northeast wind held down the long-ball hitters. The Ord field was too wet Sunday morning to be floated and therefore was rough for the game, which was the reason for many of the errors made by both teams.

Mason City Trips Arcadia 5-2 Sunday

Mason City dumped Arcadia 5 to 2 on the Arcadia grounds Sunday in the first game of the Loup Valleys League season. The three Cox brothers of Mason City led the Mason City attack with a barrage of seven hits.

Gene Moody, rookie first baseman for Arcadia, connected for a home run with one man on in the fifth inning to provide the home team's scores. Beasley saw mound duty for Arcadia with Tuning and Waddell behind the plate. Rasmussen and Cox were the battery for the victors.

Arcadia plays Arnold at Arnold Sunday, May 14, and on May 21, plays Sargent at Arcadia.

Carson Plane Wrecked in Friday Storm at Omaha

This plane owned by Ellis Carson of Ord was a complete wreck following Friday's high winds. Tied down at the Omaha Municipal Airport where the motor was being overhauled, the plane was tossed 300 feet through the air by a gust of wind which pulled mooring gear loose from the plane's struts. Only the engine, prop and instruments were salvageable and Carson estimates his loss at $500, not covered by insurance.

Mustangs - Ansley, Colts - Belgrade, Tangle Sunday

The Ord Mustangs will open their season, weather permitting, against Ansley on the Ansley baseball field at 2:30 next Sunday afternoon. Their game against Shelton scheduled as part of a double-header here last Sunday was cancelled because of the chill weather. This postponed game will be played off as a night game on the Ord field next Wednesday evening, May 17, starting at 8:00, if weather permits.

Manager V. J. Beran's Colts play Belgrade on the Belgrade diamond this coming Sunday. To date in Mid-Nebraska day league competition the Colts have defeated Primrose 10-2 and lost to Spalding, 6-4. In these games Beran has had the services of some players who will be in Mustangs uniform Sunday, and the progress of his team without these players will be watched with interest by fans.

On Walt Douthit's traveling squad at Ansley probably will be Bill and Bud Novosad, Stanley Johnson, Dale Richardson, Bill Dugan, Dick Beran, Jim Finley, Ray Falter, Harry Vail, Bob Philbrick, Dan Dilla and two or three utility playes yet to be selected.

Leach Holds Formal Opening Saturday

The Leach Motor Co., of Ord, will hold a formal grand opening here Saturday to allow the firm to display more than a dozen new Fords it will have at that time, and provide the new owners an opportunity to get acquainted in Ord.

Coffee and doughnuts will be served at the garage, and other attractions are promised visitors. The Leach firm was formerly the Nelson Motor Co.

Rural Track, Field Meet Postponed

The rural schools track and field meet and the VFW marble tournament which had been scheduled for last Monday have been postponed one week. Miss Clara McClatchey, county superintendent, said that there is a chance that weather would be more favorable then.

As you'll remember, Monday was a wet, unpleasant day—very unfavorable for breaking any track records by the embryo Glenn Cunninghams.

The week's delay also gives marble shooters seven more days to sharpen their shooting eyes and polish their agates. Prizes of athletic equipment will be awarded to the top marbleists.

Ashton, Farwell, Lead S-H League

After the second round of play in the Sherman-Howard League Sunday, only Ashton and Farwell remain undefeated. Without a doubt, the best game Sunday was staged at Palmer when Wysocki and Verplank battled out a real pitcher's duel, with Farwell nosing out a 1 to 0 victory.

Cushing and Elba staged another good game when the home lads took Cushing, 4 to 2; North Loup had things pretty much their own way in taking Dannebrog, 11 to 3. Scotia held a 7 to 6 lead over Ashton, until the 9th inning, when Ashton went on a rampage to score 7 runs and win that game, 13 to 7. The line scores.

New Hospital in Spalding

Plans have been completed by the Dominican Sisters for building a new St. John's Sullivan Memorial hospital in Spalding according to Dr. Austin E. Mutz, local physician. The new structure to be erected on the grounds of the present hospital will contain 11 bedrooms, sunporch, drug room, nursery, isolation room, kitchen, storage rooms, X-ray suite, laboratory, emergency room near ambulance entrance, surgical suite, maternity suite (including labor room), waiting room and office. The present hospital will be converted into a convent and chapel.

The cost of the structure is estimated at $170,000 of which the federal grant will pay $90,000. Ned Murphy has been selected to head the drive for funds. This effort will add to the $30,000 already available in the hospital fund from a previous drive three years ago. It is planned to let the contract before the end of June and to complete the building this summer. Architects are Archer, Cooper and Robinson of Kansas City.

GRAINS

Wheat, corn, oats and barley have all sold at new high prices for last year's crop. If you have any surplus grain, it might pay you to take advantage of this nice upturn in prices. Get our prices and we are always able to get trucks to do your hauling if you need them.

FEEDS

Oil meals and mill feeds have had a terrific advance in the past 60 days which has been reflected in the price of mixed feeds. Now, more than ever, the cheaper feed will be the one to put on the greatest gain on the least feed. Wayne Feeds will give you greater and more economical gains in your poultry, hogs or cattle. We will have another car on track this week.

If it is ingredients you wish to purchase to mix your own feeds, we have Meat Scraps, Soybean Meal, Shorts, Bran, and Poultry Concentrates.

Cole & Walters Circus to Perform Here Wednesday

The Cole and Walters circus will stop in Ord for two performances on Wednesday, May 17, on its first tour through this part of Nebraksa in several years.

The show will be at the Valley county fairgrounds, with performances at 2 and 8 p. m.

Featured in the sawdust rings are Vici Manning and her troupe of Kentucky thoroughbreds; the Kreil Family, Europea acrobats; Miss Jeanie, contortionist; Eddie Sheeler, comedy cyclist; the Neilson Sisters, aerialists, Lucky Devere, gymnast; Madden & Stillman, wire artists; Marie Webble, equilibrist; the Van Duo, teeterboard acrobats, and the Cole & Walters prancing ponies, riding dogs and monkeys—an act especially designed for the entertainment of the kiddies.

In addition to the circus acts, Cole & Walters boasts of the largest collection of wild animals carried with any motorized circus. Headed by three herds of performing elephants, the menagerie includes a baby hippopotamus, a baby elephant, lions, tigers, pumas, bears, kangaroo, apes monkeys, zebra, llamas, and other beasts.

The circus management is inviting all children to come to the show grounds at 10 a. m. to see the animals fed and watered.

New Savings Bond Drive Begins Here Next Monday

With the Independence Drive to promote the sale of U. S. savings bonds scheduled to start Monday, May 15, C. J. Mortensen chairman of the Valley county U. S. Savings Bonds volunteer committee, said today that his committee of volunteer bond salesmen is ready for the job of raising Valley county's share of Nebraska's $11,285,000 quota.

The quota for Valley county, to be reached through E bond sales only, is $54,000.00 the chairman announced.

"This drive, dedicated to the encouragement of thrift, will urge Nebraskans to 'Save for your Independence,'" C. J. Mortensen said. He stated that Nebraskans will have an opportunity during the drive to see a replica of the original Liberty Bell, the drive's symbol, when Nebraska's Liberty Bell tours the state.

Nebraska's Advisory Committee chairman, Wade R. Martin of Omaha, will address Nebraskans in a broadcast Sunday, May 14, at 12:30 p. m., on a network of all Nebraska radio stations.

How To Become An Expert Fisherman

With National Fishing Week May 20-26, you are probably anxious to improve your fishing skill.

The old-timer will tell you that you can learn more by spending a single day with an experienced fisherman than you can in weeks by yourself.

And the same is as true in beer-retailing as in learning to fish. New dealers learn how to operate their places properly by observing the experienced, successful retailer. They learn, also, from the suggestions of the beer industry in its continuing educational program — a program for clean, wholesome places.

Spring Cleaning.

Officially the time for spring cleaning is past, but, according to the weather, it has just arrived. For this reason a reminder that the big clean-up is still to be accomplished is not out of place. The reason for cleaning up in spring especially is that the storms of winter leave a large accumulation of materials that must be hauled away if the householder wants his home to take on the appearance of spring.

This year the first day of May arrived without enough leaves being out to really count, and the grass was just starting to show green. Normally many of the fruit trees are in bloom by May 1, and this gave rise to the May Day custom of giving blossoms and other little gifts in the form of May baskets. Very few May baskets made their appearance this year, due to the disagreeable weather.

For this same reason many people have delayed their spring cleaning but will be at it in full force with the first warm and sunshiny days. Most people have five thousand square feet or more of their own to clean, to say nothing of the streets and alleys, which adjoin, and which the law requires them to keep clean.

Civic pride should urge the citizen to do this work as soon as possible, and as well as possible. No doubt all of it will be done in due time, and the city will present a much improved appearance. About the only accumulation that should be permitted is the building material stacked where improvements are being made.

There is one thing that should be done, and is well done in some towns, poorly done or entirely neglected in others, and that is the job of keeping the crosswalks clean. This can as well be done in dry weather, and will then be ready when the rain comes. Cleaning them is the job of the town, but a little assistance from the citizens is appreciated.

One thing to be noted in all the towns of this area is the fact that dust has blown into the lawns and built them up until today they are several inches higher than they were in the beginning. Thus the water drains from the lawn to the walk, instead of the reverse. About the only remedy is either to cut the lawn down lower or build the walk higher.

Business in Nebraska.

Everybody will not agree, but it is a fact, soon to be proven by statistics, that Nebraska is enjoying a period of good business. This is largely due to the fact that the state is run on a business basis. The men in charge of the various departments of the state may not always be right in what they do, but they have a definite objective, a plan well worked out, a plan that will continue to safeguard the state through the years.

These plans have their faults, but no plan is perfect, and any plan is better than no plan at all. Compared with national affairs, the state and its business is on a sound financial footing. The people know where they are, and resources far outweigh liabilities. It has never been the policy of the state to spend and keep on spending, and its program is diametrically opposed to that of the federal government.

Nebraska and its legislators and executives have been criticized both from without and from within for their failure to put into action some type of sales tax or other tax to lighten the burden of other taxes and to furnish more money for needed improvements. Some of these criticisms have had foundation in fact, but it is true that the state today stands at the head of the class in general financial condition.

It is true that we need more money for schools, more money for roads, more money for a dozen other departments. But we should not lose sight of the fact that other states face the same needs. The educational problem will begin to adjust itself when the people begin to use the redistricting law with respect to districts. If the law is properly used, in a few years the expense of education should be cut in half.

The road problem is serious, and will continue to be serious for a long time to come. If the public, especially the young people, will spend more time working and less running around at night, a lot of unnecessary travel will be taken off the highways, and a lot of needed work will be done. There has been too much talk about the eight hour day and the 40 hour week, and too little about getting the job done.

Nebraskans have much to be thankful for. In an era when strikes are becoming the rule, rather than the exception, very few of these work stoppages have occurred within the state, and the effect of strikes is felt only indirectly. For example, the coal strike of last winter caused a shortage of fuel in some localities, but it caused a stoppage of miners' pay in the states where coal is mined.

Perhaps Nebraska is lucky in having no mineral wealth and a comparatively small amount of manufacturing, for it is in these two lines of endeavor that most strikes occur, strikes that have a nation wide effect. Nebraska is, and always will be, an agricultural state where crops and animal husbandry are its chief sources of wealth. The farmers represent the highest type of citizenry.

Most Nebraska manufactures are directly related to farming, and first among these is meat processing, which will always hold an important place in the state's economy. The commerce of the state consists largely of carrying the products of the farm to market and bring back the materials that the farmer needs.

Thus we find all lines of endeavor in Nebraska depend largely on its agricultural strength, and state's high standing among the states of the nation can be traced to this fact and to the fact that the citizens of the state are in facor of a "pay as you go" system. It is only in a state such as ours that the system of free enterprise has a full opportunity to develop.

Here labor and political bosses do not wield the power of life and death over their group as they do in many of the manufacturing states. Except occasionally our citizens are not subject to the whim of labor leaders who call strikes for a large variety of reasons, some worthy and some absolutely senseless.

The "White Spot" may be clouded a little, but it is still the whitest spot in the nation. With all is fauls, and there are many, Nebraska is still the best state in which to live. When future historians write of us, in case the onward march of totalitarianism is not stopped, we will be known as the last stronghold of democracy.

What's Cookin' Ward's Column

Ten years ago the country was just getting over a long list of those gems of wisdom, "Confucius Say:" Everywhere you went somebody would pull a new one, and some of the things the great Sage of China was accused of saying would cause him to blush with shame if he knew about them. In fact Confucius was accused of saying a number of things about customs that did not come into being until several hundred years after he had died.

What I am wondering about now is just what Confucius would say if he could come back today and find his beloved China under communists' domination and the better educated Chinese being killed off by the thousands for not being in favor of the idea. One fact is apparent. The China of a few months ago, before the Communists came, is little different from the China that built the great wall to keep out the barbarians from the north.

It is too bad that they were unable to build a political Chinese wall to keep out the Communist idea. This would have been far more practical than the Chinese wall was in its day. It is too late for that now, but the China of a thousand years from now will differ little from the China of two thousand years ago. The Chinese are philosophers, and there is something in their nature that prevents them from being changed by the whims of human nature.

Many of the Chinese of today have adopted modern dress, and to a certain extent, modern customs. But, even in Hawaii, where they have had more opportunity to adopt new customs, they still eat the same type of food which has been eaten by Chinese since the beginning of time. They apparently adopt the Christian religion, both Protestant and Catholic, but back in their minds the age old worship of ancestors still persists. The vicissitudes of political life have little effect on such a people. They are born into this world, go through it much as their forefathers did, die and are buried with ceremonies centuries old. Communism will have little or no effect on the Chinese way of life.

I went to Grand Island May 2, and that reminded me of the first trip I took to the Third City on my own, forty-seven years ago about this same time of the year. I do not seem to recall the reasons for my being there at that time, but it had something to do with old Ord High. I believe I was there to take part in a declamatory or spelling contest, or something of that sort. I had on my best clothes which were not as fancy as the young people of the city sported, and they took occasion to pull the "Hayseed Razz" on me.

Being self-conscious anyway, I bitterly resented it, but could do nothing about it, as I was one against many, and, like all hicks, I was very much afraid of the police. It had a most decided effect on my feelings toward the city that would permit such hazings, and I have never gotten entirely over it. Even today I find myself lining up against Grand Island in any kind of events, especially school activities, and nothing affords me more satisfaction than to see the sons and grandsons of the men who taunted me then meet defeat at the hands of some smaller school or town.

Today I like Hastings, Kearney, North Platte or Fremont much better than I do Grand Island, although I realize that G. I. is the better business town. What occurs to me is this: what school students do has more effect on those of other schools than they realize, and they should be very careful to make this impression favorable. They say Grand Island students have been taught better manners in recent years, but they certainly lacked a lot of being perfect in the early days.

That was not the first time I recall being in Grand Island, however. The first time I was with my father and mother, and we were going to Kearney to a GAR reunion being held there. I think that was during the summer of 1889, and the delegates were furnished with tents and cooked their own food at camp fires. They fired the cannon at sunrise and sunset, and that scared me. On the way home from an evening meeting we passed a campfire, where some negroes were cooking their supper. I asked what it was and my father said: "That is a cannon." I backed away in fright, caught my heel and sat down in the hot ashes of another campfire. I doubt if I'll ever forget THAT trip.

A few years later the same group went through Grand Island on our way to visit relatives in Iowa and Illinois, but I was more used to it then and do not remember much about that trip. My early recollections are of the Union Pacific and that famous team of early days, Conductor John Ratcliff and Brakeman Levi Hamilton. Ratcliff was a big man with a full reddish-brown beard and a very accommodating nature. Any favor he could do any of the passengers without breaking regulations he was always glad to do.

But Hamilton was doubtless the best remembered of the two, and many a reader will recall that he was a man about six tall, rather slightly built, and with a noticeable limp. He made it a point to see that everybody got off where they should, and with all the baggage that belonged to them. When the train approached St. Paul he had a special announcement which he always made, and everybody could understand every word he said: "St. Paul. Change cars for Dannebrog, Boelus, Ravenna, Poole and Pleasanton. Do not forget your packages."

On the trip it occurred to me that perhaps we were crossing the trail followed by Peter Mortensen when he made the trip to Grand Island on foot, with his plow shares, to get them sharpened to turn some of the virgin sod on his farm north of Ord. Nobody now living could tell just where that trail led. In all probability Grand Island was little, if any, bigger than Ord in those days. He took at least two days down and two days back, perhaps three days each way. Now it is nothing unusual for a driver to make the trip in an hour either way. On the other hand, there are few, if any, who would even attempt to walk the distance today.

Today there are two general hospitals in Grand Island and a new veterans hospital about to open for business. Back in the early days there was a large number of GAR veterans. I wonder what they did for hospitals. Some of them drew no pension at all, others for small amounts about $8 a month up. Finally all of them were given at least $30 per month, and toward the last this was raised to $50 per month. Times have certainly changed a lot.

One business place in Grand Island I usually plan to visit every time I go there, and that is H. J. Bartenbach's. They have a record of faithful service to the public, carry a line of goods I am always interested in, and, last and most important, they have the year "1882" on the front of their building. So they started out the same year the First National Bank of Ord, the Ord Quiz, the American Federation of Labor and Yours truly did.

It was the first time this spring that I had traveled over the lower part of Highway 11, and it is like everybody said it is, only worse. Roughly it takes any vehicle about half an hour longer to make the trip now than it would if the highway were in good condition. There are dozens of places where the car might jump clear off the road if the driver did not slow down.

On the way home, about supper time, there were large numbers of tractors on the highway. Most of them were traveling only a short distance, it is true. But they travel slower than the average auto, which means a lot of passing, all of which is dangerous. None of the tractors carries a number, as no number is required, and some of them are manned by boys who are not old enough to obtain a driver's license. The time is near at hand when some solution of the tractor on highway problem will have to be worked out for the safety of all concerned.

++ Something Different ++

As a parent, as a taxpayer and as a member of the park board I am plenty burned.

I don't approve of vandalism. I don't approve of breaking up benches and apparatus at the city park. It all costs money, and long hours of hard work. Bud sweats many a winter hour so that picnickers may sit at ease next summer.

So I don't think much of having the big concrete benches thrown in the creek and broken all to pieces. They probably would cost $40 or $50 each, if we had to buy them; if Bud Shirley did not make them.

It is only youthful spirits, true enough.

But I'm all for catching the culprits and letting them work a week or two for the breakage they have caused.

Smashing up the golf-ball-washer, for example.

oOo

I keep telling you, we're lucky to have such a lovely park. What other small city has one to match Ord's? Go visiting, you'll find ours is a rare jewel, and we should treasure it.

oOo

Over in Iowa I see they have a city which features a "Skip Day," and now I want us to do the same! Meaning, this small city invites neighboring towns for a radius of 200 miles or more, to let their seniors skip out on a certain "skip day." AND invites these 2,000 or more seniors to come over! AND puts the town at their disposal for the day!

There are free movies, banquets, speeches by some famous persons, contests, programs and dances, all for the young visitors. The seniors usually come in chartered buses, romp and celebrate all day, have a wonderful time and go home tired but mighty happy.

Let us do that for our neighbors, beginning next year.

oOo

Ord is thrilled to hear of the tapping of Ted Randolph for treasurer of Innocents', men's honor society for outstanding seniors at the University of Nebraska. (We also hear Ted was unavailable, so his mother, Mrs. Roy Randolph, was officially tapped in his stead!)

oOo

Ted has been doing some splendid work on the Daily Nebraskan, university news sheet, and he likes it so much he thinks of it now as an inviting career.

oOo

Honestly, remodelling is the queerest! After an intermission of some weeks, we are at it again. This time it is cement steps and walks, and lawns we're having made.

You can't tell, when you pop through a door, whether you're going to sink up to your neck in cement . . . or in mud! (Weatherman, please note).

We hope this will be the final working-over at our house, so we can quit dressing behind doors!

oOo

There are those who've been at it longer than we have and I could name the Edward Johnsons, in this connection. It must be something near a year since they began to tear up their little home, and live according to "where the carpenters are working."

But they're fixing it mighty nice.

oOo

Presbyterian men have been spending a few recent evenings putting wallboard in the manse, and making other improvements in preparation for the arrival of their new minister.

Spring is inspiring many improvements, as it always does. And would inspire a good many more, if The Weatherman would only cooperate.

Pity the poor housewives, dying to spring-clean!

oOo

I had to laugh, Monday, on hearing that some one stated he thought the weatherman must be a republican!

That rainy, miserable day was the day President Truman favored our state with a quick crossing, you'll recall.

President Truman is reputed to be a democrat, remember?

M & O Discontinues Passenger Service

Blair will soon be without passenger train service for the first time in 80 years, mourns the Blair Pilot-Tribune.

The state Railway Commission has granted the Chicago, St. Paul, Minneapolis and Omaha railroad permission to discontinue trains 9 and 10, running between Omaha and South Sioux City.

O'Neill Will Have Mail Delivery Soon

In the face of drastic slashes in postal service, O'Neill won its request for door-to-door delivery of mail last week.

The request was sponsored by several civic groups in O'Neill who based their plea for house delivery on the fact that many towns smaller than O'Neill are served by the familiar figure in gray with the leather pouch swinging from his shoulder.

HERE'S HOW TO SAVE

. . . on your Meat Bill

Every housewife must plan her meals to match her budget—and it sometimes seems that only a magician could do the trick.

But common sense is far more effective than all the dark secrets and mysteries of black magic.

So when shopping, follow these reliable rules:

1. Buy where you are assured of honest weight, fresh meats and reliable service.
2. Buy meat that has been well-trimmed so there is little waste in cooking.
3. Keep your eye on QUALITY as well as on PRICE.

DOGGONE IT!

Here I go and train myself for years, to continue my Ma's swell studio in your home town, guarantee you the finest work in this part of the state and at swell prices and what happens!

YEAH! WHAT HAPPENS!

A guy you never saw before, because he's from another town, "bangs on your door," displays his teeth and asks you how your baby is. You drag him in and he says he'd LOVE to photograph the child. So you pay him SOME MONEY and he shoots. You pay SOME MORE MONEY and get the proofs. Then you pay SOME MORE MONEY and get the finished pictures. You get them just like getting married - - - for better or for worse. 'Course he doesn't care about that. He's from another town and you won't see him again unless he forgot his hat or something. Tch! Tch!

THAT'S A SHAME!

Best Fishing in State at Lake McConaughy

Lincoln, Nebr.—Huge McConaughy reservoir, probably the states's No. 1 fishing water, is included in this week's tabulation of county-by-county fishing grounds prepared by the Nebraska Game Commission to acquaint all Nebraskans with the numerous fishing bodies found in the state.

McConaughy reservoir, which reaches 120 to 130 feet in depth in several spots, is inhabited by most species of fish found in Nebraska. It is particularly outstanding for its northern pike, trout, crappie, white bass, walleye and bluegill.

The following list gives the names of the major fishing waters found in the counties plus the predominant species of fish inhabiting each of the waters:

Hall—Pier Lake at Grand Island; bass, bluegill, crappie, bullheads, walleye, catfish; Platte River and bayous—catfish, bullheads, sunfish; South Loup River—catfish, bullheads, sunfish.

Hamilton—West Blue River; catfish, bullheads, crappie; Lincoln Creek—bullheads, catfish; Platte River and bayous—catfish, bass, bluegill, crappie, bullheads.

Holt—Clearwater Creek: catfish, bullheads, sunfish; Dora Lake at Stuart—bullheads, bass, bluegill, crappie; Eagle Creek—trout, bullheads; Elkhorn river and cutoffs—catfish, bass, bullheads, crappie, carp, pickerel; Goose Lake (State) at Bliss—bass, bluegill bullheads, crappie; O'Donnell Iake—bass, blugill, bullheads, crappie; Steey Creek—trout; Swan Lake south of Atkinson—bass, bluegill, bullheads, crappie, northern pike; Verdigre Creeks—trout; Cedar Creek—bullheads, carp; South fork of Elkhorn River—catfish, bullheads, sunfish, pickerel; Redbird Creek—Bullheads, sunfish, trout Niobrara River—catfish, bullheads, carp.

Hooker: Dismal River—trout, catfish; Middle Loup River—catfish, rock bass, bullheads.

Howard: South, Middle, North Loup Rivers—catfish, bullheads, carp; Oak Creek—bullheads, carp.

Keith: Keystone Dam—trout, bass, catfish, crappie, perch; Ogallala Lake—trout, bass, catfish, crappie, perch; McConaughy—northern pike, walleye, trout, catfish, white bass, crappie, bluegill, bullheads; Lonergin Creek—trout; Otter Creek—trout; White Tail Creek—trout; North Platte and South Platte Rivers—catfish, bullheads, walleye, crappie.

Birthday Dinner.

In honor of her husband's birthday which was last Sunday Mrs. George Nass had a surprise birthday dinner and party at their home. Those present were Mr. and Mrs. Curtis Gudmundsen and family of Ord, Mr. and Mrs. Harvey Barr, Mrs. Grace Jensen and family, Bennie Jensen, Mr. and Mrs. Stanley Johnson and son, Mr. and Mrs. George Jensen, all of North Loup and Matilda Sorenson and Hulda Nass. The birthday dinner was served at noon and the afternoon was spent visiting. Part of the group attended the Baptist church services in the evening.

Rebekah Notes.

Arcadia boasted the largest delegation, 24 members, at the 40th Annual session of Rebekah Lodges of District 32 which was held at Rockville, April 26, 1950. Delegates from Sargent, Comstock, Loup City, Rockville, and Dannebrog were also in attendance.

Guest speaker of the afternoon and evening sessions was Sister Zella Rosenberg, President of Rebekah Assembly of Nebraska. Sister Rosenberg held a school of instruction in the afternoon and in the evening gave a very inspirational lecture on 'Let's Be Builders.'

Marcella McDonald, a contestant in 6, won first place in Secret work. Six others received Certificates of merit. A lovely banquet was served by the ladies of the Community Aid at Rockville to 102 ladies. During the meetings very impressive and beautiful work was given in draping the Charter by Loup City, Memorial by Dannebrog, Seating of District officers by Rockville and the Initiatory Degree work by Arcadia. Sister Rosenberg complimented Arcadia highly on their work. The annual meeting for 1951 is to be held at Loup City.

Hayes Creek Club.

Mrs. Ethel Staley of St. Louis, Mo., Mrs. Elmer Wibbels, Mrs. Ruth Masters and Mrs. Fred Christensen as vistors and fifteen members and six children met at the home of Mrs. Gerald Wibbels for club on Wednesday, May 1. Assisting hostesses were Mrs. Otis Gartside and Mrs. Ray Lutz. Mrs. Carol Lutz was leader, roll call was answered by garden hints and poultry hints or questions which created an interesting discussion. It was voted that as a project for the year the club would make toys for the children in the Nebraska Children's home. A letter of thanks was read from the Nebraska Children's home for the case of eggs sent at Easter. The next meeting will be at the home of Mrs. Carroll Lutz. A lunch was served by the hostesses.

Auxiliary.

The ladies of the Legion Auxiliary met on Monday, May 8, for their regular meeting with Mrs. Harold Elliott and Mrs. Norris as hostesses. Plans for making posters for Poppy Day which will be May 27th in Arcadia were discussed, also plans for the Memorial Day service. The next meeting is to be a special Memorial service for the members of the Auxiliary who died during the past year.

The Auxiliary urges everyone to wear a Poppy May 27, the disabled veterans who make the poppies are the only persons paid for their work in the American Legion Auxiliary's poppy program. The women who distribute the poppies are unpaid volunteers. Contributions received go entirely to needy veterans and their families through the Rehabilitation and Child Welfare programs of the Legion and Auxiliary.

George Milne Hospitalized.

George Milne, Grand Island, was visiting his uncle, George Hoke, Sunday and accompanied the Krebs to Ord, while visiting in the hospital he was stricken with a heart attack. It was found necessary to keep him under a doctors care. George is very well known here and at Ord.

Scotia Electric Moves.

The Scotia Electric, owned and operated by Melvin Lund and Dale Pederson, moved from back of the hotel to the building being vacated by the Loup Valley Propane. The boys will handle electric stoves, all electric appliances, light fixtures and will continue to do wiring of all kinds.

They will also handle bottle gas, formerly carried by the Propane Co. Besides the owners, they employ four men, Jack Maddox, Bob Lange, Harold Keep and Marvin Steffan.

Mrs. Krebs in Hospital.

It seems that bad luck follows Mrs. C. A. Krebs, kindergarten teacher, this spring. She had planned a program for the grades and mothers of her pupils for Mothers' Day, to be given last Friday. It was postponed because of inclement weather, until Monday.

Sunday, she was taken to Ord and there it was found she had an infected thumb, so she was put to bed and a minor operation performed which required her to stay in the hospital.

Her husband, Chet Krebs was a busy man Sunday night and Monday morning, calling all interested people — this time, "no future date."

Mr. and Mrs. Ed Reeves and family of Kearney spent Saturday at the John Hansen home. Mrs. Reeves is the former Hattie Hansen.

Dwight Moody, his daughter Mary, and son Bob, and Reatha Ackles of Ord were visitors Sunday at Holdrege, visiting Jerry Moody, who is employed as a meat cutter by Safeway.

Junior-Senior Banquet

Seventy-seven students and teachers attended the banquet given by the Juniors, Thursday night at the recreation hall. "Winter Wonderland" was the decorating theme and was beautifully carried out, even to the game room.

The banquet was prepared by the Catholic ladies and served by eight sophomore students.

Each of the girls and teachers were given corsages and the boys wore boutonnieres. After the banquet at which Buddy Hanzel was master of ceremonies, they enjoyed a formal prom.

Ladies Council Meets.

Sixty-five delegates from this area attended the council meeting, held at Sargent, Thursday. Mrs. Freda Cain is president of this group, Mrs. J. M. Bryson is secretary, and Mrs. Rose Dooley of Greeley is treasurer. Besides these ladies, others attending from near here were Mrs. Frank Noonan and daughter, Rosemary, Scotia; Mr. and Mrs. Merrill McClellan, North Loup; Mrs. Sara Gogin, Redland, Calif.; Mrs. Jesse Scott, Miss Ryan, Mrs. Ed Fransen, Mrs. Ernie Ondracek and Mrs. Anthony Scott of Greeley. Mrs. Glassmaker of Spalding was on the program.

Father Keating of the Cathedral Parish in Grand Island gave a book review on, "You Can Change the World," by Father Keller.

The musical numbers were given by the Sargent ladies.

Others attending were from Ord, Elyria and Burwell.

Roy Cummings is in a Naval hospital in California undergoing surgery. Roy, son of Mr. and Mrs. Mrs. Mont Cummings, graduated from Scotia high school in 1949 and enlisted in the Marine Corps in June of that year. He writes his parents that he plans to be home June 1.

Mrs. Harrison Beck entertained at a dinner Wednesday evening in honor of her birthday. Her mother Mrs. Art Lange and Margaret Lange of Ord were guests, also Mr. and Mrs. Ted Tuma of Grand Island, Mr .and Mrs. Wilber Leth and family of Cotesfield and Mr. and Mrs. John Beck and Marilyn the small daughter of Mr. and Mrs. Harrison Beck, who makes her home with her grandparents, the John Becks.

Grand Opening

Saturday, May 13

Our Garage in Ord has been completely redecorated -- Our promised Shipment of 1950 Fords Is Here -- Our Sales and Service Staff Is Complete. So, Saturday we're serving Free Coffee and Donuts to Everyone, and we're inviting all of you to stop in, see the New Fords, and Enjoy yourself. Hubert Leach.

Sales Department

We'd like to show you the New FORD in your future —and we'll have all the models of the 50-ways-new Ford to show you Saturday.

There will be three of us on deck at all times to show you new cars. In our sales department we have:

Hubert Leach

Hubert Leach, Jr.

Gene 'Buzz' Bonsall

all of whom are ready and eager to serve you, and who will be delighted to give you a test ride in a new Ford.

And, with all the new Fords we are delivering, we're going to have a choice assortment of used cars, too. The list is too long to print here, but if you're in the market for a good used car, we're just about sure to have the make and model you wish.

We repeat—we want to get acquainted with you—and show you the Ford in your future!

Genuine FORD Parts

One thing you can be sure of—when you get your Ford serviced by the Leach Motor Co., you will get genuine Ford parts.

Our parts department, and general sales of accessories, are handled by

Harold Philbrick

who has been associated with Fords since he was discharged from the Army. A former mechanic, he knows automobiles from the ground up, and he'll give you prompt service on parts at any time.

We maintain an unusually large stock of parts, because we take care of the parts needs of other dealers besides ourselves.

Repairs & Service

We really feel pleased to tell you that our repair and service department is headed by Cliff Carver, a veteran Ford repairman, who knows automobiles from bumper to bumper. Many of you know him, and his reputation, through work in garages in Arcadia and Burwell. Here's the lineup on our service department:

Cliff Carver, Foreman

Leslie Reed

Verlin Smith

Duane Meyer

These four men make a repair and service department that we'll stack up against any in the country. When you bring your car here for overhauls, repairs or service, you can be sure that the job will be done right, done quickly, and done economically. Every job is guaranteed.

No job is too big or too little for them to do— and they will be genuinely glad to see you.

THE Ord Quiz

The Loup Valley Region's Big Newspaper — "Read by 3,476 Families Every Week"

Established April, 1882 — THE ORD QUIZ, ORD, NEBRASKA — THURSDAY, MAY 11, 1950 — Vol. 68, No. 6

When You and I Were Young

Ten Years Ago—Charles Marks, Ericson, and John and Harvey Welch of Neligh were drowned at night in Lake Ericson when the boat in which they were riding upset. Charles Sawyer of Ericson swam ashore and spread the alarm. — Floyd Goff, son of Mr. and Mrs. Clifford Goff, of Burwell was buried in a cavein, and rescued by his father after his brother had brought help to him. —The Clyde Baker home in Ord was set on fire by a stroke of lightning and the owner extinguished the flames after some damage had been done. — Ord citizens conducted a dawn-to-dusk Boy Scout campaign. — The Presbyterians held a district presbyterial in Ord. — Ord Rotarians reviewed the fact that they had been established as a club for 15 years. —The Ord Electric Light and Power company showed a profit of more than 21 thousand dollars for 1939. — James H. Whiting and Ben Arnold were taken by death. A power agreement was signed and irrigation was assured for 1940.

Twenty Years Ago. — Irl D. Tolen, head of the Ord Linotype school, was elected president of the Ord Rotary club. — Graveling on the highway between North Loup and Scotia was to start soon, according to supervisior V. W. Robbins. — Workmen were busy putting a new roof on the Milligan garage on north 15th street. — Dr. C. W. Weekes and daughter were caught in a tornado near Belgrade but escaped without injury.— The Ord high school band went to the state music contest at Hastings and failed to place because of improper instrumentation. — James Milliken and Charlotte Moorman were the best spellers in Valley county and were to compete at the state fair. —Ord, Arcadia and Burwell girls joined in a playday at Bussell park.—The county extension clubs met at Ord for Achievement day, with about 400 being present. — Joe Krejci, Ord coach, was listed in "Who's Who in Sport."—According to the announcement made by H. G. Webbert of Kearney, Ord had a population of 2226. About time to know what it is today.

Thirty Years Ago. — The Progressives named Arthur G. Wray, mayor of York, as their candidate for governor of Nebraska. — W. J. Bryan loomed as a prominent figure in San Francisco, and it looked as though he might be the democratic standard bearer for the fourth time. — The Farmers Grain and Supply company of Ord, with 650 members, was listed as the largest cooperative store in Nebraska. —Mr. and Mrs. Charles Bals departed on a trip to Belgium, where they planned to spend six months visiting. — The Will Athey family had completed plans to move to California. — Incomplete returns from California showed that Hiram Johnson had won by more than 100,000 votes over Herbert Hoover on the preferential presidential ballot.—The play, "Believe Me, Zantippe" put on by the junior class of the Ord high school, was a great success, with John P. Misko, Herschel McGrew, Mike Kosmata, Edgar Roe, Joe Dworak, Helen Bartlett, Evelyn Alvord and Pearl Ward in leading roles.

Forty Years Ago. — Miss Dora Johnson of St. Paul and Raymond Auble of Ord were married at the home of the bride's parents on April 27. — D. B. Smith and one of his daughters had an upset on the Brickner hill which resulted in damage to the car and bruises for the occupants. — Dr. George R. Gard was planning to move his dental offices to the new Firkins building as soon as it was ready for occupancy. — Housing conditions in Ord were such that it was almost impossible for anybody to find a place to live in. This story repeats itself.—Plans were drawn up and construction was expected to start on the new Odd Fellows building on the east side of the square. The building was never built, but the old building was later remodeled. — Mrs. H. G. Westburg was busy denying rumors that she had dropped dead. After forty years she is still very much alive. — Ord was to have a new gents furnishing store, to be opened in the new Firkins building about July 1st by Gamble and Perryman, dealers in gents furnishings. — Cornell Bros. received the first "Flanders 20" car ever seen in Valley county. Later they sold a number of them, but they are now out of production.

Fifty Years Ago— W. W. Haskell had a notice in the Quiz to the effect that he would be gone about 60 days and that W. C. Parsons would be looking after the financial end of the paper during his absence. — Some Ord duck shooters went hunting on the J. V. Johnson meadows and shot one of his cows. Duck shooting in spring was then permitted. — The Ord baseball boys met and decided not to put a team in the field for the 1900 season. — A Quiz correspondent took a ride in the country and saw a man who was busy husking corn on the 5th day of May.— That could have been done in 1950 also. — A tennis club was organized in Ord with Ota Bailey as president and Horace M. Davis as secretary. — Dr. George Gard, who had not as yet completed his dental studies, secured permission from the state board to practice until the opening of school in the fall, and opened an office in Westberg's Studio. — The Ord Journal had issued a telephone card with all the latest names on it and was selling for 5c each. Wish we could buy one of them.—

Sixty Years Ago. — A 12½ pound boy was born to Mr. and Mrs. Andrew Widstrand, which was quite a record for size. — A petition was being circulated and generally signed to vote $16,000 in bonds for the erection of two new school buildings, one in the second ward and one in the third ward. The school they had then was on the site of the present grade school. — On and after July 1st the Ord post office was to be authorized to issue international money orders. — A great many evergreen trees were being set out in the Ord cemetery. After sixty years a number of those trees are still looking fine. —E. J. Clements was having the carpenters figure an addition to his home in Ord.— A heavy freeze, which apparently did considerable damage, was reported on May 6 and 7. The weather was much the same sixty years later. —The Ord Volunteer Fire department was meeting on Tuesdays and Fridays for drill.

Sixty Five Years Ago. — D. C. Way had received a fine line of undertaking goods, and the public was invited to call and look over his stock.— A number of copies of a special edition of the Ord Quiz had been shipped to the exposition at New Orleans and the editor had received a complimentary letter concerning them. — The citizens of School District No. 37 have voted on the location of the school, and the vote had resulted in a tie. They were asking the county superintendent of schools to decide the location and he was asking time to consider the matter. The superintendent was J. F. Kates. — Work commenced on Monday, May 4, on the Ord Presbyterian church, the church that is making arrangements for a new pastor at present.—LeRoy, the tightrope walker, gave an exhibition in Ord on a rope stretched between the Milford and Martin buildings. Does anybody know where the Martin building was located? — Judge Van Antwerp had just completed his new residence in Taylor.

The Perfect Gift For

MOTHER'S DAY

Flowers, which have their own language of love, are the perfect gift for this day of days. And you'll find us prepared with one of the largest stocks of cut flowers in history—complete from special orchid and gardenia corsages, to long-stem roses, gladiolus, carnations, and others.

Lovely Hydrangeas

The potted hydrangeas we have this year are the most lovely we have seen in years. In addition we have potted azaleas, dwarf red roses, philodendrum, double petunias and others. Outstanding are dwarf window boxes, about 18 inches long, filled with a choice assortment of coleus, lantana, begonia, mimosa, vinca, ageratum and ivy. Any mother would love one of these (the flowers can be transplanted later) and prices are as low as $3.50 per box.

Junior-Senior Banquet, Prom, Held Wednesday

Hawaiian Motif Used for North Loup High School Event.

The Junior-Senior banquet held Wednesday at the school house was the first event in the closing activities of the school year.

The Juniors chose a Hawaiian theme for their banquet, and decorated the lunch room accordingly. A sky of powder blue with blue and white streamers hung from the ceiling. The entrance simulated a grass hut which gave the impression of going into a Hawaiian home. Another grass hut was set between two palm trees and with a moon in the sky, completed the background for a canoe drawn from the water on a sandy beach. This gave a romantic setting, characteristic of beautiful Hawaii.

As the guests came through the hut, made so they had to stoop to enter, two sophomores dressed in native costume, put leis around their necks. Tables were centered with a mirrored tropical fruit centerpiece, with favors of miniature palm trees and nut cup canoes.

Mothers of the juniors prepared the delicious meal of pineapple and grapefruit cocktail, mashed potatoes, creamed chicken, scalloped corn, pineapple salad, radishes, celery, hot rolls, cocoanut cream pie and iced tea. Waitresses and waiters were sophomores dressed in native costume and, were Sylvia Ingerson, Ila Roby, Carolyn Hamer, Duane Willoughby, Gale Sintek and Harold Klinginsmith.

Theme for the program was Aloha and opened with "All Are Welcome" by Clarence Brown, Junior class president. Senior class president, Jimmy Ehret replied with "Lots of Thanks."

Beverly Knapp and Burdette Muligan sang "Oahu." Ila Roby sang "Hawaiian War Chant" for the next number. Supt. Dunklau spoke on "At the Crossroads of the Pacific." The three waitresses sang "Honolulu Honey" and Joe Babcock closed the program with several selections on his electric guitar.

Following the banquet, the senior prom was held at the community hall, with Bobby Mills and his orchestra from Columbus furnishing the music for an evening of dancing. The dance was open to the public.

Sunday guests of Mr. and Mrs. Allen Sims were Mr. and Mrs. Walter Thompson and Dale, Mr. and Mrs. Carl Nielson of St. Paul and Mr. and Mrs. Clarence Englebrecht of Elba. Mrs. Max Sims and Ricky are also spending the week with Mr. and Mrs. Sims.

Kindergarten to Open in N. Loup in September

With the opening of school next fall, the North Loup schools will open a kindergarten for all youngsters who are not old enough for the first grade. To clear up any misunderstanding pertaining to age requirements for the kindergarten and first grade, the following is quoted from the Nebraska school laws:

Sec. 79-444. School children under six years: Officers may Exclude. (1) The district board or the board of education, in all classes of school districts, shall not admit any child to the first grade of any school of such district unless such child has reached the age of six years or reach such age on or before Oct. 15 of the current year; provided, that in the event any child has successfully completed the kindergarten or beginner grade of the first grade of any school regardless of age.

(2) The board in all classes of school districts shall not admit any child into the kindergarten or beginner grade of any school of such school district unless (a) such child has reached the age of five years or will reach such age on or before Oct. 15 of the current year or (b) such child has demonstrated through recoghized testing procedures approved by the Superintendent of Public Instruction that he is capable of carrying the work of those grades.

When school opens in the fall, the children who are five or who will be five by Oct. 15, may enter the kindergarten. Children who will be six by Oct. 15 are eligible for first grade work even though they have not been in kindergarten. There may be instances where a child was placed in first grade work but then may have to be moved back into kindergarten because of the child not being ready for the more advanced work.

It is requested that parents of children who will be ready for either the kindergarten or first grade enroll their children sometime betwen now and May 18. It is requested that this be done in the school office in North Loup.

Happy Is The Day When Backache Goes Away . . . .

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Rites Held for Antonia Kokes at Burwell

Pioneer Woman Came to America When 18 Years Old.

Antonia Bodalik Kokes, daughter of Joseph and Antonia Bodalik, was born in Dlanky, Moravia Czechslovakia, Sept. 23, 1862, and died April 28 at the home of her daughter. She was 87 years, seven months, five days. She was married to John Kokes on April 13, 1884. To this union were born 11 children.

Mrs. Kokes spent her childhood and grew into womanhood in Czechosloyakia. At the age of 18 she and her sister left their native country and came to America, first to Sanders county and later coming to Valley county, where she met John Kokes and became his bride.

Mr. and Mrs. Kokes homesteaded in Valley county and braved all the hardships of early pioneer life; and with their "In God We Trust" courage, thrift and willingness to work, they lived to enjoy the fruits of their labor.

In 1913 they moved to Burwell and lived there until in 1949 when Mrs. Kokes went to live with her daughter.

In her early youth she was converted in the Christian Faith and remained faithful until her departure.

Survivors are John of Sargent, Vincent, Arkansas, Josephine Dohnal O'Neill, Marie Pisek, Rose Visek, Comstock; Anna Stanek, Tillie Demaree, Adolph and Frank of Burwell.

Her husband and son Joseph preceded her in death in 1929 and daughter Emma in 1918. She is also survived by 26 grandchildren and 26 great-grandchildren, and a host of other relatives and friends.

A brief service was conducted at the Mitchell funeral home in Burwell. Then funeral services were conducted by Rev. B. A. Filipi, of Clarkson, at the Z.C.B.J. National Hall. Burial was in the National cemetery.

Mrs. Wm. Higgins and Mrs. Zona Fisher sang "The Old Rugged Cross," "Going Down the Valley," and "Beyond the Sunset," accompanied by Mrs. Mary Stone.

The pallbearers were her grandsons, Wm. Skolil, Eldon Kokes, Edward Kokes, John M. Pesek, Don Hughes and Stanley Absalon.

Rev. and Mrs. A. J. Hindman, Mrs. Ray Hahn, Mrs. Merle Edgehill and Mrs. Paul Bleach of Burwell attended Mrs. Ella Moniger's funeral services at Taylor Monday.

Mrs. Mary Bartholomew is still very ill. Mrs. Della Alders is caring for her.

Ella Brown Moninger Is Dead; Was Loup County Settler

Born at Tekamah, Mrs. Brown Was 85 at Time of Death.

Ella Jane Brown wa born March 5, 1865 at Tekamah, to Nelson and Annie Brown and died at her home in Burwell on May 5, 1950, at the age of 85 years, two months. In 1883 she and Wiliam Moninger were married at Fremont. In February, 1884, they came in a covered wagon to the newly organized Loup county. They lived for a short time in Kent, the temporary county seat, while Mr. Moninger assisted in building the Kent bridge, the first bridge in the county. When the bridge was completed, they crossed the North Loup river, and the covered wagon followed the winding trail up the valley where they camped on the meadow which is still part of the Moninger ranch. The covered wagon served as a shelter until a soddy could be built on the homestead.

On this homestead 12 children were born, two of whom preceded their parents in death in infancy. Her husband, William Moninger, passed away in August of 1940. The surviving children are four sons, Fred and George of Almeria, John of Merna, Orval of Omaha; six daughters, Pearl Roblyer of Taylor, Annie Austin of Burwell, Faye Smith of Torington, Wyo., Fern Moench of Carthage, Mo., Laura Meyers of Elsmere, and Lila Larson of Potter; 37 grandchildren, 55 great-grandchildren, and four great great-grandchildren.

Throughout the years of 1892 to 1896, Wm. Moninger served as county sheriff of Loup county, where they lived in Taylor and educated their children until 1927, at which time she returned to the ranch with Mr. Moninger and the two younger sons, Fred and George. Later they moved to Burwell but retained their Loup county holdings. The sandhills proved to be a dream come true. Mrs. Moninger knew it at its best and saw it develop into its present productivity.

Funeral services were held Monday May 8 at 2 p. m. at the Congregational church in Taylor and burial was in the Houlton cemetery. Rev. A. J. Hindman of Burwell was in charge of the services. Mrs. Ray Hahn and Mrs. Paul Bleach sang accompanied by Mrs. Merle Edgehill at the piano. Pall bearers were Bill Strong, Everett Satterfield, Wayne Hyde, Ernest Abbott, Georgea Fleming and Roy Hoobler.

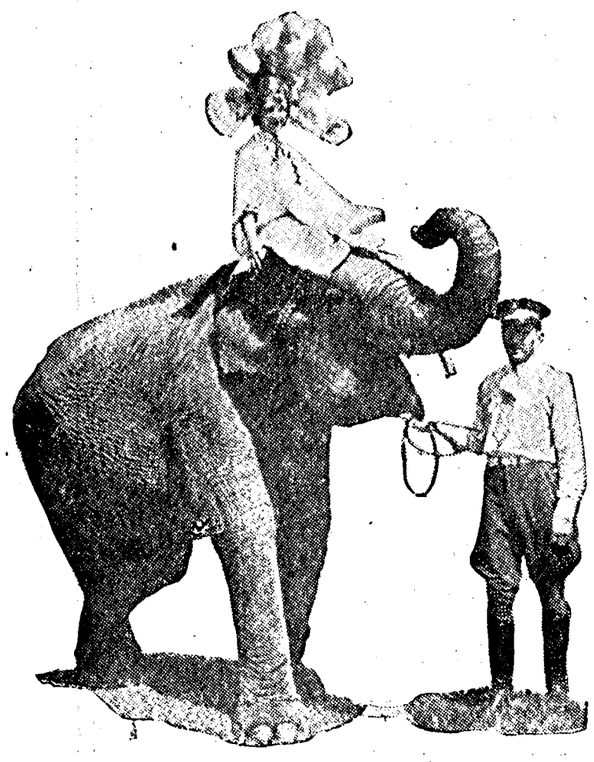
Strong Enough for an Elephant!



That's What Cole & Walters Say About The Rugged, Dependable

CHEVROLET TRUCKS

Come to Our Garage Wednesday Noon and See This Herd of Gigantic Elephants — and a BABY HIPPOPOTAMUS, Transported Exclusively on Chevrolet Trucks.

1950 marks the very first time in all circus history that a rare baby hippopotamus has ever been transported in a semi-trailer. Cole & Walters say: "Smooth-Riding Chevrolets assure the safe arrival of this strange creature. Chevrolets are the first truck to transport a baby hippopotamus."

NEW or USED

Whether it's a new truck or a reconditioned used truck, we have one for you, from pickups to 2-ton models. Rare bargains on used trucks right now — as we've been delivering lots of new Chevrolets the past month, and have made some good trades.

AUCTION

Real Estate and Cafe Equipment

Due to the death of our son-in-law, Stanley Copeland, and his wife's inability to continue operating the cafe alone, this property in Ord, Nebr., known as the East Side Cafe, will be sold at public auction on the premises starting at 1:15 P. M. sharp on

Thursday, May 18

This tract is legally known as W½ of Lot 7, Block 19, Orig. Town. The main building is 30x32 with living apartment upstairs which includes bathroom complete. There is a 12x30 addition on back of building. This is located on the paving, with all assessments paid up in full, and is a fine location for many types of business.

There is a partial basement with an oil furnace which furnishes heat for building.

The property will be offered at auction in several ways, as a complete cafe unit ready to start operating; also, building and equipment will be offered separately.

Terms on the property itself, if sold separately, or on property and equipment if sold as a unit will be 25% on day of sale as security of contract, balance on or before June 1 when merchantable abstract will be furnished. Terms on the equipment, if sold by the piece, will be cash.

Dr. Robert J. Lynn

Dr. Robert Lynn Begins Practice Here in Ord

U. of N. Medical School Graduate Moves Here from Iowa.

Dr. Robert J. Lynn has opened an office for the general practice of medicine in Ord. His office is located above Auble Jewelry.

Dr. Lynn and his wife arrived here Sunday from Rock Rapids, Ia. He received his M. D. degree from the University of Nebraska College of Medicine, and has done considerable work in surgery.

His wife, who is his office assistant, is a graduate nurse, having been trained at Clarkson hospital in Omaha.

Dr .Lynn is a native of Lincoln, and his wife is from Plattsmouth.

A flying enthusiast, Dr. Lynn mentioned the airport as one of the things he likes about Ord. "As a matter of fact, we like everything about Ord," Lynn commented. Mentioning the Ord hospital as one of the finest he has seen, he said, "We think that this is an ideal place for a doctor—and we're happy to be here."

Shelton Nine Will Oppose Mustangs in Ord Tonight

Defeated Broken Bow in Opener Sunday; 3 Games This Week.

With the scalps of the Broken Bow Indians dangling from their belts, the fast Shelton baseball team will oppose the Ord Mustangs tonight (Wednesday) in a Mid-Nebr. Nite league game to be played under lights at the Ord athletic field starting at 8 o'clock.

This game originally was scheduled for the afternoon of May 7 but was postponed because of the cold weather then prevailing.

Shelton has played one league game to date, beating Broken Bow 5 to 3. The Mustangs have played one also, beating Ansley 13 to 9.

Two fast hurlers, Hadenfelt and Ellis, are on the Shelton roster and the entire ball club is strong.

Sunday afternoon the Loup City club, which has a 4 to 1 win over St. Paul and a 5 to 0 rout of Ravenna to its credit and thus is leading the league, will be opponents of the Mustangs at 2:30 Sunday afternoon on the Ord field. This is the last game which Mid-Nebraska Nite league teams will play in daylight this season, league rules requiring that starting May 28 all games be played under lights.

Because of a schedule conflict the game between Greeley and the Ord Colts, originally scheduled for Sunday afternoon, will instead be played under lights here, starting at 8:00. Greeley is undefeated in day league play and will be strong opposition for the Colts, who have lost 2 while winning 1 this season.

New Construction, Improvements, Set Steady Pace in Ord

New Offices for Dr. Weekes Going Up; Sack Enlarges.

New construction and business improvements in Ord continued at a steady pace the past week, with foundations going in place for a new office for Dr. C. W. Weekes, and a large addition being built to the Sack Lumber Co.

Dr. Weekes' offices, being built just across the street east of the Ord Hospital, will be a Lustron residence, remodeled for office purposes.

At the Sack Lumber Co., a large shed being erected on the northeast corner of the yard, is the first step of a planned improvement campaign. The shed will increase lumber storage capacity about one-sixth. Next year the firm plans to build new offices and display rooms.

The old Milford corner—a basement hole since the old two-story building was torn down—has been filled in, and will become a used car lot for the Leach Motor Co. Improvements to the exterior of the Troyer building, directly west, are to come soon.

Four new residences in town are in the construction stage, two of them in the City View addition recently opened by Glen Auble. Others are planned for construction during the summer.

Demand for housing continues acute, with at least three families at present commuting here daily. Over a dozen inquiries of houses or apartments for rent have been received at the Quiz office during the past week.

Is Salutatorian

Leila Rhodes

Leila Rhodes, daughter of Mr. and Mrs. Roland Rhodes, was graduated from the Mason City high school on May 11 with the rank of salutatorian.

Miss Rhodes attended Ord schools from 1944 to 1949.

She received a $250 church school scholarship, and will attend Dana college.

Sullivan Heads Ord Cosmopolitans

John R. Sullivan was elected president of the Ord Cosmopolitan club at the regular meeting of the organization Thursday evening at the Veterans' Club. New vice-president is Dr. F. J. Osentowski. Herbert Smets continues as secretary-treasurer.

Annual club project—spraying the town with D.D.T. to relieve the fly and mosquito menance—will get underway soon, club members were told.

Mrs. E. C. Leggett

Mrs. Leggett Heard on KOLN Friday Morn

Ord people who listen to Lincoln radio station KOLN heard an Ord woman, Mrs. E. C. Leggett, Friday morning. She was interviewed from 9:30 to 10 a. m. on the Betty Craig program, "Breakfast at the Chef."

Mrs. Leggett recently was appointed editor of the national magazine, Gamma Alpha Chi News, publication of the professional advertising fraternity for women, and the radio interview was in regard to this magazine and fraternity, although she was also asked many questions about Ord and The Ord Quiz.

Ord Pool to Open Thursday, June 1, If Weather Permits

Kovanda Pool Manager and Evelyn Urban, Duane Wolfe, Assist.

Weather permitting, the Ord swimming pool will open for the 1950 season on Thursday, June 1 and will remain open until Labor Day, it is announced this week by Keith Kovanda, who will again be pool manager.

Senior life guard this year will be Miss Evelyn Urban and Duane Wolfe will be junior life guard.

Red Cross life saving and swimming instruction classes will be conducted both by Kovanda and Miss Urban, both of whom have been qualified by the Red Cross for such work.

Next week the pool will be cleaned and the bottom painted and equipment will be put in readiness for the opening. New swimming suits for both men and women in all sizes have been ordered.

The pool will be open to the public from 1:00 to 5:30 and from 7:00 to 9:00 p.m. daily, except Sunday when it will be open from 1:00 to 9:00 p.m.

Season ticket costs will be as follows: 8 to 11 years, $1.80, single admission 16c; 12 to 16 years, $6.00, single admission 25c; adults (17 and older), $7.20, single admission 40c.

People from adjacent towns are invited to make use of the pool at all times on the same basis as local people and may purchase season tickets if they desire.

'Old Pete' Visits Here; But Swopes Won't Believe It

It would happen to Ed Swopes—Ord's photographer, flyer, scooter-rider, and general man about town.

It was shortly before noon Friday when Swopes' assistant called to him "Don't forget, you have an appointment for a sitting by Grover Cleveland Alexander at 1 o'clock today."

"Okay," Swopes said laconically. Then he confided to a friend "They're always trying to rib me that way. Grover Cleveland Alexander died 50 years ago—in fact, I think it was while he was still president of the United States!"

'Old Pete,' Nebraska's most famous baseball player, who has been visiting in his home town of St. Paul, and is now embarking on a personal appearance tour under the management of Don Lynch, Burwell, did show up for his appointment.

And Swopes took the pictures.

Auburn Man Buys Osborne Store

M. F. Wrightsman of Auburn, Nebraska, completed a deal this week for purchase of the Osborne Shoe Store of Ord. Possession will be given June 1.

Mr. Wrightsman had been in the men's clothing and shoe business in Auburn, selling his interests there a short time ago.

Six Graduates Receive Awards at Senior Class Nite

Kenneth Clement Wins Four Prizes; Allen Takes Regents.

(Pictures on page 2)

Outstanding members of the 1950 class of Ord High School were recognized on class night, Monday evening. Awards were presented to six members of the class.

The Carl Raymond Gray Vocational Homemaking scholarship, a $100 award usable at an agricultural college, was given to Rita Wozniak, daughter of Mr. and Mrs. Floyd Wozniak.

The Leggett Journalism scholarship, which pays tuition for four years at the University of Nebraska School of Journalism, was awarded to Patricia Ball, daughter of Mr. and Mrs. Ellsworth Ball. Miss Ball also received the Business and Professional Women's Club award, given each year to the outstanding girl of the senior class.

Winner of four awards was Kenneth Clement, son of Mr. and Mrs. George Clement. As co-valedictorian, he received the Nebraska Association of Church Colleges scholarship. He also won the Carl Raymond Gray 4-H Club scholarship, an alternate Regents scholarship, and the Cosmopolitan award. The Cosmopolitan medallion goes to the outstanding senior boy each year.

Irene Svoboda, daughter of Mr. and Mrs. James Svoboda, the other co-valedictorian, was given the scholarship awarded by the Nebraska State Teachers colleges, which is usable in any of the five state normal schools.

Carol Benn, daughter of Mr. and Mrs. Henry Benn, earned an alternate Regents scholarship.

The Regents scholarship, earned in competitive examination, was won by Galen Allen, son of Mr. and Mrs. George Allen.

Paul Stoddard was master of ceremonies at the colorful class night.

Entertainment was furnished by members of the class and included several musical numbers and a reading.

Cancer Drive Makes Quota

The 1950 Valley county cancer control drive went over the top this week with a total of $461 contributed to date, Mrs. E. R. Apking, county drive chairman reported. County quota was $454.

"Contributions are still being received," Mrs. Apking said. "Several extension clubs have not as yet reported and several community reports are incomplete.

"I would like to urge all those taking part in the drive to finish their solicitation work as soon as possible, so that we can officially close the campaign for this year," she said.

Mother, Son, Both Receive Diplomas

In the graduating class at Arnold this year, a mother and her son both received diplomas. Mrs. Homer Hardin and her son George are members of the class. Last year Mrs. Hardin began attending schol for the first time in 22 years.

She first attended school in Wisconsin, but after moving to Nebraska, she found that the course of study here was much further advanced than in Wisconsin and dropped her studies.

She signed her own diploma—she is a member of the school board.

Larry Pearson looks pretty proud of the two big bullheads he caught Saturday morning on the M. A. Pearson farm near Arcadia.

More Big Eggs Laid as Hens Read Quiz

This bewildered Bantam chick at the Ord Hatchery looks at the huge egg laid by Mrs. Victor Cook's New Hampshire hen, Mabel, and wonders, "Is this what life has in store for ME?"

The egg is one of a trio, the smallest of which was 8" by 6½". This one, the largest of the lot, is 9 inches around the long axis, and 7 around the shorter dimension.

More and more chickens are reading the Quiz. And when they read stories about big eggs, they always try to outdo the other hens. H. D. Leggett is the "Curator of Eggs" as well as circulation manager for the Quiz. He gives all eggs his expert, personal attention.

Dr. Gustavson Gives Address at Commencement

Crowd of 800 Hears Chancellor of Nebraska U.

"To think without confusion, clearly; To act from honest motives, purely; To trust your fellow men sincerely; And to believe in God in heaven, securely," was the pattern laid down by Dr. R. G. Gustavson, chancellor of the University of Nebraska for the graduates of Ord high school, Tuesday evening.

Dr. Gustavson was the main speaker at commencement exercises for the 1950 class, and spoke to an audience of about 800 which filled the Ord high school auditorium.

Orin Kellison, president of the board of education, awarded diplomas to the 65 members of the class as the culminating point in their high school careers.

The class marched down the aisle to the stage to the accompaniment of the high school band. The Rev. Eugene Olson gave the invocation, followed by a vocal solo by Don Auble.

Ralph Norman, secretary of the board of education, introduced Dr. Gustavson, and after the address, the faculty quartet sang a number.

F. L. Stoddard, high school principal, presented the class.

After the playing of "The Star Spangled Banner" by the band, Rev. Olson gave the benediction.

Corn Planting Is Begun in County

With weather and soil conditions ideal—at least—farmers are beginning to get into the fields to plant their 1950 corn crop.

Warmer weather and adequate moisture has put the soil into good condition, and some farmers began the task of corn planting early this week. By the end of the week, if the weather holds, most of them will be in the fields.

Small grain also is making good progress, according to C. C. Dale, county agent. "We've been checking pretty carefully for green bugs, but there's no sign of them yet," Dale told the Quiz Wednesday. "There are some green bugs further south, but we hope they don't appear here," he added.

Temperatures ranged up to the middle 70's during the past week to give growing things a badly needed boost, and .63 in. of rain fell to gladden the hearts of farmers.

Pastures are beginning to catch up on growth after a disappointingly slow start and the rattle of lawn mowers has been heard in town.

The crop which has the best start is not corn of small grain, though. It's dandelions.

L. V. Hassell Is Granted Leave of Absence for Year

The Pastoral Relations committee of the Methodist church has been informed that their pastor, Rev. L. V. Hassell, is taking a year's leave of absence due to ill health. May 28 will be his last Sunday here.

The Women's Society of Christian Service and the official board will entertain at a farewell party honoring Rev. and Mrs. Hassell Wednesday, May 24, at 8:15 in the church basement. All members of the church and all friends in the community are cordially invited.

June 4 being conference Sunday there will be no worship service at the Methodist church, but members are asked to visit other churches. A new pastor will be assigned to Ord at the annual conference.

Quiz Scholarship Awarded Monday to Patricia Ball

$600 Award Pays Full Tuition for 4-Year Journalism Course.

Patricia Ball, daughter of Mr. and Mrs. Ellsworth Ball, jr., Monday evening was announced as winner of the 1950 Leggett Scholarship award which has a value of $600, paying full tuition of a four-year course in journalism at University of Nebraska college of journalism.

The award was made by E. C. Leggett, Quiz editor, during Class Night festivities Monday.

Selection of Miss Ball was made by a committee composed of C. C. Thompson, Miss Clara McClatchey and Mr. Leggett on the basis of scholarship, school leadership, personality, participation in student activities, interest and proficiency in journalism.

She ranked 5th in scholarship in the senior class, has been active in student affairs throughout her high school course, was front page editor of the high school Oracle in her junior year and editor-in-chief in the first semester of her senior year, and is one of the most accomplished writers and speakers in the senior class.

Other candidates considered for the award were Beuna Peterson and Clarence Lange.

The Leggett Scholarship was established in 1949 and Dan Huff, who is completing his freshman year at the university, was the winner. The scholarship will be awarded again in 1951 and rules of the contest for it will be announced in the fall of 1950.

Besides winning the Quiz scholarship, Miss Ball was awarded a trophy by the Ord Business and Professional Women's club for being the most outstanding girl in the senior class.

—Mr. and Mrs. Raymond Simpson of Kearney and Mr. and Mrs. George Dworak and Tommy had Mother's Day dinner with Mr. and Mrs. Robert Hall.

—Mrs. Olive Rowe is visiting her sister, Mrs. Tony Pawleska.

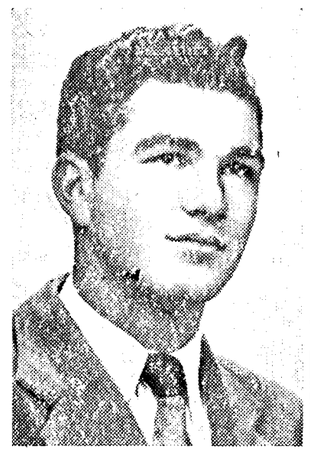
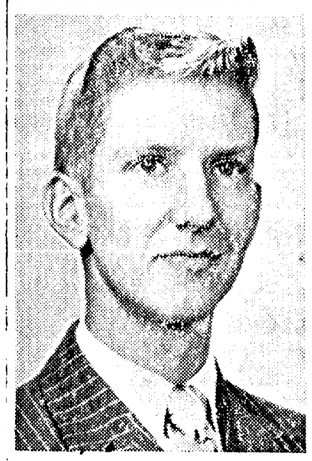
Green Bugs Not Yet in Fields, Says Dale

A careful check of several wheat fields over the county this past week did not show any green bugs present. The cold, backward weather with its unfavorable growing conditions may be favorable for a heavy population of these aphids, later in the season. They have been reported in wheat fields in the southwestern part of the state.

Sweet clover weevil damage was observed on second year plants along the roadside. Damage to new seedings may or may not be serious, depending on weather conditions in the next few weeks.





Outstanding Ord Graduates

Pictured are winners of awards which were presented Monday evening at Class Night at the Ord high school. For complete details see story in another column of the Quiz.

They are: Patricia Ball, Kenneth Clement, Galen Allen, Carol Benn, Rita Wozniak, and Irene Svoboda.

Jablonski, Hansen, File for Supervisor

Two more filings were made in the office of the Valley county clerk this week, Joe J. Jablonski filing on the democratic ticket for county supervisor in the 1st district, and S. V. Hansen on the republican slate for supervisor from the seventh district.

Hansen is opposed by W. J. Ramsey, Arcadia druggist, while Jablonski, as yet, has no opposition.

Filings for office will close on June 29, 40 days before the primary election on August 8. So far, only contests are in the 7th district supervisor; fourth district supervisor where E. B. Weekes and M. B. Cummins battle for the republican nomination; county assessor with W. C. H. Noll and Henry Stara wanting the republican nod and a three way race for nomination for county judge, with Ellsworth Ball, Jr., John Andersen and incumbent Chas. Ciochon in the running.

—Mr. and Mrs. Cletus Ringlein, Denny and Jimmy were Cedar Rapids visitors over the week end.

Certification of Small Grain Must Be Started Soon

Applications for certification of all small grains, sweet clover and brome grass must be filed soon, according to an announcement by C. C. Dale, Valley county agent. Application blanks are available at the county agent's office, and the deadline for sending them in to Lincoln is Saturday, May 20.

There are quite a number of fields of small grain which should be eligible for certification and farmers who are planning to certify should not wait until its too late. Nearly every year there are a few who ask for certification after the closing date, and are disappointed.

In case an application is filed before the closing date, and it becomes evident that crops will fail, all fees paid will be refunded if notice is received at Lincoln before the inspector comes to the county.

When You and I Were Young

Ten Years Ago.—Roscoe Tolley was elected coach of Ord high after five years as coach at Humboldt.—Burwell and Ord had signed to buy power from the Columbus project for a period of 2½ years. — Arcadia musicians, including Mavis Warden, low voice, were to take part in the national contest.—A heavy rain hit Elyria and caused a flood at Hardenbrook Dam. — Christina Petersen and Bette Vogeltanz won high scholarship awards at Ord high. —A total of 64 were to graduate from Ord high school. —The duplex belonging to Mrs. E. L. Johnson was damaged by fire. The play, "Our Town" was to be presented a second time at Burwell.—Marguerite Grunkemeyer and Marie Malicky were the scholarship winners at Burwell high.—A rhythm band was a feature of Davis Creek patron's day. Mrs. Wrey Haller and Miss Gwendolyn Fertig were the teachers.

Martin Ran Market

Since writing the story of the old copy of the Quiz, H. D. Leggett has informed the writer that the Martin building mentioned in the story was the building where George's Market now is, and which was run as a meat market at that time by a man named A. S. Martin. Mr. Martin used to buy prairie chickens and quail by the thousands and ship them to markets in the east. Hunting for the market was the only means some farmers and ranchers had of earning cash "hard" money. F. D. Philbrick, who lives with his son, Bill, on the farm north of Ord, says he has seen dressed deer hanging from every hook in Martin's Market. Somebody has a picture showing those deer, and the Quiz would like to print it.

Twenty Years Ago— O. B. Mutter sold his photo studio to the Guggenmos sisters of Taylor, and was to give possession June 1.—Miss Mae Klein was the fairy queen at the grade school operetta accompanied by Misses Mary Louise Miller and Beverly Davis as attendants.—Four Ordites, Dr. C. J. Miller, Ed F. Beranek, C. J. Mortensen and Irl D. Tolen were in the Hastings coliseum when the rear wall crumbled in a tornado.—Floyd Rathbun, winner of the Rotary baby beef contest, was guest of honor of the club for the presentation of the silver cup he had won.—The incomplete census of Valley county indicated there would be a loss of about 300 over 1920, but Ord city made a gain of 83 to total 2226.—Charles Bowers was again elected head of the Ord schools. —Perry Bell and

—The Texaco company had started a new super-service station on the southwest corner of 14th and M streets.

Thirty Years Ago.—Mrs. Ben Bridgford, former Ordite, arrived from Pueblo, Colo., for a visit after an absence of 13 years.—William Gibbs McAdoo of California was looming as a possible candidate for president on the democratic ticket.—Workmen were busy taking the street lights out of the center of the street and placing in their present position along the curb line. This was in preparation for extensive city improvements.—Edwin Clements had completed his year at the state university and was planning to spend the summer doing concrete work.—Because of not being able to find a new location, Jerry Cernik, Ord's popular tailor, was offering his entire stock of goods at a close-out sale.

Forty Years Ago. — Because of failing health, James T. Johnson sold his drug store to George A. Parkins, who put George Paulk and Emil Chotena in charge. Emil has been at Marquette with the Burligton for nearly forty years. — Word was received at Ord of the marriage at Council Bluffs of Jennie Bell, daughter of Mr. and Mrs. F. J. Bell, to Roy Squires.—Accompanied by his son Frank, J. T. Johnson went to Omaha to see what the doctors there could do for him.—On account of a storm making the roads too muddy for travel, F. J. Bell had to leave his automobile in Aurora on his way back from Lincoln. Later he went back and got it. Them was the good old days.—The horse pulling the Smith delivery wagon ran away and spilled milk all over town.—Ed F. Beranek installed a handsome counter in his refreshment department.

Fifty Years Ago. — Irving Hornold, member of the junior class of Ord high school announced that part of the money the class had raised at a midway entertainment would be used to furnish a banquet for the senior class, and the rest would finance a fishing trip to Lake Ericson. —Arthur Capron was six years old and celebrated by going to Bell's Photo car and having some pictures taken all by himself. The Quiz would not mind having one of those pictures for publication. M. D. L. Taylor was elected janitor of Ord high school and held the job for many years afterward.

H. D. Leggett sacrificed his mustache, with the result that the Quiz was willing to grant him the honor of being the most handsome man in Ord.—Frank Johnson had just finished putting in a ten acre field of sugar beets, proving that the sugar beet idea in Valley county is not a recent development.

Sixty Years Ago. — Mallory and Herring, proprietors of the New York Racket store, were advertising goods at prices that seem ridiculously low today.—Mira Valley was visited by a hail storm of limited proportions which did plenty of damage where it did hit. —Mrs. S. S. Haskell, mother of W. W. Haskell of the Quiz, died and was buried at Ord.— Ord was to be the home of the Way typewriter, the invention of an Ord man. He had a sample to demonstrate with. It had the unusual advantage of being built to write in a book. For some reason the idea did not flourish. — Prof. Hussey of Ord high school had received the welcome news that the Ord schools had been placed on the accredited list, and that graduates could enter university without examination.

Sixty Five Years Ago. — The building of the Turtle Creek school house was awarded to Walter Way for $274. They cost more now.—The brick being used by O. S. Haskell in the construction of the Valley County court house was coming in for much censure, but they had the one good quality of being made at home.—Ord had a home laundry known as the Standard Laundry, which was run by G. A. Laney and Company.— D. J. Martzs was the successful bidder for the construction of a bridge across Happy Jack's canyon near Geodenow, the price being $6.50 per running foot.—E. J. Clements left for Ann Arbor, Mich., accompanied by T. T. Bell, who was to graduate from the law school there in June. — F. R. Foster returned from a visit to Missouri, and was going to write hail, fire, and lightning insurance.

North Loup Girl Critically Hurt in Truck Upset

Burdette Mulligan, 16, of North Loup was critically injured when the truck in which she was riding upset. The accident occurred about 1:30 Wednesday afternoon.

She was riding, with eight other girls, in a truck driven by Richard Hawkes, also of North Loup. They were driving south from Scotia toward the river when the truck crossed a small bridge over a stream, swerved and ran into the ditch by the side of the road.

The door of the truck flew open and Burdette was thrown from the vehicle. The truck then fell on its side, pinning the girl beneath it.

She was taken to the Ord hospital, where the extent of her injuries is not known at Quiz press time.

Baptist Church Will Have Group of Evangelists

Members of God's Invasion Army of 1950 will visit the Bethel Baptist church of Ord this week, May 22-29. Their ministry is chiefly that of visitation evangelism. Mr. Harold Lidbom, one of the directors of God's Invasion Army, a business man formerly of Duluth, Minn., says, "Men and women everywhere are conscious of the moral condition of America. They sense a great need of a thorough spiritual awakening that will restore God to the lives of men and women and young people."

God's Invasion Army is made up of men and women from many walks of life. About one-half of this year's group have had college training and keenly sense the spiritual needs of the day. Some have been office workers, nurses, photographers, farmers, construction workers, and students, others come from the business world. One was a painter and one an auto-mechanic. The ages of the group range from 18 through 33. They came from 13 states and one province in Canada.

While in Ord they will do personal evangelism visitation, conduct meetings for boys and girls up to and including the 8th grade. These meetings will consist of object lessons, flannelgraphs, and sound films. Prizes will be given at the children's meetings. They will also conduct evangelistic meetings on Tuesday, Wednesday and Friday nights.

Because of their intensive schedule from place to place, there will be no service on Monday and Saturday nights. The Invasion Army will have charge of all services on Sunday, the 28th.

Following the Invasion Army's campaign, the Bethel Baptist church will conduct Daily Vacation Bible School at the church from May 31st to June 9th with a closing demonstration program at 8 p.m., Sunday, June 11th.

Flowers for Memorial Day

The late spring makes Peonies for Memorial Day questionable. One week our suppliers seem to think that they will have plenty of Peonies in bloom and then about the next week they feel that they will not be out for Memorial Day. However, we are promised a very good supply of Denver-grown Carnations and Roses; then from other sources we will have Glads, Daisies, Snaps and many other fresh flowers.

Geraniums are reported scarce, but we will have many other blooming plants for cemetery use. If you have a container for blooming plants and ferns bring it in and we will fill it for you.

To our out-of-town friends we will take your flowers to the cemetery for you if orders are in before May 27th and you give us the location of your cemetery lot.

Library Notes

The "Phantom Fortress" is the title of one of the many new books recently placed on the Ord Library shelf. It was writen by Bruce Lancaster.

Against a setting of moss hung cypress in the mist shrouded swamps, emerges the historical character of Francis Marian, known as the Swamp Fox.

Ross Pembrook, cavalry captain from Rhode Island, escaping from prison, joins Marion's rugged partisan group, there he meets and falls in love with Dorande Van-Kortener, a refugee who pledges herself to the rebel cause.

Mr. Lancaster draws vivid portraits of General Nathaniel Green and Light Horse Harry Lee, with respect for historical accuracy of that phase of the American revolution. Readers who like historical novels will enjoy this book.

Mrs. Julia Westburg Dies in Oregon at Age of 79 Years

Wife of Late Henry Westburg; Formerly Lived in Valley Co.

Mrs. Julia Westburg, a long time resident of Valley County, passed away in Portland, Ore., May 9, being neary 79 years of age.

Julio Westburg, daughter of Thomas and Mary Haggarty Mac Donald, was born August 11, 1871, in Fremont, where her parents had settled after coming by covered wagon from New York state. At an early age she was baptized in the Catholic faith. She was married to Henry Gilbert Westburg, in Grand Island, Neb., April 3, 1890. They had a son who died in infancy and two daughters, Mrs. Winifred Meyers, of North Loup, and Mrs. Evelyn Patterson, of Portland, Ore.

Mrs. Westburg made her home for many years in Ord, helping her husband operate a studio in Ord, and branch studios in St. Paul, Scotia, Arcadia, Taylor and Sargent.

After a short time in Oregon they settled in North Loup in the fall of 1911 and had a studio there for many years. Mrs. Westburg, a trained nurse, took care of hundreds of babies in this community and never lost interest in them, as they grew up.

Since 1939, after the death of Mr. Westburg, she spent much of her time in Portland, Ore., but came to North Loup about once a year.

She was a tender, unselfish mother, and was tenderly cared for in her last illness by her daughter, Evelyn. She leaves, besides her two daughters, five grandsons, four granddaughters, six great-grandsons, and three great-granddaughters.

She also leaves two sisters nearing 90 years, Mrs. Lucy M. Clark of Portland, Ore., and Mrs. Mary Gearson, of Hartsel, Colo.

Burial was in Ord.

—Tuesday dinner guests of Mr. and Mrs. Francis Simoens and Karen Jean were Mr. and Mrs. James Nevrkla and Laverne of Potter and Genevieve Boyce.

Mr. and Mrs. Dean Ritz Cut Cake

Mr. and Mrs. Dean Ritz give the photographer a big smile as they cut their wedding cake at the reception following their wedding, Wednesday, May 10. Mrs. Ritz was Joyce Masters, daughter of Mr. and Mrs. H. A. Masters of Arcadia.

— Photo by Swopes

Baskets of white and pink gladiola decorated the altar of the Congregational church for the candlelight wedding Wednesday evening, May 10, of Miss Joyce Masters, daughter of Mr. and Mrs. H. A. Masters, to Dean Ritz, son of Mr. and Mrs. George Ritz.

Preceding the ceremony, Mrs. Clinton Masters sang "Wonderful One" and "I Love You Truly," accompanied by Mrs. Max Wall who also played the wedding music. "The Lord's Prayer" was sung at the close of the ceremony.

Rev. Gunsolley performed the double ring ceremony in the presence of family and friends. Given in marriage by her father, the bride was lovely in a gown of white nylon marquisette over taffeta fashioned with a fitted bodice and a bertha of chantilly lace. The gown was buttoned in the back to the waist and the long sleeves formed points over her wrists. The full skirt which fell into three yard train was trimmed with panels of chantilly lace from the waist to the hemline. Her fingertip veil of imported silk illusion was caught with a twisted headband with clusters of orange blossoms at the sides. The bride's only ornament was a necklace of her late grandmother Masters.

She carried a white Bible ornamented with a pink orchid and streamers of white satin decorated with white hyacinth. Joann Masters, sister of the bride was maid of honor and Mrs. Arnold Ritz was bridesmaid. The flower girls were June Masters, niece of the bride, and Janene Ritz, niece of the groom. They all wore alike gowns of pink taffeta. Dennis Obermiller and Jim Schwadered, nephews of the groom, served as ringbearers.

The grooms attendants were Harry Ritz and Clinton Masters, Arnold Ritz and Max Carmody served as ushers and candlelighters.

The bride's mother wore a dress of navy and white bemberg, with a corsage of pink and white carnations. Following the ceremony a reception was held in the church basement with Mrs. Robert Hruby and Mrs. Darr Evans in charge of the gift table and Mrs. Paul Pester and Mrs. Decklin Flynn serving the coffee and cake. Mrs. Martha Brown and Mrs. Warren Ritz were in charge of the guest book. The beautiful three tier wedding cake was baked and decorated by Mrs. D. O. Hawley and Mrs. Carol Lutz.

The couple graduated from the Arcadia high school in 1946. Since then the bride has been employed at the Ramsey drug store. The groom was employed by the Armstrong Appliance for two years but has recently been engaged in farming. The young couple will make their home on a farm southeast of Arcadia.

Guests were Mrs. Wayne Rakosky, Mrs. Frank Rakosky, Mrs. Frank Pilinowski, Mrs. Sidney Brown and family, Mrs. Norman Holt, Mrs. Donald Beck and son, Mrs. Robert Coats and daughter and Mrs. Ed Adamek. Mrs. Philbrick received many nice gifts. A lunch was served.

Plain Valley Project Club.

Mrs. Wm. Novosad, jr., was hostess to the Plain Valley Project club on Thursday, May 11, with 12 members present. Mrs. John Koll and Mrs. Lloyd Hawthorne were visitors.

President, Mrs. Novosad, conducted the business meeting. Numerous questionnaires were filled out. The remainder of the lesson on meats was presented by Mrs Joe Sobotka.

Mrs. Emanuel Kokes and Mrs Wm. Novosad attended the tea in Ord on May 2 and reported on it. Mrs. Vic Kerchal also attended the tea.

The next meeting will be on June 8 with Mrs. Edw. J. Sevenker.

C. Y. O. Breakfast.

Sunday morning after the 7:30 mass at Our Lady of Perpetual Help Church the C.Y.O. members honored their mothers and the seniors at a breakfast at the K. C. Hall.

John Galka acted as master of ceremonies during the program. Darlene Novosad accompanied by Marlene Norman sang a solo. John Galka also sang a solo.

Rosalie Blaha and Dennis Knopik each gave a poem and Isabelle Krason played an accordian solo.

—Mr. and Mrs. Robert Volf and Patty and Albert Volf, jr., were Sunday dinner guests of Mr. and Mrs. Albert Volf and Maylon.

—Mr. and Mrs. Francis Ryschon and family had Sunday dinner with Mr. and Mrs. W. D. Wiberg. In the afternoon Kathryn and Rena Belle Ryschon visited Rev. and Mrs. Eugene Olson and family.

Lutherans Seeking Funds for World Aid

Members of the Bethany Lutheran congregation here will observe Lutheran World Action Sunday on May 21, marking a decade of relief activity during which Lutherans of the United States have contributed $36,000,000 for spiritual and material relief and reconstruction in 52 countries on all six continents. The Rev. C. Jeppesen, pastor of the congregation, will speak at 11:00 on "All Be One."

The local church is one of the 10,700 which are affiliated with the eight Lutheran bodies participating in the National Lutheran Council, an agency which supervises the gathering of Lutheran World Action funds here and their distribution abroad.

Included in the National Lutheran Council are nearly 4,000,000 persons, belonging to the United Lutheran Church in America, the Evangelical Lutheran church, The American Lutheran Church, the Augustana Lutheran Church, the Lutheran Free Church, the Finnish Suomi Synod, the United Evangelical Lutheran Church and the Danish Evangelical Lutheran Church.

The LWA goal for 1950 is $3,200,000, of which the local church is asked to give $82.00, Pastor Jeppesen said. Since Lutheran World Action was begun ten years ago the Bethany congregation has contributed a total of $553.60. In addition to the cash gifts, it has gathered several hundred pounds of used clothing, shoes and bedding, which have been shipped abroad by Lutheran World Relief.

I'm glad that the season of sniffles is past;
Perhaps we will get needed rest at long last,
As radio blasters may cease to persist on
Campaigns for cold-cures we're supposed to insist on.

KEN KEENE
THE CORNER DRUGGIST

While he was assembling a malted milk for me Ken said: "Notice that fellow who just left the store? He's a good neighbor of mine. Nice fellow—but a peculiar combination of personalities. He is independent as the deuce and would not let you tell him how to run his affairs. Yet he is not unfriendly to the present trend toward socialization.

"Just before you came in I reminded him that the generous powers that-be already have begun to tell farmers what they can grow, and how much of it. I also showed him a report from England telling how 13 government orders were issued to farmers and more to industrial workers, telling them what they may and may not do. I think it did some good to tell him this. He's too good an American to be pushed around."

DEFINITIONS IN RHYME

A deserter of his principle, or faith is said to be
An APOSTATE, and the act itself is called APOSTACY.

If for the definition of XEROPHAGY you are casting,
You'll find the dictionary says the meaning is "strict fasting".

Neighbor Johnson has an orderly looking garage—but not a safe one. In the place are containers of oil, gasoline, kerosene, and other chemicals. But the containers are not plainly labeled and even Johnson must identify them at times by smelling them. I finally induced him to letter some labels and use them so that neither his nor my adjoining garage would go up in smoke if he should some day make a mistake when using one of the inflammable liquids.

"I hope that Jack doesn't see this," sighed the wife of John Beefer, chronic "hard-day-at-the-office" guy, as she read the claim of U. of C. psychiatrists, to wit: The best thing to do for daily worries is to discuss them with someone.

Are your waste baskets made of metal or other fire-resisting material? They should be—as a means of holding down fire hazards.

REGARDING RADIO RACKET

In sympathy and understanding I pass on the following verse sent in by some author—probably a woman—who was too modest to sign her name.

Commercial broadcasters who sell suds
Supposed to be wonderful for my duds:
Tone down your shouted claims or I advise
That I will never buy your merchandise.

The difficulty in uniting public opinion is found in the fact that the all-time high for cigarette smoking was reached last year. Yet "nation-wide surveys" to determine the mild-est, smoothest, co-o-olest and least throat irritating fags, still are in conflict.

You Don't Need a Crystal Ball . . .

Arcadia Trips Arnold 5-3

Arcadia defeated Arnold 5-3 in a hard fought game on the Arnold diamond Sunday. Wildness of Whitey Sieckmann, Hastings, pitching for Arnold contributed much to the Arnold loss, four Arcadia batters getting hit by the pitcher.

Beasley, on the mound for Arcadia, struck out seven of the first eight batters to face him, and had a no-hit game going into the sixth inning.

Arcadia entertains Sargent on their home diamond Sunday. Over the Loup Valleys league, scores reported included Mason City 1, Amherst 0, at Mason City; Miller 5, Sargent 3, at Miller.

North Loup Loses to Elba Sunday

Beck pitched one of the best games of his career Sunday for North Loup, but it was all in vain. He struck out 14 and allowed only 2 hits, but a total of 11 errors, 5 by Jerrold Manchester and 4 by Grover Jorgensen gave the visitors a chance to take away an unearned game by a score of 6 to 5.

It seemed that almost any ball hit to short or third was good for first base for Elba. Meanwhile Julesgard struck out 7 and Spilinek 4 for the visitors. David Alfrey got three hits for North Loup and Ronnie Goodrich got a couple of bingles. R. Ingerle and Dennis Rasmussen were the only two Elba men able to get a hit.

Rural Track Meet Monday Is Won by District No. 54

Winners Nose Out Bailey School by Three Points.

The big Valley county rural schools track meet Monday afternoon was won by District 54, Melia school, with 27 2/3 points. Second place in the meet, in which about 300 took part, was earned by District 40, Bailey school, with 24 13/15 points.

Miss Barbara Ragland is teacher of the winning school and Dorothy Skolil is teacher of the second place school. Last year, the Bailey school won the meet.

A one-man track team won third place. The one man was Lores Wolf who was the only entrant from the Davis Creek school, of which Ellora Jane Cook is teacher. Lores gathered 19 points all by himself to earn the third spot. In 1947 and again in 1948, Davis Creek won the first place plaque.

Fourth and fifth places were won by Districts 42 and 14, respectively. District 42 had 17 2/3 points, while the fifth place winners were only two-thirds of a point behind with 17.

High point men of the meet were Sherman Smith of District 54 and Lores Wolf, each of whom earned 19 points. Another outstanding performance was turned in by Lynn Nelson of District 40. Smith's broad jump of 13' 7¾" was one of the best performances in the meet.

Among the girls who participated, Beverly Plock of District 17 was outstanding with a high jump of 3' 7".

The smaller children had their day, too. The boys' first and second grades 60-yard dash was won by Gerald John, who sprinted the distance in 10.6 seconds.

In the girls' division of the same event, Beverly Stanton and Doris Zabloudil each covered the 60-stretch in 11.2 seconds.

The early part of the meet was run under threatening skies, with a few drops of rain falling. But a little later the clouds broke up and the rest of the meet was run under ideal conditions.

Ellis Hurls 3-Hit Ball, Beats Indians

Shelton's big right-hander, Bob Ellis, was strictly in the groove Sunday and hurled 3 hit ball to beat Broken Bow, 5 to 2. Bob Korte, the Indian pitcher, held Shelton to six hits but his mates made six bobbles afield.

Manager Roy Blue wielded the heaviest stick for Shelton, getting two bingles. Binger, Ellis, Vaughn and Scoville also hit well.

Mustangs Out-Slug Ansley and Cop Opener, 13 to 9

Beran, Novosad Boys Lead 13-Hit Assault, Drive Sintek Out.

The Ord Mustangs, in former years notoriously weak in the hitting department, Sunday slugged it out with Ansley and won a thumping 13 to 9 victory. It was the first time in three seasons Ord has defeated Ansley and the first time the Ord club has been able to beat Arlie Sintek, the big Kearney College fast-baller.

Ord let it be known from the first inning that they had their hitting clothes on. Harry Vail, leading off, hit Sintek's first pitch for a single, was sacrificed to second by Dilla's bunt but died there when long flies by Bud Novosad and Johnson were trapped by Ansley outfielders.

In the second Ord tallied twice on an over-the-fence double by Dick Beran, singles by Falter and Philbrick and an error on the Ansley first baseman. In the third, after two were down, Novosad lived on an error, with Johnson, Beran and Dugan hitting safely behind him to grind out three tallies and give Ord a comfortable 5 to 0 lead.

Ansley batters were set down in 1, 2, 3 order by Bill Novosad in the first three frames, his best inning being the second when he whiffed all three batters, but in the 4th they got back into the ball game when Novosad walked Hogg, after which W. Sintek singled and Marsoff was safe on a bobble by Vail. Mike Staab then singled to score Hogg and Sintek, and Ord led 5 to 2.

Three more Ord runs scored in the 7th when Novosad and Johnson walked, both scoring on Dugan's sharp double. Dugan scored when the Ansley shortstop messed up Philbrick's hot grounder and Ord led 8 to 2.

Ansley added 2 runs in their half of the same inning on singles by Marsoff and Sennett, along with an over-the-wall triple by Jim Ferguson, a high school boy pinch hitting for D. Cox. The score thus became 8 to 4.

The Mustangs got one more in the eighth when Novosad singled and when an Ansley outfielder dropped Johnson's long fly. In the first of the ninth five more Mustang runs crossed as result of singles by Philbrick and Bill Novosad, an Ansley error which left Finley on base, a hit batsmen and a clean-up double by Bud Novosad, who stole third and was nipped at the plate trying to score, ending the rally.

At that point the Mustangs had a 13 to 4 lead but Pitcher Novosad was tiring and the Ansley boys still had a lot of power in their bats. Mike Staab drew a walk to start the inning and scored on a tremendous triple by Nelson. Ferguson was safe on Dilla's error, Sennett singled to score him, Sheen flew out, Hogg got life at first as Sennett scored, Johnson dropping Bud Novosad's accurate throw home. Wayne Sintek drove Hogg home with a double and died on base when Dugan threw Staab out at first and Marsoff struck out. Five Ansley tallies crossed in that final frame and the score thus became 13 to 9 in Ord's favor.

Bill Novosad pitched a cool, steady game for Ord, and was in trouble only in the ninth. He had a big lead from the start and had to bear down seldom but even so struck out 11 Ansley men, while giving up 9 hits and walking 3. Bill also had a fine day with the bat, getting two hits.

The Mustangs made 13 hits, of which 8 were off the pitching of Sintek who was the losing hurler. Staab, who relieved Sintek, fared better at first but was weakening fast when the game ended.

Dick Beran, both Novosad boys, Dugan and Philbrick got two safe blows each for Ord while Vail, Johnson and Falter got one each. Of those who played the full game only Dilla went hitless.

There were bright spots in the game for Ord fans and also some drab ones. Ansley runners stole bases almost at will against Johnson, the Ord catcher, whose pegs to second base left much to be desired and who seemed to be unable to hold Novosad when the pitcher had to bear down. He is handicapped by an infected and painful thumb, so Bud Novo- and probably will be behind the plate in the next Mustang appearance, unless another capable receiver can be found. Manager Douthit split his squad Sunday in order to give the Colts a team to take to Belgrade, and probably will reshuffle his infield against Shelton Wednesday night with Richardson taking first base. Dick Beran third and Vail and Falter alternating at second. These two are the oldest men on the Ord squad, in both years and know-how, but both tired Sunday and had to be replaced which put Douthit in something of a spot since he had only an 11-man squad to start. After Gogan, his last substitute, was hit by a pitched ball in the ninth Sunday, Douthit wound up playing right field himself for the final half-inning.

Farwell Unbeaten in Loop Play

An undefeated Farwell team leads the Sherman-Howard league with three wins against no defeats. Farwell had little trouble in handing Scotia a 10-4 setback Sunday. A six-run fourth inning accounted for the winning margin when the Scotia defense fell apart at the seams.

In other S-H loop action, Palmer garnered 16 runs on 14 hits off an assortment of four Cushing pitchers, while Verplank held Cushing to only two runs on eight scattered hits.

The two other league games were hard-fought battles, with Dannebrog nosing out Ashton 7-6, and Elba edging North Loup 6-5.

Rev. L. V. Hassell's sale of household equipment will be held at the M. E. parsonage on Friday, May 19. See his ad elsewhere in this issue.

ORD LIVESTOCK MARKET

Ord Colts Out-Hit Belgrade, But Lose by 6-9 Score

Richardson's Pitching Good, But Errors, Poor Base Running Fatal.

Paced by Collins, Nelson and Richardson, three boys up from Junior Legion ranks, the Ord Colts out-hit Belgrade Sunday but lost by a score of 9 to 6, principally because of errors afield and on the base paths. It was the Colts' second setback against one victory in Mid Nebr. Day league competition.

Richardson was on the mound for Ord and the youthful right hander looked good in striking out 14 while giving up 9 hits.

Ken Collins got three hits, one of them a double, in five trips to the plate and by fast base running converted them all into Ord runs. Nelson and Richardson got two hits apiece, R. Beran, Patrick, Koll and Geweke one each.

Belgrade, with an older team, played smoother ball than did the Colts.

Feeding Oats.

This week we have received a shipment of good heavy feeding oats from the North. The oats market is getting higher each week and good oats are getting harder to find. Those received this week are very heavy feeding oats and if you need oats we can quote you a good price delivered to your farm.

Corn.

Our corn market is higher this week and if you have corn under loan and want to move it to market we would be glad to have a chance to figure with you on it. We can pay you a very good price for limited amounts and have a number of customers who are wanting corn at the present time.

Wheat.

The wheat market is weaker this week and will hardly pay the loan price at present but if you have wheat and want to send it to market our price on your farm will be very attractive compared to the Omaha bids on wheat. Whatever you have in grain to move, let us figure with you. If you have grain to move to PMA our trucks are available.

Trees.

At present we have both Early Richmond and Montmorency Cherry Trees on hand. Also have Seedling Chinese Elms and Mulberry trees. Have been able to get a fair amount of Junipers, Black Hills Spruce and other Evergreens. May we figure with you on your needs in Evergreens. We can plant them for you if desired.

Plants.

Have a very good supply of Tomato, Cabbage, Pepper, Egg Plant, Sweet Potatoes, Pansy, Salvia and Blooming Plants. If you are going to want blooming Geraniums and other blooming plants for Memorial Day you should place your order soon. The growers tell us that Geraniums and some varieties of cut flowers will be hard to get for Memorial Day.

Seed Corn.

We have Standard Hybrid corn in the following numbers: 405, 615, 939, 425 and 625. Then in Cornhusker we have 148, 84, 85, 83 and 107. These numbers are particularly adapted to our section of Nebraska. For a full season corn that yields high and shells out very well you just can't beat Cornhusker 148. If you have rough clay soil we have a couple of numbers that will surprise you with the good yields that you will get.

"It pays to buy from Noll."

Major Catastrophe.

Every year it is the lot of some part of Nebraska to meet with a major catastrophe, and 1950 is no exception. The storm that sent floods of water pouring all over southeast Nebraska meant the loss of many lives, and much property damage, but the added economic loss may make it one of the greatest catastrophes in the history of the state.

What happened was that the floods came at the time when all small grain had been planted, and what was not washed out was covered with silt and the crop will be almost a total loss. Little corn had been planted, but many fields had been plowed and were ready to plant. It is now doubtful if the farmers will be able to get into these fields in time to plant a crop that will mature.

We of Central Nebraska have our troubles. We have our rain and our lack of rain. We have our snows and our blizzards. But we usually manage to raise some kind of a crop. Here we are in little danger from floods such as struck the eastern part of the state last week. Our rivers and streams cannot rise enough to do much damage.

It is not our fault that the flood came last week. It is our good fortune that such floods cannot come to bedevil us. But it is our responsibility to do anything in our power to help our fellow Nebraskans in their hour of need. Just what can be done can be left to the proper agencies, but each of us should be ready to do whatever may be required of us.

It might be well at this time to remember the winter of 1948-49, and the help we needed and got during the worst storm period in our history. Perhaps we did not ask for it, but we appreciated what was done for us. We were sorely beset, but didn't lose a crop. Our neighbors will have little chance of raising a crop worthy of the name, and they will need help. Let us be ready to help them.

Middle-age Musings.

Everything is farther than it used to be. It's twice as far from my house to the station now, and they've added a hill that I've just noticed. The trains leave sooner, too, but I've given up running for them because they go faster than they used to.

Seems to me they are making staircases steeper than in the old days. The risers are higher and there are more of them because I've noticed it's harder to make two at a time. It's all one can do to make one step at a time.

Have you noticed the small print they are using lately? Newspapers are getting farther and farther away when I hold them and I have to squint to make out the news. Now it's ridiculous to suggest that a person of my age needs glasses, but it's the only way I can find what's going on without someone reading aloud to me, and that isn't much help because everyone seems to speak in such a low voice I can scarcely hear them.

Times sure are changing. The barber doesn't hold a mirror behind me when he is finished so I can see the back of my head.

The material in my clothes, I notice, shrinks in certain places (you know, like around the waist or in the seat). Shoe laces are so short they are next to impossible to reach.

Even the weather is changing. It's getting colder in winter, and the summers are hotter than in the good old days. Snow is much heavier when I attempt to shovel it, and rain is so much wetter that I have to wear rubbers. I guess the way they build windows now makes drafts more severe.

People are changing, too. For one thing they are younger than they used to be when I was their age. On the other hand, people my own age are so much older than I am. I realize that my generation is approaching middle age (to me that is roughly between 20 and 101). But there is no reason for my classmates tottering blissfully into senility.

I ran into my roommate the other night and he had changed so much that he didn't recognize me. "You've put on a little weight, Bob," I said. "It's this modern food," Bob replied. "It seems to be more fattening."

I got to thinking about poor Bob this morning while I was shaving. Stopping a moment, I looked at my own reflection in the mirror.

Hm-m, they don't use the same kind of glass in mirrors anymore, either. —Author Unknown

Spring Is Here.

This is the time of year when the birds return from their homes in the Southland. The meadowlark sings his melody in every field that has been left to nature's sod. He is a happy fellow, and it is no wonder that the early settlers were so well pleased with him that they made him the state bird of Nebraska. "Him" is used advisedly, as the male birds are the better singers.

Soon the wild flowers will be blooming in the fields and the meadows. The lettuce and radishes are growing in the meadow and hurrying to keep ahead of the grass and weeds. The bees and butterflies flit from flower to flower gathering honey for next winter's store, and carrying pollen where it is most needed; and the streams are full of fish just waiting to be caught.

This is the time of year when we hear the discordant cawing of the crow and the jabbering of the jay: when the tent caterpillars begin building their nests in the plum bushes; when the artichokes and sunflowers get their start and the dandelions take the lawn; when, for a fact, the creek is full of moss and all you can catch are redhorse, suckers and carp; when the bees sting you and the butterflies get into the butter.

It all depends on the point of view. To some spring is one perpetual round of enjoyment, a season of constant surprises. To others it is just a period of drudgery, and they will be all too glad when it is over. The optimist sees the mavels of returning life all about him. He smells the flowers, he hears the song of the birds, he catches the fish in the stream and is thankful for them regardless of what kind they are.

The pessimist keeps his head down, his shoulders hunched, his back bowed and is so busy with his job that he has no time to look about him and see the beauties God has spread out for his enjoyment. He complains because the spring rains are slow in coming, and, when the rain does come, he declares it will never stop, and there will be no chance to plant corn.

The farmer is the world's champion optimist. He goes into his fields to begin his work anew each spring, firm in the conviction that this year he will raise a bumper crop. Regardless of how he felt last fall when he harvested only a fair crop, he forgets all that and looks forward to the biggest year yet. He is ready to tackle any job once more and is certain that this year will be different.

Fortunately for us all and for the farmer in particular, we cannot see into the future. If we could, we would plant no corn when we knew the crop would be poor, and thus there would be no corn at all. The same would be true of all other crops and of livestock. How many housewives would start out raising a huge flock of chickens if she could see that a June downpour would drown two thirds of them?

If the farmers of Nebraska had foreseen the dry years of the thirties, half of them would have given up farming entirely and would have tried to find other employment, thus upsetting the balance in the various fields of employment and creating a far greater problem thaan was created as conditions were at the time.

Incidentally, that is what is the matter with any form of governmental crop control. Such control is not an exact science, since those who are trying it are dealing with forces over which they have no control and in a future which no man can foretell. For example, if no corn should be raised in Nebraska this year, just how long would the huge amounts of corn in storage last?

Returning to spring, nature intended that we should see the beautiful things in life, and that we should see the beauty that exists in what we normally consider as ugly things. The toad, for instance, is not as beautiful as the blue jay, but he has a beauty all his own, and the farmer who would gladly shoot a blue jay making inroads on his cornrib is glad to protect the toad, which makes itself useful.

There is beauty in all seasons, but there is no beauty compared to spring. With nature we live anew. We resolve to do greater and nobler acts in the days that are before us. We plant the seed and leave the harvest where it belongs, in the hands of God.

Corn Borers Are Rampant Again

Because of the large number of corn borers which have been found alive in the stalk fields of the county, farmers are again reminded that early planted corn will be most likely to be damaged by the first brood of borers.

Entomologists agree that one of the best control practices is to plant neither, extremely early or extremely late. Planting in the middle of the normal planting season is the recommended policy. In this vicinity the third and fourth weeks of May will probably be the best planting dates to avoid excessive borer damage.

What's Cookin' Ward's Column

Poets write of about every subject under the sun, would-be poets, that is. Real poets usually put in their time singing the praises of those phases of life with which they are most familiar, and is proof that they are real poets. Speaking of poets, it is difficult to tell the great from the little, as a rule. Most poets do not attain fame until after they are dead, and that does them very little good. The great poet writes deep, while the majority of people are shallow in a literary way. If you ever tried studying Shakespeare, you know what I mean.

Digressing at this point on the subject of readers, most of us are shallow. Go into the average home and you will note the type of reading material you find lying around. Most homes have literature of the Eaturday Evening Post type, which is better than the average, and is usually worth while reading. The question is whether this type of literature is kept for use, or for appearances. All too often most of the material actually read is of the type that is either either useless, as many of the modern stories are, or positively filthy, as not a few of them are. It is getting so that any book that does not contain all the filthy remarks in the human category usually goes unread.

Speaking of readers, deep readers, I have two in mind. In fact, there are three, and their names are all the same, Frank Johnson. I would put the former Ord Frank Johnson, now of Kimball, at the head of the list, but the North Loup postmaster is not far behind, the the Burwell Frank Johnson is a close third. Of the three, the Kimball Frank reads the most, I believe. He developed the habit when a boy, as he did not go in for sports, and turned to reading as a means of relaxation. When in Ord he would go to the Ord Township library and pick out books that were so deep that nobody else would read them, and he would get a lot of enjoyment out of them. Most books that are deep appear to be dull, but it does not necessarily follow that all dull books are deep. I have in mind a story, "What Will He Do With It?" that illustrates the point.

This story was published in installments in Blackwell's Magazine during the years 1858-1859. My father took the magazine at that time and had the issues beautifully bound. When I was a young fellow I decided I would read the story and find out, if I could, what the author had in mind. I may not be brilliant, just ordinary and on a par with many of our senators and congressmen, to judge by how they act and what they do. I studied that story, read it and reread it and finally gave up in disgust, realizing that I knew just as much about the subject when I finished as when I started.

I did not find out who HE was nor the IT with which HE planned to do WHAT. In fact, the writer followed the method of too many writers of those days and threw together a lot of meaningless words and phrases to produce something that some publisher might decide to use and thus keep the author from starvation. I do not know how many enjoy this column, but I will bet that those who do, get a little enjoyment out of it without exerting too much mental effort.

Reading is for many purposes. Among these are information, instruction, entertainment, enlightenment and relaxation. Truly great writers manage to put a little of all of them into their writings, and thus they do a lot of good to a great many people. Reading difers from the motion picture in that people usually go there to relax and be entertained. Incidentally they may absorb some information, receive some instruction, and be enlightened in the news reels with respect to conditions at home or aboard. But the main thought is entertainment.

But to return to books, they are something that must be selected with care. A book may tell a sordid story, but may tell it in a decent manner, or it may tell a story of great achievement in such a way that the hero and his work is dragged in the dirt. Authors are human. They want to be popular, since they find that being popular assures them some return for the time and money invested in the effort. So, if they find that their "Goody Goody" stories are not being read, they are likely to turn to the seamy side of life. For this reason it pays to check all reading and read only the best.

What I started out to say was that I have never known a poet to rave over the beauties of spring housecleaning. Some day I plan to write a poem, perhaps a whole book of poems, extolling the beauties of brushing down the walls, cleaning the woodwork, scrubbing the floors, beating the rugs, doing the painting and varnishing and papering wherever needed. Maybe you think there is no beauty to such a homely enterprise, but I claim there is. There is something of magic in seeing the dirt and grime that has accumulated during the winter disappear as if by magic before the brush and the broom. There is a certain joy in having a part in restoring beauty.

Let others rave of the beauties of nature, the mountains, the sky, the sea, the summer breeze or the winter blizzard. Hereafter I will spend more of my time extolling the beauties of spring housecleaning. I will revel in the annual, but necessary cleanup of the premises. I will labor unceasingly to bring about that miracle of a lovely home, perfectly appointed. Also, when the Mrs. isn't looking, I have a fish pole hid out and it is only a short distance to the creek, where the bullheads need to be fed.

Seldom in the history of Nebraska has spring come as late as it has this year. March weather began early, but relapsed into the winter blizzard of March 7. Since that time there have been very few real spring days, and one day which could be classed only as summer. The rest of the weather, to the announcer's statement has been from five to ten degrees below normal. Usually many of the trees are in full blossom the first week in May, but not this year. As this is written, May 13th, the leaves on the Chinese elms are just beginning to show, although it is one of the earliest trees to leaf.

All farm crops will be late, but this does not mean that they will be short. Nature has wonderful powers of recuperation, and the recent rains will perform miracles. Also, the backward spring means that we are less likely to have an untimely frost when the warm weather really comes. This should mean a good fruit crop, and this is important, as it makes us less dependent on shipped-in fruit.

While on the subject of writing, I am very much of the opinion that Jim Misko was right. In talking about writing, or rather, of signing one's name, he once made the remark that one of the secrets of success is knowing which side of a check to sign your name on. That is a definition that grows on one. The more you think of it, the better it is. With government spending at all time peak and the general public being urged to spend, spend, spend, it is a good thing that a few peoplee still have sense enough to save a litle for a rainy day.

This reminds me also of Charley Prien, sr's recipe for success in farming. He used to say that he made it the rule to talk it over with other farmers and find out what they were going to plant. If they were going strong for corn, he would plant grain instead. He always aimed to plant a crop that everybody else wasn't planting, and thus he was usually sure of a good market. But, that, of course, was before the day of the Triple-A, price supports and other modern farming conveniences.

Mrs. True Dies

Mrs. Minnie True, 90 passed away Saturday afternoon in Omaha, after a lingering illness. She was born at Lima, Ohio.

Mrs. True will be remembered as Minnie Watt and lived in Scotia a number of years ago. Her father ran a store on the corner where the Dulitz Service station now stands.

Services were held Sunday from the Brailey-Dorrance Chapel, interment in the Scotia cemetery.

She is survived by two sisters, Miss Bess Watt, Omaha; Mrs. Bennet of St. Joseph, Mo.; and Arthur Watt of Omaha.

Coming from a distance for the graveside services were Mrs. Fred Watt, Adair, Ill.; Miss Bess Watt, Omaha; and Mrs. Bennet of St. Joseph, Mo., Mrs. Fred Watt was a house guest of Mr. and Mrs. Frank Miller, the other ladies stayed at the Harry Miller home. They all returned to their homes Tuesday.

Full obituary will be printed next week.

Repair M. E. Church.

The W.S.C.S. has recently purchased an electric coffee maker, also another propane gas stove to be used in the kitchen. Work will begin soon on the basement to make a large opening into a room on the south that has been used for the beginners in Sunday school, a reinforcement will be put in the ceiling for support. The basement will be newly decorated. Local labor will be employed.

Celebrates Birthday.

Linda Gebhardt was born on Mother's Day just 11 years ago, and has not had a birthday fall on that day since, until this year. She celebrated by inviting 10 of her friends and her teacher after school, Friday. Time was spent playing baseball in the mud, after which a lunch was served by Mrs. Gebhardt and Sally. The group enjoyed the trip to town in the back end of the pickup.

Doctor Plan Meeting.

The "doctor planning" committee has plans made and ready for the public's approval and has called a meeting for Friday night of this week to be held at the Community Hall. This is not a meeting for the Scotia people alone, but every one interested in securing a doctor for this area are cordially invited to come and state their opinion or voice any suggestions they might have.

Mrs. Louise Langraff had as guests from Saturday until Sunday night, her daughter and husband, Mr. and Mrs. Carl Hines of Lincoln and Mrs. Langraff's twin brother, John Thoms and Mrs. Thoms of Grand Island. Mr. and Mrs. Guy Sautters were dinner guests, Sunday.

The Leo Klien family and Mrs. Tillie Klien were St. Paul visitors Sunday. When they arrived home that night they found that the Irwin Klien family of Benedict were there to spend the evening.

Grandma Groetsinger was another proud mother Sunday when her family met at the Phil Tuma home for dinner. Those present were the families of Henry Groetzinger, Raymond Groetzinger and Fritz Pape, Brice Groetzinger was there from Central City, Mr. and Mrs. Merle Jabson of Omaha and her son Herman of Scotia.

The Fish Creek school graduates its students from the 10th grade and from then on they seek their education elsewhere, usually in Scotia. To celebrate this, their instructor, Mrs. Minnie Meyer took them to Ord Sunday afternoon to see a show and a treat at the Scotia Pharmacy. The following pupils made the trip, LaVerna and Erma Smith, LaVonna Yax, Bernard Meyer, Darrell Gyderson and Mrs. Meyer.

Mr. and Mrs. Pollock of Cozad were week end visitors at the Walter Bundy home. They spent some time at Ericson and at Ord. The ladies are sisters, and are parents of Joe Pollock, who has often visited his aunt, Mrs. Bundy.

Roy Filinger is building a cow shed and hay barn combined. The lower part of the building is made into a bank so that he can drive directly into the hay barn to unload. Stone blocks are used for the structure, and the roof will be of wood shingles. The barn is 40x 44, the east side will be open, for stock shelter. Mr. Filinger is also erecting a silo on his farm.

Brice Groetzinger, Central City spent the week end with his parents, Mr. and Mrs. Henry Groetzinger and son Norman.

Baccalaureate.

Rev. Studer of the Mira Valley Evangelical United Brethren church delivered the baccalaureate sermon Sunday night at the school auditorium. Betty Morrow sang, "The Holy City."

Rev. Studer's theme was 'We Work for What We Get," which seemed very appropriate for a class going out into the world.

Mrs. M. G. Williams played the processional and recessional.

Freshman Party.

Twenty members of the Freshman class, under the sponsorship of Mr. Leo Galloway, went to Ord by car Thursday night to see the show. They "Dutch Treated" at the Ord Bakery after the show. Darrell Ingram, Mrs. Otto Gebhardt, Frank Byerly and Mr. Galloway drove cars.

Mr. and Mrs. Wilbur Fuss visited at the Herman Stein home in Grand Island Sunday.

Mrs. Rose Fuss and son Dean, Mrs. Arnold Bredthauer and the Ernest Lange family went to see Mrs. Mary Bredthauer at her home in Grand Island Sunday. The Herbert Bredthauer's of Wood River and the Oscar Bredthauers of Grand Island were also there.

Mrs. Krebs Entertains

The Krebs' back yard was a colorful scene Monday afternoon when the present members and the next year's kindergarten classes together with the mothers of the wee ones gathered for a wiener roast, a custom that Mrs. Krebs carries out every year. The children were presented balloons as favors, so for a time there was a "poppin good time." There were 14 pupils of this year's class, 11 of the coming year, and approximately 15 mothers and several preschool children. The children of this class will give their final program on Friday, after the school picnic.

New GI Housing Loan Provisions Are Revealed; VA May Make Loans

More than 105,000 World War II veterans in Nebraska who have not yet availed themselves of loan guaranty rights provided in the GI bill will find their home loan benefits greatly enhanced by provisions contained in the Housing Act of 1950, a law recently signed by the President.

Some of the important changes in the GI home loan program which will result from the new law were outlined today by Ashley Westmoreland, Lincoln regional office manager. Westmoreland said the regulations and procedures necessary to place the new provisions into effect are now being drafted by the VA, and will be issued as soon as possible.

The VA official said principal changes in the GI home loan program include:

(1) Increasing the amount of the VA's guaranty on an eligible veteran's home loan to 60 per cent of the loan up to a maximum guarantee of $7,500. Previously, the VA could guarantee 50 per cent of the loan up to a maximum of $4,000.

(2) Making unremarried widows of veterans who died in service or from service-connected causes after discharge, eligible for the GI loan benefits to which their husbands would have been entitled.

(3) Combination Federal Housing administration GI loans to veterans—which currently represent about one-third of the volume in veterans' loans—will be eliminated after next October 20.

(4) The maximum period of time over which home loans may be made repayable is extended from 25 years to 30 years, thus providing lower monthly payments.

(5) Effective in mid-July, the VA is authorized to make direct government loans at four per cent to eligible veterans in certain areas where four per cent home financing is not available from other sources. A total of $150,000,000 was made available until July 1, 1951, for direct loan purposes. No direct loan may exceed $10,000 and veterans must meet all the qualifications for a regular GI loan, including credit and income requirements.

Westmoreland said the law also grants the VA authority to establish certain minimum construction requirements for new construction; permits the VA in certain circumstances to restore loan guaranty rights to veterans who used their entitlement to purchase property which later is taken through condemnation or is destroyed by fire or other natural hazard; directs the agency to issue regulations limiting fees and other charges which may be made against builders and veterans in connection with the construction and sale of GI loan financed homes, and includes provisions to make GI loans for farm dwellings easier to obtain.

Since the GI loan program started in late 1944, more than 14,500 veterans in Nebraska had been granted GI loans for home, farm or business purposes. The loans approved totaled $60,414,810.00.

The VA official said the deadline for most veterans in applying for GI loans is July 25, 1957.

He's not worrying about security

And it's right that he shouldn't be . . . in fact he shouldn't have to worry about security for the rest of his life.

Of course it'll take some planning to banish security worries, planning you have to take care of now, that he'll have to shoulder later on. But planning can give him security.

He can be assured now of a good start in life if your insurance program includes provision for his college education. He can be assured, too, of income for the family after you have passed your best earning days, or in case anything were to happen that would leave him fatherless.

Adequate insurance protection for those close to you gives so much for so little that it's every man's duty to make sure his and his family's insurance coverage is fully sufficient.

Award Day Held at N. Loup School

Thursday was award day in high school, the day when awards for the year's work are given out. Supt. Martin Dunklau, speaking before the student body, stressed the fact that not all could win medals, should not feel badly, if he or she had done the best they could, they had accomplished the most possible.

Certificates for perfect attendance for the year were earned by Lorene Cox, Carolyn Hamer and James Ehret and these were presented by Principal Miss Minnie Jensen. Miss Jensen also presented a medal to James Ehret for outstanding accomplishment in three years of mathematics.

Supt. Dunklau, commercial instructor announced the winner of the commercial medal as Janet Cook, who was not present, but who finished her work at mid semester and is now employed at the Quiz office. Janet's work in typing, shorthand, bookkeeping and secretarial work was highly commended by Mr. Dunklau who said in addition to the work taken in school, she also completed several extension courses in commercial studies. JoAnn Earnest was given an award for unusual ability in the commercial courses also.

Music instructor, Robert Williams, presented the medal for dramatics to JoAnn Earnest for unusual dramatic ability. Joe Babcock was given the medal in music, for his co-operation and participation in all music events. Russell Kerr received an award for an unusual voice talent. Certificates of award were given to Jeaneane Brennick for a superior rating at the district music festival in piano; Dolores Cox and Barbara Hudson, each a superior rating in voice.

Bernadine Edwards, Illa Roby and Burdette Mulligan were each awarded letters for their work as cheer leaders.

Football letters were awarded to Bob Hawkes, Rich Hawkes, Ronnie Goodrich, Clarence Brown, Mervin Meyers, Gale Sintek, Duane Willoughby, Dean Walkup, Joe Babcock, Sam DeNoyer and Russell Kerr. Basket ball letters were awarded to Bob Hawkes, Ronnie Goodrich, Richard Hawkes, Duane Willoughby, Bill Schauers, Harold Klinginsmith, Mervin Meyers, Joe Babcock, Dean Walkup, Sam DeNoyer and Russell Kerr.

Awards in track went to Ronnie Goodrich, Richard Hawkes, Darrell Fenton, Eugene White, Gale Sintek, Joe Babcock, Russell Kerr, and Mervin Meyers. Roger Leonard as student manager was also given and award.

The medal for the best all round athlete went to Russell Kerr and Ronald Goodrich won the medal for the best sportsmanship both on and off the field.

Ribbons won by the members of the track team at Central City and Bassett were given also. Coach David Alfrey presented all athletic awards.

Preceding the giving of awards, the senior class history was read by Theresa McCall, the class will by Bernadine Edwards and the class prophecy by Jimmie Ehret.

The Leonard Otto family of Burwell were guests of Mr. and Mrs. Chas. Otto.

Senior Sneak Day Included Trip to Denver, Rocky Mts.

Long Journey Made by North Loup Class by Auto.

"Denver, here we come" was the motto of the Seniors of North Loup high school on Saturday evening of May 6th.

In preparation for the trip, the girls worked most of the day by baking cakes and cookies, frying chicken and packing lunches to be taken along.

One of the group tells this story:

We met at Barbara Hudson's house and departed for Denver at 6:30 p. m. We chose the route through Arcadia and Broken Bow to North Platte as it was much shorter. We stopped in Brush, Colo., to get gas and stretch our weary bones. We arrived in Greeley at 3 a. m. M.S.T. and stayed there for nearly an hour. We arrived in Loveland a little before 5 a. m. and ate our breakfast.

It was cloudy and rainy but we drove several miles up through Big Thompson Canyon. As we drove higher, it began to snow. Not wanting to take any unnecessary chances, we soon turned around and went to Denver.

To those who had never seen the mountains before they were breath-takingly large and very beautiful. To those who had seen them before, they held new beauty and we looked at them with awe.

On Sunday afternoon we visited the Red Rocks and the marvelous Red Rocks Amphitheatre. Then we drove to Lockout Mountain and saw Buffalo Bill's grave and museum. We returned to Denver by the way of Golden.

We had supper and then some went into Denver to a show and others stayed at the Cornhusker Motel to rest and sleep.

Monday morning was highlighted by our trip to the Mint. Although the mint was closing down to be cleaned, we got to see the various processes in making the money. The best part came when several of the other students and I got to hold a gold brick weighing about 45 lbs. and worth $20,000. To demonstrate how accurate their weighing scales were, the guard weighed 1/100 of an ounce and then weighed his breath by blowing on the scales.

We then shopped for a while in a few stores. We ate dinner and returned to the cars.

We drove to the city park and visited the wonderful museum. At 3:45 p. m. we were on our way to Nebraska and home. We stopped in Ogallala, Nebr., for supper and arrived in North Loup a few minutes before 3 a. m.

Although every one was very tired, we were glad that we had worked hard in selling cards and presenting plays in order to finance our Sneak Day trip to Denver. Every one had a wonderful time.

The sponsors for this trip were: Mr. Dunklau, Mr. Kegley, Mr. Robert Kerr, and Mrs. Lulu Manchester.

Yvonne Brown of Scotia was a guest in the Alex Brown home from Saturday night till Monday morning.

We have several good small places with irrigation and improvements right near town but outside the town limits.

We have one near 30 acre farm irrigated and good improvements. A real fine place.

One 10 acre with fine improvements. All irrigated and a lot of fruit and flowers.

One modern home not far out. It is a dandy. Better have a look.

Good Luck TO THE CLASS OF 50

It is with mixed feeling that we watch you leave your classrooms behind and go forward to adulthood and responsibility. We are proud of the fine record you have made in school, a little sad in the knowledge that an era of your life is closing, but confident that you are capable of taking the world in your stride. Our best wishes go with you.

Christian Science Services

"Soul and Body" is the subject of the Lesson-Sermon which will be read in Christian Science churches throughout the world on Sunday, May 21, 1950.

The Lesson-Sermon includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter. 'Therefore acquaint now thyself with Him, and be at peace.'"

HAIL

It is time to think about your Hail Insurance. It will cost no more to write it now than it will later and you get the benefit. We write for Michigan Fire and Marine, headquarters in Omaha. This is an old line company with 20 adjusters over the state. You won't have to wait to have loss adjusted, and you get your loss check immediately. We also write for the Farmer's Mutual, Iowa. We have written for both of these companies and know they are both on their toes. See us before you get Hailed.

Clara McClatchey Resigns as County Superintendent

Will Teach at Peru College; Finishes 24 Years Service.

Miss Clara M. McClatchey, County Superintendent of Schools of Valley county since 1927, has notified the county board that she will resign her position effective September 1, and will not be a candidate for re-election.

She has accepted a position as instructor of elementary education at Peru State Teachers college, and will begin work there in September.

Clara M. McClatchey.

A native of Valley county, Miss McClatchey attended school here, being graduated from Ord high school in 1912. Her early college work was done at Peru, but she transferred later to the University of Nebraska.

She taught in rural schools in Valley county, in Ord, Ashland and at Lincoln Business college in Lincoln, before being elected as county superintendent.

Miss McClatchey's hobby interests are finishing antique furniture gardening, and golfing. "I'll miss my gardens here in Ord," she commented, "but maybe I can find some of the furniture I want in the eastern part of the state."

Seek to Build New Telephone Line From Burwell

An application has been filed with the State Railway Commission by the Garfield Mutual Telephone Co., of Burwell for permission to build a toll line from Burwell to Ord to connect with Northwestern Bell facilities.

The application was filed on May 15, and a public hearing will be held on the application at the courthouse in Burwell at 9:30 a. m., June 16.

The Railway Commission has invited interested persons to appear either in support of, or against the proposal.

Supporters of the application are expected to testify that present toll service on the single line through Ord is inadequate.

Late last week, local Nebraska Continental officials had no comment on the application.

Benda Gets Year for Driving While Intoxicated

A sentence of one year at hard labor in the state penitentiary at Lincoln was handed down by Judge Judge Wm. F. Spikes to George Benda of Ord, Tuesday, on a conviction of drunken driving, third offense.

Benda, 36, had been convicted in 1939 and again in 1947 of operating a motor vehicle while intoxicated.

He pleaded guilty at a preliminary hearing on April 8 in county court, and was bound over to the district court, where he also entered a guilty plea.

He had recently been paroled from the state hospital at Hastings where he had been treated for acute alcoholism.

Also on the district court docket was a divorce case. Steven P. Jorgensen won a decree of divorce from Bernice A. Jorgensen. He also received custody of the two children and the property settlement was approved by the court.

Equalization Board Continues Review of Tax Complaints

The Valley county board of equalization continued its review of protests to new valuations and expected to wind up its preliminary work sometime Wednesday afternoon.

In all, about 300 protests were handled by the board, of which about one-third are slated for adjustment, or for rechecks by fieldmen of Wilkins Associates, firm who handled the county reappraisal this year.

The Wilkins fieldmen, now working in Jefferson county, are expected in Valley county shortly after June 1 to complete ordered by the board of the rechecking of property as equalization.

About 13 Miles Gravel On Mail Routes This Year

Costs Running About $1500-$1800 Mile On Schroeder Roads.

"If we don't have floods, washouts or other troubles, we expect to build about 13 miles of mail route Schroeder roads this year," Tracy Hamilton, county highway engineer, told the Quiz this week.

The 13 miles will be spread over the eight mail routes within the county, two out of Arcadia, two from North Loup, three from Ord and one from Elyria.

Hamilton said that in the past two years the county had built 26 miles of new graveled roads on mail routes with funds provided by the Schroeder law. Costs varied from $1500 to $1800 per mile. After construction and graveling, the roads are turned back to the townships for maintenance.

"All in all, there are about 400 miles of mail route in the county which are not on state highways," Hamilton said. "That means a twenty-five year project under present conditions, although if road building costs drop, or our own money is increased we can go faster."

Hamilton said that a few of the more populous counties in the state which received a larger amount of tax were able to oil mat county roads rather than apply gravel. An attempt by the legislature last year to divide the Schroeder gas tax funds on a basis of road mileage rather than population was defeated.

Quiz Staff to Aid York Publisher

Members of the Quiz business and mechanical force are among the dozen or so weekly newspaper men of the state who are participating in "Operation Democracy" at York, Nebrasko, this week.

Scene of the operation is the office of the York Republican, weekly newspaper purchased by Ben Kuroki, Japanese-American from Hershey, who was Nebraska's most decorated flyer in World War II. Newspapermen over the state are combining their efforts to help him get out his first issue on June 8, and to introduce him to the residents of the York community.

Ed Apking, Quiz advertising manager, will go to York Thursday where he will stay through Saturday to aid in sale of advertising space for the initial issue of Kuroki's paper. On Saturday, at least six members of the Quiz mechanical force, headed by J. M. Crane, foreman, will make the trip. Scheduled to go are Jack Sander, Jerry Gillham, Ed Hvezda, Jake Schmidt, Taylor Detwiler, and Dave Watson. E. C. Leggett, Quiz editor will also go to York Saturday to assist in general planning of the special edition.

Other newspapermen participating in the scheme include Cal Stewart of the O'Neill Frontier; Paul Wagner and Bill Lee of the South Sioux City Journal; Jack Lough of the Albion News; Emil Reutzel of the Neligh News; Jim Cornwell of the Stanton Register; Lester and Norman Carlton of the Oakland Independent; Reed O'Hanlon, jr., of the Blair Pilot-Tribune, and Stuart Bohacek of the Wilber Republican.

Memorial Day Program Will Starte at 10:30

Emil Placek, Wahoo, To Speak at Rites For Soldier Dead.

Emil Placek, Wahoo banker, and world traveler, will be the speaker at Memorial Day services to be held Tuesday morning, May 30th, at the Ord City cemetery.

The annual rites will begin at 10:30 with a march to the Memorial Plot, led by the Ord high school band, the colors, the color guard, firing squad and an honor escort of members of the Veterans of Foreign Wars and American Legion.

W. F. Fafeita, commander of the American Legion, will open the services, followed by a prayer by Rev. Allen Strong of the Presbyterian church.

A grave decorating ceremony by members of the Legion and VFW auxiliaries will follow, then a special number by the Ord high band and mixed glee club.

Ladies of the GAR, assisted by VFW commander Wm. Goff will hold their symbolic rites,

The speaker will be introduced by his long-time friend, C. J. Mortensen. Following the address of the day, the band will play the national anthem and a salute to the dead given by the firing squad. Taps will end ceremony.

Green Bugs Begin to Threaten the Small Grain Crop

Best Control Is Good Weather.

The first report of green bugs in small grain fields of the county came to the County Agent's office last Thursday. Dale Sell of Arcadia reported that he had found them in considerable numbers in his own and a neighbor's barley fields.

On Monday County Agent Dale visited the Sell farm and found some of the bugs working on the barley plants. Mr. Sell said however, that there were not as many bugs present as there had been a few days earlier. Evidently the heavy rain of Thursday night and the warmer weather of the past few days had combined to reduce their numbers.

This was confirmed by J. L. Wilson, Veterans Farm Training Instructor at Arcadia. He said that several of his trainees had reported the bugs last week, and that he had checked several fields on Monday and found fewer bugs than were in the same fields a few days earlier. If this condition continues there shoud not be the widespread loss of small grain, which was caused by the green bug last year.

Farmers of the county should however keep a close watch of their small grain fields for the next couple of weeks. Any appearance of yellowish patches in the field, should be carefully investigated. The green bug prefers to work on the less fertile parts of the field, and it is in these places that the damage first shows up.

Fairly successful control can be obtained by spraying or dusting with benzene hexachloride if control measures are started before the damage to the plants is too great. The best control that has been found, according to Entomologists at the College of Agriculture, is warm weather and good growing conditions, such as we've had the past few days. Wheat fields have been making remarkable growth recently and have probably outgrown any threat of green bug damage.

Present Diplomas to Forty-Six Eighth Graders

Saturday evening in the Ord high school auditorium Miss Clara McClatchey, Valley County Superintendent, presented forty-six students with eighth grade diplomas.

Phillip E. Frandson of the University of Nebraska, who just completed instructing an off-campus course in Ord and Burwell, was guest speaker. He has traveled and studied in Europe and showed many pictures. Mr. Frandson showed pictures of Jungfrau, the seconded highest peak in Switzerland, and told about getting caught in a blizzard and being rescued by St. Bernards.

Ruth Ollis played a piano solo and Sharon Olsson sang two vocal numbers.

The ten highest students in Valley county were Ruth Ollis, Kay Hughes and Jean Muncy, Ord; Vernon Potrzeba, district 26; Jim

Sullivan Files For Attorney

John R. Sullivan tossed his hat into the political ring by filing for the democratic nomination for county attorney this week. He will be opposed on the primary ballot by incumbent Ralph Norman.

Political activities in the county were given new slants this week by the resignation of Clara McClatchey, county superintendent. No one has filed as yet for this office, which will be filled by appointment for the balance of the year. Candidates for the office will file for a two-year, unexpired term.

Clyde Baker, incumbent clerk of the district court, who had filed for re-election, told the Quiz this week that he was undecided as to future plans. His office, due to a decline in the population of the county, automatically becomes non-existent January 4.

New Pastor Arrives

The Rev. Allen Strong, new pastor of the Ord Presbyterian church, has arrived in Ord to occupy the manse and assume the pulpit, starting next Sunday. The Strong family include Mrs. Strong, three sons and two daughters.

Extensive repairs and alterations have been made by the congregation to prepare for the arrival of the Strong family.

Valley County To Lose Clerk of Court Office

Census Shows Drop Of Nearly 1000; Ord Holds Own.

The office of the clerk of the district court, now held by Clyde Baker, will be abolished in Valley county January 4, 1951, preliminary census figures revealed this week.

While still unofficial, census figures show a drop in population in the county from 8163 in 1940 to about 7200 in 1950.

Under the law, the clerk of the court's office is abolished in counties with less than 8000 population, and the duties assumed by the county clerk. The drop in census will not affect salary figures of other county officials, although if the county drops below 6500 in population, general cuts would be made.

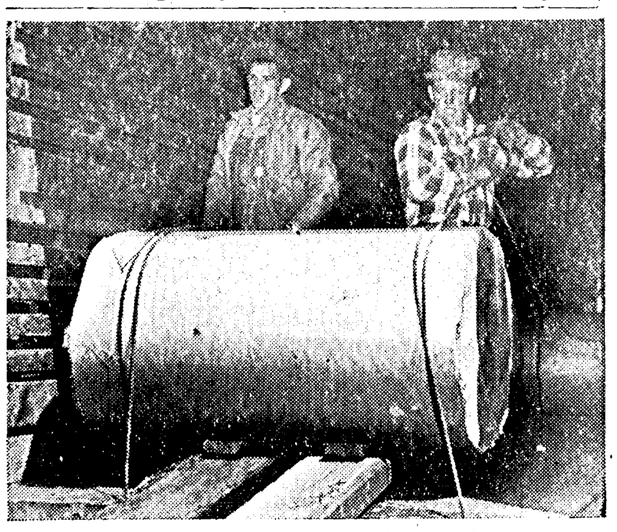
Last year the clerk of the court's office cost the county $2620, of which $2100 was for salary and the balance for supplies and miscellaneous items. Fees collected by the clerk have made the office close to self-sustaining.

Population for Ord is estimated at five or six under the 1940 figure of 2240, indicating the county seat has held its own. Figures are not available from other towns in the county, although it is known that decided drops were made in Arcadia, North Loup and Elyria.

The 1950 Valley county population puts the county slightly under its position in 1900 when 7,339 persons were counted. In 1910 the figure rose to 9,480, in 1920 to 9,823 and dropped in 1930 to 9,533.

Covered Dish Luncheon

Honoring Mr. Emil Placek, Memorial Day speaker, a covered dish luncheon will be held Tuesday noon at the Legion Hall. The luncheon is sponsored by members of the Veterans of Foreign Wars and American Legion and the auxiliaries of the two posts.



Elephants Demonstrate for Job on Quiz But Housing Situation Prevents Hiring

When the Cole-Walters circus came to Ord last Wednesday, a new method of handling bulky rolls of newsprint was evolved.

Instead of manpower, as shown in the top picture, elephant-power came into use. The lower photo shows "Daisy" and "Vic" about to hoist a four-page roll. The two girls perched on the roll are simply ornamental. You see, a roll of newsprint is a remarkably uninteresting object to photograph by itself.

The Quiz had thought about putting a pair of elephants on the payroll as newsprint hustlers, after the demonstration Wednesday, but with the crowded housing situation here, the idea had to be discarded.

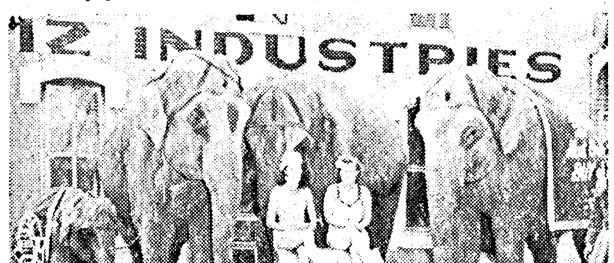
An eight-page roll of newsprint, such as is used in an ordinary 16-page edition of the Quiz, stands a little over five feet high and is about three feet in diameter.

There are about four and a half miles of paper wound around the core of the roll--enough to reach from the Quiz office halfway to Elyria. And a 16-page edition of the paper consumes one of these 1,700 pound rolls.

The rolls are big and bulky, but they have to be handled like over grown angel food cakes. Drop a roll and it flattens on one side. Then it won't unwind evenly on the press. The web tears on the press. The pressmen wax profane. And the paper is late.

Let it get wet and it swells. It never does regain its shape or strength and has to be discarded. Let it roll against a projection from a wall and cut an inch-deep gash—12,000 pages are ruined.

So the Quiz thought that perhaps a pair of well-trained elephants would be the solution to the newsprint problem. The ponderous pachyderms might toss the giant rolls around without any trouble, but it might be annoying to have to keep answering the question, "Where in the world did you get those elephants?"



Boy Scouts Enjoy Camporee Saturday and Sunday

Ord Boy Scouts joined with Scouts from Calloway and Arcadia, Saturday and Sunday, in a Camporee at the Scout camp northwest of town. About 40 boys attended the two-day meet. Seated around the campfire, cooking some grub in the accepted outdoor manner, are (left to right) Duane Wolfe, Don Marshall, Richard Crane, Charles Svoboda, Kenneth Babka, Don Kapustka, Ronnie Alloway, Pat Melia, and George Svoboda, all of the Ord troop.

Truck Accident Injuries Fatal to N. Loup Girl

Burdette Mulligan Dies Sunday; Was High School Senior.

Burdette Jean Mulligan, youngest child of Lee and Lena Mulligan, was born at Barker District nar North Loup on Oct. 2, 1933. It was here that she spent her happy childhood days with her parents, sister and brothers.

Burdette Mulligan

At the age of 5 she entered school at Barker and continued her schooling there until she moved to North Loup with her parents in January, 1945. Here her thoughtfulness for others and her pleasant smile quickly won her friends among her classmates and among all others who knew Burdette.

Burdette took an active part in all school activities. She had a special talent for music and took part in the high school chorus, glee club, and band. One of her favorite songs, "Thank God for a Garden," she sang at the district contest. She had one of the leading parts in the Junior play, "Take It Easy." She was elected cheer leader during her sophomore and junior years, and in her junior year was designated head cheerleader. Burdette was vice president of the Girls Pep Club.

Burdette's interests and thoughts were of her classmates and teachers at school. One of her last remarks was, "well mother, I am a senior now."

Burdette was a member of the Methodist church and attended Sunday school regularly. Burdette was a joy to her parents. She and her mother were fine examples of perfect mother and daughter companionship.

Burdette passed away at the Ord hospital May 21, 1950, at the age of 16 years, 7 months, and 19 days, as the result of a tragic accident on May 17, 1950.

She leaves to mourn her passing besides her parents Lee and Lena Mulligan; her sister, Mrs. Walter Brabander of Grand Island; two brothers, Dale of North Loup, and Carrol of Grand Island; her grandfather, Wm. Plate of North Loup; two nephews and one niece, besides many other relatives, friends, and classmates.

Funeral services were held from the Methodist church at 2 p. m. Tuesday, May 23, 1950, with Rev. Harbour officiating, assisted by Rev. Ehret.

Ballbearers were Bob Hawkes, Russell Kerr, Gale Sintek, Duane Willoughby, Jerry Holmes and Gordon Stillman.

Honorary ballbearers were Ronald Goodrich, Jerold Manchester, Joe Babcock, Charles Beebe, Harlon Green, Wayne Cook, Dean and Dale Hutchins.

Flower girls were Janet Coleman, Illa Roby, Sylvia Ingerson, and Beverly Knapp. In charge of flowers were Mrs. Bessie Roby and Mrs. Cecil Knapp.

Music was a solo by Mrs. Harold Hoeppner, "Thank God for a Garden," and Mrs. Hoeppner and Mrs. Cloyd Ingerson, singing "I Do Not Know" and "Over Yonder." Mrs. Ava Johnson was at the piano.

Kerchals Injured in Auto Accident

Mr. and Mrs. Rudolph S. Kerchal, both in their seventies, were injured in an auto accident near Burwell Tuesday morning. Mr. Kerchal apparently lost control of their car in rounding a curve near the rodeo grounds south of Burwell and the auto took the ditch.

The aged couple are in the Burwell hospital where Dr. E. J. Smith is attending them. Mr. Kerchal has a fractured left ankle and head contusions, Mrs. Kerchal has chest injuries. Neither is critically injured, according to Dr. Smith. Mrs. Anton Lukesh, a passenger in the Kerchal car at the time of the accident, escaped without injuries.

RFC, Irrigation Officials Discuss Settlement

Local Men Hold Conference With Omaha Attorneys.

Officials of the North Loup River Public Power and Irrigation district and attorneys for the Reconstruction Finance Corporation met in Omaha Thursday to discuss the impending lawsuit involving both parties.

In what George A. Munn, attorney for the local district described as a "very amiable conference" the two groups discussed possibilities of adjusting financial difficulties of the irriagtion district on

(1) A cash settlement for the more than a million indebtedness owed by the district to RFC and

(2) An alternative readjustment of the indebtedness on a long term, low interest basis.

From Ord along with Munn were Ed Vogeltanz, attorney for the Water Users organization, and Glen Beerline, manager of the district. The RFC was represented by Holtz & Holtz, their attorneys.

By agreement of counsel, answer date on the suit recently filed by the RFC was extended to June 26. Between now and then, other conferences between the litigating parties are extended.

"The district so far as is known will operate as usual during the current irrigation season," Munn told the Quiz.

PCT Depot To Move To Ord Grill Building

The bus depot for the PCT stages, a long time occupant of the IOOF building on the east side of the square, will move this week to the Ord Grill, on the southwest corner of the square.

John H. LaCornu, owner of the Grill, will be local representative for the bus line.

Festus Williams, who has been with the bus firm since its inception will retire this week. In a short time he will move to Grand Island where he can be near his son, who is owner of the bus line.

St. Paul Teacher Dies from Fall

Miss Allura Wodbury, 66, of St. Paul was fatally injured Saturday afternoon when she fell down the basement steps at her home receiving a broken neck.

She has been teaching school in St. Paul and Saturday noon had just completed the term. She was known in Ord by several of the teachers as she frequently spoke at teachers' meetings.

Miss Woodbury is a cousin of the late W. J. Stewart children.

Funeral services were held Tuesday at the McIntyre Funeral home with burial in the Elmwood cemetery in St. Paul.

Hollywood Death Dodgers Signed as Feature for Fair

Pete Bailey Troupe One of the Best, Will Be Here Aug. 1-2.

Pete Bailey's "Hollywood Death Dodgers," one of the best such troupes in the business, will thrill crowds at the Valley county fair on the nights of August 1 and 2, it is announced this week by the fair board.

The Death Dodgers crash automobilies and motorcycles at high speed, roll them over, jump them 100 feet and more from a ramp, crash head-on into a brick wall and in other ways defy death for the entertainment of crowds. A similar troupe proved popular here in 1949.

Performances by the Death Dodgers will be supplemented by other entertainment features on the night programs. Exhibits and a horse show will be the only entertainment in the afternoons, and no admission fee will be charged except evenings.

Further announcements about the fair will be made later but the fair board wants Valley county people to know they are at work lining up a fine program and that the fair will be bigger and better than ever.

Marriage License Epidemic Hits Court House

"In the Spring a young man's fancy . . ." is a fitting quotation for activities in the office of the county judge, Charles Ciochon, this week. The judge has had what he describes as "a regular epidemic" of marriage licenses lately.

During the past week Paul Gregory, 22, son of Mr. and Mrs. Wm. Gregory of Arcadia, and Doris Welty, 18, daughter of Mr. and Mrs. John Welty of Arcadia, were issued a license.

Nolan L. Garska 21, of Burwell and Belva Rose Butcher, 18, of Burwell, also were issued a license. Mr. Garska is the son of Mr. and Mrs. Arnold Garska, and Miss Butcher is the daughter of Mr. and Mrs. Hugh Butcher.

Also granted a license to wed were Claude C. Evans, 26, of Arcadia, and Aleree Collier, 18, also of Arcadia. He is the son of Mr. and Mrs. Ross Evans, while her parents are Mr. and Mrs. Alfred Collier.

Clarence Porter, 25, of Arcadia, son of Mr. and Mrs. Ralph Porter, and Verlee Mulligan, 18, daughter of Mr. and Mrs. Guy Mulligan of Ord, were granted a license.

Robert Hawkes, 18, of North Loup and Twyla Green, 19, also of North Loup received a marriage license. He is the son of Mr. and Mrs. Cliff Hawkes. Her parents are Mr. and Mrs. Ed Green.

LIBRARY NEWS.

"The Doctor Has a Family" is the title of a humorous book written by Evelyn Barkins.

This is a witty and sometimes barbed story of the joys and tribulations of modern family life. Of well meaning friends who are shocked at three children in one family ("Everywhere we went, produced the same startled 'three children?' Followed by a pause for station identification.")

This book presents a cast of hilarious, human and familiar characters. The school teacher with the nervous smile, the inexperienced contractor who falls through the ceiling of the new house.

You will put this book down, having laughed a lot but feeling that as long as there are the Barkinses of this world the American family and common sense are here to stay.

Mercury Soars to Near-Record 85 as Summer Arrives

Lovely, lovely, lovely, is the word for the weather the past week.

Rain alternated with sunshine as Mother Nature made up for lost time and tried to bring the season back on schedule.

Thursday saw 1.66 inches of rain fall, with another .37 falling Saturday.

Temperatures were up generally with the mercury hitting 84 on Monday and climbing to 86 on Tuesday. Tuesday's high was the same as the high for that date in 1934 but May 23 was a cool day in that year.

In 1934, summer got an early start. Early in May the thermometers were groaning under the strain of hitting the 100-degree mark day after day, and a high of 105 was recorded about the middle of the month.

Even the low temperatures during the week just ended were fairly high—giving growing things that much more of an opportunity. Only on one day—Sunday—did the mercury dip below 45.

Corn planting is in full swing through the county now that the ground has dried enough to be worked.

Green bugs on small grains were worrying farmers, but if the good growing weather continues, they will not be able to do much damage. Some of the wheat has progressed enough to be reasonably safe from infestation.

With the arrival of warm weather, kids were seen carrying swimming suits, ambling towards the ol' swimming hole while their fathers worried about the respective merits of a driver and a brassie on the No. 5 hole of the Ord golf course.

Yes, indeed, it's the good old summertime—but don't quote us on that. From the looks of the sky early Wednesday afternoon, it may snow before this is printed.

Latvians Entertain Rotary Club

Pictured in this Swopes photo are Mr. and Mrs. Krummenl and their daughter, Biba, who came to this country from Latvia two months ago. Mr. Krummenl is an opera singer and his wife is a dancer. They were featured on the Rotary club program at the high school Monday evening.

Latvian Family Appears on Rotary Program

Ord Rotarians entertained their wives at a dinner Monday evening at the high school in honor of the 25th anniversary of the founding of the Rotary club in Ord. About 65 people attended the dinner and program.

Featured on the program was a Latvian couple who have been in this country only about two months. They are Mr. and Mrs. Krummenl, who, with their seven-year-old daughter Biba, are living on the Wm. Adams farm near Arcadia.

Before the war, the family was quite well-to-do and occupied a high position in Latvian society. The man is an opera singer of some note and his wife is an actress and dancer.

They were dressed in colorful Latvian national costumes and the audience was thrilled with his interpretation of songs.

The Krummenls think the United States is a wonderful land, the more so because they have recently endured persecution by the Russians. At first the Communists took over the tiny Baltic country. Then the Nazis overran Latvia, and after the war the Reds moved back in. All of the family property was confiscated by the Reds, and the U. S. looks like the promised land to these unfortunate displaced persons.

—Mr. and Mrs. Mike Setlik called on Mr. and Mrs. Anton Welniak Monday evening.

Flood at Ravenna Cancels Game

A flash flood from an overflowing creek caused postponement of the Ravenna-Ansley game scheduled for Sunday, it is reported to the Quiz by Stanley Roy of Loup City, league secretary, and so only three games were played in the Mid-Nebr. Nite league.

Ord defeated Loup City 6 to 4 to keep a perfect record.

Shelton and St. Paul played eight inings to a tie score of 3-3 but in their half of the ninth Shelton ran in 5 runs and then held St. Paul scoreless in their half to win 8-3.

At Broken Bow the Boelus team played heads-up ball to defeat the Indians 3 to 0. They were outhit nine to eight but engineered two double plays to cut Broken Bow down to size and used squeeze plays to make two of their own three runs. Andy Jensen and Sterzbach, both old timers, led the Boelus attack while Gene Whitefoot on the mound kept Indian hits well scattered.

Bond Issue Goes Over in Albion

Voters of the Albion school district decisively approved a $355,000 bond issue for public school improvements. The unofficial vote for the bonds was 581 to 382 against. This is a decided reversal of the vote of 1948 on a bond issue involving a new high school building. At that time the vote was against the issue, 300 to 176.

The proposed building program at this time calls for a new 14-room grade school building of modern design and construction, and a new auditorium-gymnasium. The auditorium will have a seating capacity of 1400 and will provide a satisfactory basketball court.

The new grade school building will replace the two buildings now in use. The new structure will be so located that it can be built and made ready for use before the old buildings are demolished.

NOTICE TO SUBSCRIBERS

—There are fifty or more May 15 Quiz expirations which have not been renewed. Following this week's paper, which will be mailed to them, those not then renewed will be taken from the list. We sent a notice to all of them with a postage free envelope in which to mail their check or the $3. in bills. We regret having to take them off the list, so if they want the paper they should send their renewal pronto. The Ord Quiz. 8-1tp

St. Louis World Fair

The St. Louis World's fair, in 1904, spread over most of the two square miles of Forest park, six miles west from the river front. Some 240 acres were under roof. It tallied 18 700,000 visitors — more than 100,000 a day—from April 30 through November. The ice cream cone, according to a legend, was born at the fair when a vendor started packing his hokey pokey in curled waffles.

TAVERN
NO SALES TO MINORS

Nebraska law provides that anyone under 21 is subject to a fine up to $50 if he misrepresents his age in order to purchase alcohol beverages.

Likewise, anyone who buys alcohol beverages to give to minors is subject to a similar fine.

Nebraska retailers want 100 percent observance of the "No Sale To Minors" law, and they welcome every aid to that end.

"Sworn Statements of Age" blanks, furnished free by the brewing industry, are used effectively by many retailers in doubtful cases.

Aid your retailer by: 1—never asking him to sell beer contrary to law. 2—not objecting when he insists that you supply proof of age. Encourage him to always operate his place legally and in the public interest.

Angus Show Will Hilight Ak-Sar-Ben

Aberdeen Angus breeders who bring their pure-breds to Omaha for the National Aberdeen Angus Breeder and Rancher Show this fall, will find themselves on a veritable merry-go-round of entertainment during their stay.

The Angus show, on Tuesday, Wednesday and Thursday, Oct. 3, 4 and 5, will be a highlight of the twenty-third annual Ak-Sar-Ben Stock Show and Ak-Sar-Ben's fourth annual World Championship Rodeo to be staged Sept. 29 through Oct. 8 at the spacious Ak-Sar-Ben Field in Omaha.

More than 500 head of individual breeding animals are expected to compete at Ak-Sar-Ben Field during the Aberdeen Angus pure-bred exhibits. The closing date for the entries in the Angus events has been set at September 1. A total of $10,000, furnished jointly by Ak-Sar-Ben and the Angus Association, will be offered as a premium list.

Mustangs Trample Krueger for 11 Hits, Beat Loup City

Ord Team Takes Top in League with 3 Wins In Row.

The rampaging Mustangs Sunday made "Lefty" Krueger of Loup City, look like any pitcher named Joe, trampling him for 11 hits and 6 runs to win handily 6 to 4. Thus Ord, still unbeaten, took a firmer grasp on the top rung of the ladder in the Mid-Nebr. Nite league.

First score of the game came in Ord's half of the first inning when Vail opened off Krueger with a sizzling single. Finley laid one down to sacrifice him to second but he was thrown out by Krueger at third when L. Novosad tapped weakly to Krueger. Novosad kept right on going to second, stole third and scored on Dick Beran's timely single. Falter grounded out to end the inning.

The Mustangs got another tally in the second on Dugan's double and Philbrick's single, and added three in the third on singles by Falter, Dilla and Vail, along with a base on balls issued to Bill Novosad and one Loup City error.

Loup City scored in the third when A. Krolikowski singled, went to second when Billesbach grounded out, third to first, stole third and scored after Hendrix' long fly was caught by Philbrick. In the sixth they got two earned ones on singles by Weiserski and Krueger, followed by a long triple to the fence by C. Krolikowski. At this point Ord led 5 to 3.

The Mustangs' final run came in the 7th on a single by Dugan, followed by Dilla's tremendous line triple to the fence. It was Dilla's third hit of the day and Dugan's second.

Dick Beran relieved Novosad on the mound for Ord in the 7th inning and got three Loup Cityans in order. In the eighth he got Sieckie and Krueger on strike-outs but Weiserski lived when Vail dropped his slow roller. The side was retired when C. Krolikowski fanned.

Novosad's double in the eighth made it look like another Ord score coming up, especially when he stole third, but Finley and Beran popped out and Richardson, put in as a pinch hitter, topped one weakly to the pitcher. Novosad was stealing home on this play and would have scored had Richardson let the ball pass without swinging. Ord led, 6-3.

To open the final inning Turek popped out and A. Krolikowski was retired, shortstop to first and it looked like the ball game was over, especially when Billesbach hit a long fly directly into the hands of Bill Novosad, who was playing right field. However, Bill dropped the ball and Billesbach lived to score a moment later on a triple by Hendrix. For a moment things looked bad for the home team but Outhouse ended the threat by grounding out, Beran to Finley, the game ending 6 to 4 in Ord's favor.

Though each team made three errors afield the game was well played and exciting. Well over 750 people attended, a good crowd for an afternoon game. Hereafter all league games will be played at night, both at home and afield, starting at 8:30. Ord's next game is at Boelus on Sunday, May 28, followed by a game at St. Paul on May 31. Next home game for the Mustangs will be against Ravenna on Sunday, June 4.

Boelus Opponents of Mustangs Sunday

The Ord Mustangs travel to Boelus to play a game under lights Sunday evening against this strong team.

The Boelus team is classified as a "smart" team, featuring five players with many years of experience, along with four younger players. Andy Jensen, a veteran of over 20 years of diamond play, is still one of the leading Boelus players.

Manager Douthit will start Bill Novosad, with Stanley Johnson catching and Bud Novosad on first base, in this game. Johnson has been laid up for two games with an injured thumb but is now back in shape and his heavy war club will be helpful to the Mustangs.

Colts Play Shaky Ball, Downed by Greeley 13-6

Make 6 Errors Behind Patrick, Nelson but Get 8 Bingles.

The Ord Colts played shaky baseball Sunday, making six errors afield, and lost to Greeley, 13 to 6.

Greeley got 11 hits off the slants of Don Patrick and Dick Nelson while the Colts got 8 off T. Smith's pitching. Nelson and Patrick, were the leading hitters, getting 2 bingles each.

The game was played at Greeley. A skeleton box score follows:

Colts Will Play at Primrose Sunday

Manager V. J. Beran's Ord Colts are scheduled to play at Primrose at 2:30 next Sunday afternoon. They defeated Primrose on the Ord diamond in the first game and believe they can repeat, as the team will be at full strength for the first time since the former game.

Several players carried on Beran's 20-man Colt roster also play with the Mustangs and were unavailable to the Colts until evening ball started in the night league. Beran also hopes to have Bill Anderson home from university to solve his pitching problem. Anderson, who has been playing with the N. U. team, let York college down with 3 hits last week and went the full route.

Novosad Breaks Up Tie Game With a Homer in Tenth

Shelton Gets 2 Hits; Hurler Wins Own Game With Clout

A baseball game that won't be forgotten in a long time occurred in Ord Wednesday evening.

And Bill Novosad, the No. 1 hero of that game, deserves to rank for all time with the immortals of baseball in Ord.

Opponent of the Mustangs was Shelton and when the regulation 9 innings ended the teams were deadlocked 1 to 1. Shelton went scoreless in their half of the tenth and Novosad came to bat to lead off for Ord.

Hadenfelt, Shelton hurler, wound up and threw, Novosad swung and the ball sailed over the left field fence, a distance of over 400 feet. That broke up the ball game, leaving the Mustangs victors by a 2 to 1 count.

Wednesday night Novosad pitched one of the finest games ever seen on the Ord field, besides having a tremendous night with the bat. He let Shelton down with two hits, one a single by Webben in the 2nd and the other a triple by Binger in the 6th. Binger made Shelton's only score when Dugan overthrew first base on Hadenfeldt's grounder a moment later. It was the only error made by the Mustangs.

Ord garnered 7 hits off the slants of Bob Ellis and Hadenfelt, 3 of them including the circuit blow being made by Bill Novosad.

The Mustangs scored first in the 4th on a single by Dugan and a tremendous single by Richardson, who was put out at second after the run had scored trying to stretch it into a double. Shelton tied it up in the 6th and the count remained 1 to 1 until Novosad's memoric homer in the extra inning.

Both teams played near-perfect ball afield, the pitching on both sides was excellent and Announcer Bruce Covey did a fine job of portraying the action for a small crowd over the loud speaker.

Yessir, Philbrick Likes Baseball

Bobby Philbrick, who plays centerfield for the Ord Mustangs, really likes to play baseball.

After Sunday's game he confided to a friend: "You know, I felt funny out there today. When I ran straight ahead I was all right but when I tried to run to the side I got dizzy and weak. I think I'll see a doctor."

The next day he did. Dr. R. J. Lynn told Philbrick he had pneumonia and put him to bed, with large shots of penicillin on the side. Philbrick is much better. Also, he is hoping to play against Boelus Sunday night.

Takes more than pneumonia to stop a real ball player.

Novosad, Dugan, Lead Ord Hitters

Mustangs Have a Team Average of .280 After First Three Games.

With five hits in 12 times at bat for an average of .417, Pitcher Bill Novosad is leading the Ord Mustangs in batting, according to unofficial averages compiled this week. One of Novosad's hits was a triple, another was a home run. Games against Ansley, Shelton and Loup City are included in the compilation.

Bill Dugan, shortstop, who has hit safely 5 times in 13 times at bat is second with .367. Two of Dugan's blows were doubles. Falter, who played in only two games, is third with .333, made by getting 2 hits in 6 official times at bat. Next comes Bob Philbrick with 3 hits in 10 trips to the plate for a .300 average. The Ord team average is .281.

Ord's three opponents have hit only .181 against Ord pitching.

Averages of the Ord team to date:

Farwell Unbeaten In S-H League

After the smoke of the four battles in the Sherman-Howard League cleared away Sunday, Farwell still remained the only undefeated team, as they had no trouble in swamping Dannebrog, 16 to 1. In the other games, Elba moved into the second spot by taking a well played game from Ashton, 4 to 2; Palmer blanked the North Loup crew, 4 to 0, while Scotia out-slugged Cushing and won, 10 to 8. Next Sunday finds North Loup at Farwell, Palmer at Elba, Dannebrog at Scotia, and Ashton at Cushing.

The line score:

Cushing	310 100 111— 8-11-3
Scotia	050 302 00x—10- 9-5

Cushing Battery: Christensen, Goering & Petersen.
Scotia Battery: Bryson & Johnson.

North Loup	000 000 000—0-5-3
Palmer	010 020 10x—4-7-1

North Loup Battery: Beck & Rother.
Palmer Battery: Verplank & Gee.

Ashton	000 000 002—2-5-4
Elba	101 000 11x—4-4-4

Ashton Battery: Jakubowski & Goc, Gembala, Bydalek.
Elba Battery: Spilinek, Julesgard & Pavlik.

Farwell	200 005 342—16-17-1
Dannebrog	010 000 000— 1- 4-8

Farwell Battery: L. Lukasiewicz & R. Borzych.
Dannebrog Battery: Jacobsen, Jensen, Dwehus & Reimers.

League Standings:

Team	w	l	pct.
Farwell	4	0	1000
Elba	3	1	.750
Ashton	2	2	.500
Scotia	2	2	.500
Palmer	2	2	.500
Cushing	1	3	.250
Dannebrog	1	3	.250
North Loup	1	3	.250

Tom Tolen Makes Ace on No. 8 Hole

Now we know summer is here—the first hole-in-one for the season has been made on the Ord golf course.

Tom Tolen made the ace Tuesday on No. 8, the blind hill hole.

One local insurance man is offering a policy which, for a premium of $4.00 annually, pays $400.00 for each hole-in-one, but unfortunately Tom failed to take out the policy, though he and his father, Mark Tolen, had discussed doing so. One Ord golfer, Doug Dale, has such a policy and will be shooting hard for aces this summer.

Ord Junior Legion and Midget Teams Swing Into Action

Jr. Legion Players to Bow Tonight, Ansley Midgets Come Sunday.

While both the Mustangs and the Colts play out of town games this week, Ord baseball action will open on a new front—the American Legion's program for boys.

Tonight (Wednesday), the Jr. Legion team made up of boys 15 to 17 will open their season against Broken Bow under the lights there. Jim Gilbert is managing and coaching the Jr. Legion boys this year. Broken Bow already has played 3 games, losing the first two and beating Minden 6 to 0 Sunday.

Sunday afternoon at 2:30 the Ansley Jr. Legion Midgets will visit Ord to play the Jr. Legion Midgets coached by Bill Heuck. These teams are made up of boys 12 to 15.

Besides these groups a third group of still younger boys of ages 9 to 12, known as Midget Midgets, is practicing under the coaching of Bud Martin.

In all more than sixty boys are taking part in the baseball program in Ord this summer, in addition to former Junior Legion players now graduated to Ord's two senior league teams, the Colts and the Mustangs.

Bill Heuck wants more boys out for practice in the 12-15 age group. Next practice will be at 6:00 Thursday and all boys of these ages are invited to take part.

Seed Corn

Corn planting time is right here and some of you may be needing several more bushels of Hybrid seed corn. Well, we have it in Standard and Cornhusker numbers that are adapted to our section. We have a few bushels of Mahogany and Rainbow Flint corn.

Sorghums

You may plant a lot of your Corn Reduction acres to Sorghums. For our section Combine Milo and Early Kalo do very well and you can look for a very heavy yield of grain even on high rough land. It is not uncommon to harvest 35 or more bushels of grain sorghums per acre. Then for fodder we have Atlas Sorgo, Norkan, and Axtell Sorgo. Black Hull Kaffir, Grohoma and Hegari. Millets and all varieties of Cane. We have Sudan Grass in very good quality of Common seed; Certified Wheeler and have Sweet Sudan. Prices are very reasonable on all of these varieties.

Alfalfa

If you are planning on sowing alfalfa and do not have your seed as yet, we can furnish you with Dakota 12, Grimm, Cossack and Ladak. With the moisture that we have this would be a very good time to sow an extra field of alfalfa and plow up one of those fields that has been getting a little thin.

Grain

The wheat market this week has been very bad and the market is much lower than last week. Corn and oats are strong. Now we can use your grain and will pay you a good price for your corn as we have local feeders who are needing corn. For your wheat we will pay the highest market price possible according to the mills and Omaha. We have a good demand for it.

Chicks

The chick season is about over in day old chicks, but we can furnish you with some started Hy-Lines at a very good price. Come and place your order now. We have Peat Moss, Chick Bed and Sani Floor for your brooder house.

"It pays to buy from Noll."

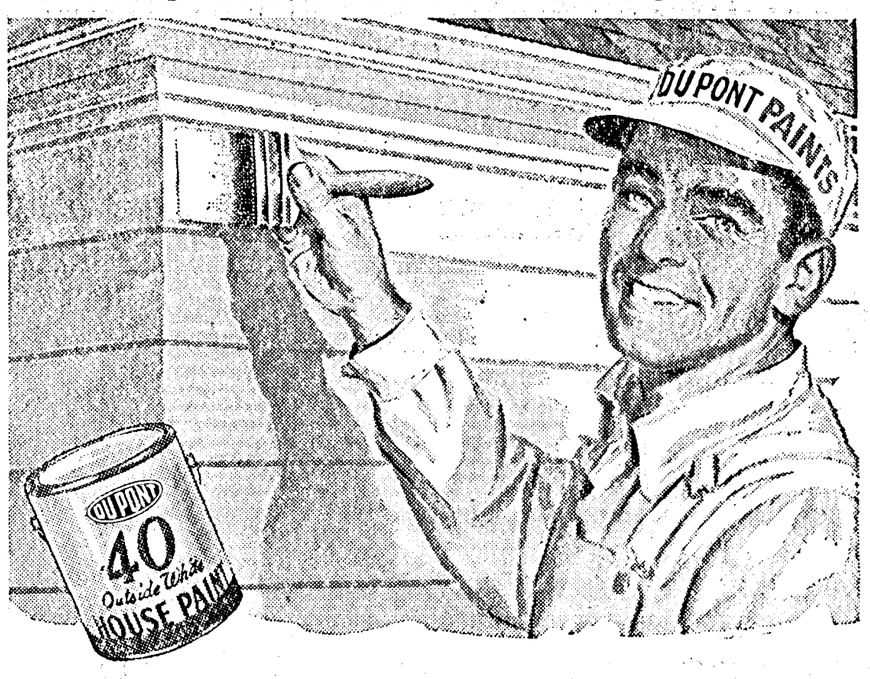
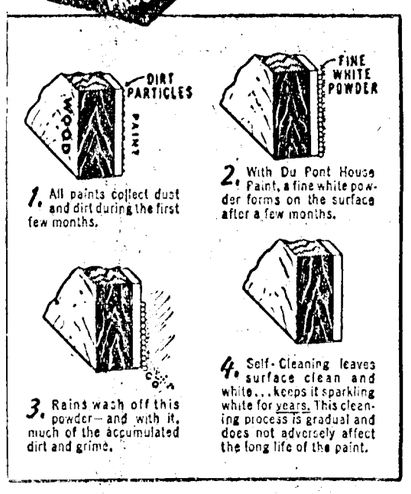
STAYS WHITE AND BRIGHT FOR YEARS



DU PONT HOUSE PAINT cleans itself!

MAGNIFIED CROSS-SECTION SHOWS SELF-CLEANING PROCESS



1. All paints collect dust and dirt during the first few months.
2. With Du Pont House Paint, a fine white powder forms on the surface after a few months.
3. Rains wash off this powder—and with it, much of the accumulated dirt and grime.
4. Self-Cleaning leaves surface clean and white...keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

For lasting home beauty, make sure your painter uses Du Pont House Paint. Made of an exclusive Du Pont combination of pigments and oils, it literally sheds dirt and dust during every heavy rain . . . leaves your home handsomely white, sparkling bright for years. Normally, this "Self-cleaning" action starts in a few months on most surfaces. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay the process.

Consider the other advantages of Du Pont House Paint. As it keeps your house beautiful for years, it also protects against rust, rot and decay. Smooth, easy application, excellent spread and high-hiding—all these factors work in your favor when Du Pont House Paint goes on. It's available in "Self-cleaning" tints as well as white.

And here's a tip for your painter: When working on new wood or excessively weathered paint films, a prime coat of Du Pont House Paint Primer is recommended. It assures maximum adhesion and performance of the finish coat.

In Memoriam

May 30th is a memorial to our war dead. Let us remember them . . . they gave us victory that we might yet live in peace, our lives and our liberties free from compulsion, intrusion and fear. If peace is again precarious and freedom insecure, it is for us, the living, to accept the challenge of their infinite sacrifice . . . lest our homage sound hollow, and their memory become a mockery.

Let us now do our utmost best, as a nation, to wage peace . . . with all our mind and all our strength and all our heart.

Memorial Day.

Amid the roar of the engines at Indianapolis and the cries of "Play Ball" all over the land, the nation will once more observe Memorial Day, the day set aside to honor those who died that our nation might live. Observe is the correct word, although to many it is only a day to celebrate. To them the deeper meaning has been lost.

Time was when no discordant sounds marred the passing of the day dedicated to the honored dead; when auto racing was out of place and baseball was taboo. But people are living a fast pace today, and it seems such a shame to waste a whole day just to recall the supreme sacrifice of men long dead and gone.

Now we spend the forenoon with the flag at half mast in honor of the dead, and then raise it to the top of the pole in honor of the living. What a clever way of putting it! What a fine excuse for doing just as we please all afternoon and claiming we are doing it in honor of the living.

Perhaps it is appropriate, after all. The men we honor in the morning took a chance, and lost. What is out of place for the living to spend their money all over the nation to go to races and ball games, take a chance on the outcome and win, or lose.

Besides, oldfashioned ways are on the way out. Now it is considered more appropriate to spend a part of the day enjoying the good things of life that those we honor in the morning fought to preserve. Today we think of what those men would like to do if they were still with us, and we do those things ourselves.

The all-important thing is that we spend the morning honoring their memory, that the flags we see everywhere at half mast really mean something to us. They certainly mean something to the boys who fought side by side with those who died, and who were privileged to come home. So long as they are with us, there will be no forgetting.

Traction Engines.

The day is not too far past when traction engines were an important part of rural economy, supplying motive power to farm machines. Principal of these was the engine that was used to pull the threshing rig. This huge monster burned coal and used steam as motive power. It had the appearance of power, and had the power required to do its work.

Yet this massive machine belching smoke and sound and frightening half the horses in the neighborhood was usually rated at 30 horsepower on the belt and 18 horsepower on the drawbar. Compared with even the smallest auto engines of today it was very puny indeed.

But in most states in those days a man had to have an engineer's license to be permitted to run one of them. As a rule, nobody under the age of 21 even attempted to run to run one. They were considered dangerous and they traveled over the country roads at the terrific speed of 3 to 4 miles per hour.

We have traveled a long way since then, and the day of the traction engine is past. Today threshers are powered with tractors, and they do not present the problem they did then. The auto has been invented, and it has developed until most engines are rated at one hundred horse power or more, and any of the new autos can travel in excess of 100 miles per hour.

According to the laws of common sense it should require special training to run one of them, but it is all a matter of knowing how to shift gears and what the rules or the road are. The rules for driving have been broadened until anybody past the age of 16 years can obtain a license to drive a car.

There is no probation period. If he can get by the basic rements he is on a par with the driver with years of experience, and has the right to take any chances he wants to. This would not be so serious if it were not that it is the nature of youth to take chances.

Nobody questions the fact that the young fellow is the better driver, since he can act more quickly than the older man. His reflexes are quicker, both physically and mentally. As a man grows older he loses his ability to drive until in time he becomes a menace.

Because of his youth, the young fellow is the better driver, but because of his lack of judgment he does not do what he knows how to do, drive safely. He is proud of the fact that he can drive, and he must drive just a little faster than the other young fellows. If another young driver makes the trip to Grand Island in an hour, he must try to make it in 50 minutes.

If somebody has made a dangerous turn at high speed, he must make the same turn at even greater speed, swinging over to the wrong side of the road, if necessary, in doing so. He gets the idea that the danger signs put up along the highways are put there for the older drivers, and that he can negotiate the rough stretch at full speed.

In many cases he thinks it is smart to run a red light or a stop sign when he thinks the patrolman is not looking. If caught he is duly sorry, is turned loose with a warning and then goes right ahead and does it again. He likes to drive with one arm around his girl friend, or take both hands off the wheel and see how long the car will stay in the road.

No one questions the right of the young man to drive, but everybody questions the right of the young man to drive recklessly. Laws are made to be obeyed, and youth must be taught to obey the laws. Life is too precious a thing to be gambled away by reckless handling of the most dangerous weapon ever put into the hands of man— the automobile.

In conclusion, the traction engine has changed a lot in the past half century, but it is still a traction engine. If it was dangerous then, it is a hundred times more dangerous now. If it required special training on the part of the engineer then, it should require more now. If it required judgment then, it requires far more now. Drive cerefully today and live to drive tomorrow.

My Own Column

By H. D. Leggett

This big egg contest is getting more complicated all the time. Not only that but the eggs are getting larger, showing that a greater strain is being put on the hen fraternity all the time, also proving that hens are like humans, determined to keep up with the Joneses. To start with a 6 x 7 inch egg was considered big. But as the hens continued to read the big stories in the Quiz, they went and did the last sister one better.

—O—

But that isn't the worst of it and now they are beginning to run in pigeon eggs on us, one man has developed a race of hens that lay fluted eggs, and it is rumored that a Burwell woman is trying to produce a race of hens that will lay square eggs and the end is not yet, that is, the end that will produce the square eggs.

—O—

The other day Mrs. John Boettger wrote me from Kennard, Nebraska, where she and John live, to tell me about a pigeon which they have and which laid an unusually large and beautiful egg. And she sent the egg along as proof. It seems that this pigeon which was quite a pet and which had become very tame, got interested in the big egg stories in the Quiz by hearing Mrs. Boettger read them to John each week. She, the pigeon, would come and sit on the window sill each Saturday morning as soon as the mail carrier delivered the paper, while the Missus was reading the paper to John the pigeon would strut back and forth on the window sill, puff out her chest and ruffle her feathers and seemed to be telling what she was going to do to show them Valley county hens up. Then a day or two later, as John went out to feed the pigs the pigeon fluttered along on the ground in front of him and led him to her nest in a nearby bush and showed him her masterpiece. Of course the egg was not as large as some of the largest of the hen eggs we have shown but it was larger according to the size of the bird that produced it, than any of them. The pigeon has been sort of crippled up since her big effort and while she listens each week to the reading of the Quiz, it is not with quite the same interest as formerly.

—O—

One reason I am losing interest in the big egg contest is because I entirely lost out on the big egg that got its picture taken with the little bantam chick. I had come to look for a couple of those big eggs and a slice of ham for breakfast. Then Marvin came up with the alibi that he had an accident with that big egg. Maybe he did but anyhow I never saw it after he took it to take its picture. I didn't get too suspicious till a rumor came from his boarding house that he had asked for a reduction in his board bill because he was furnishing big eggs for his breakfast. Wouldn't you be suspicious too?

—O—

But I mentioned the fluted egg man. It seems that Oscar Hackett has been selling eggs to the neighbors. Seems like some of them laid the eggs on the sewing machine or piano and they rolled off and made a sort of mess. Oscar got the idea of trying to produce eggs that were fluted so they wouldn't roll off. He brought me one the other day and I never saw its equal, as several to whom I showed it will tell you. I couldn't find out much about the methods he uses to get the hens to lay fluted eggs but it seems that he is trying to do it by certain kinds of feed. I asked Marv about a picture but he said he couldn't show the fluting very well in a picture. Anyhow I didn't want to trust him with that fluted egg as I wanted to see if it tasted just like unfluted eggs did. And it did.

—O—

I will try to keep you posted on just what luck the Burwell woman is having with her new breed of hens that lay square eggs.

—O—

And if you are one of those whose paper expired May 15 and are interested in the outcome of these matters better get renewed or you may miss something important.

—O—

P. S. I got another alleged pigeon egg this week from Mrs. John Boettger of Kennard. It is much larger than any hen egg so far turned in and looks like it might be an ostrich egg. I am having it incubated and we shall see after a while what kind of pigeon it really is.

To welcome Ben Kuroki to their ranks, to show how other Nebraska editors feel about him, to call the attention of York people to this fine young couple, a group of Nebraska editors are working to get out a special edition for Ben on June 8, donating their time, their ideas, their perspiration!

The Nebraska newspapermen have begun their work, selling several special pages to York merchants, making plans for other exciting features. Each week five or six editors are spending a couple of days working on their project at York.

Mr. Kuroki, a famous war veteran, finishes the journalism courses of the University of Nebraska this June, and has purchased the York Republican. Immediately after graduation, Mr. and Mrs. Kuroki will move there. York is lucky to get them.

oOo

Monica Jean Gnaster is another who is following a family bent, marrying into the newspaper business. Her brand new husband is Don Waters, a young man whose brother publishes a paper at Bertrand. Don expects to jump in and do his share too, come June and graduating exercises.

Monica's grandfather was Dan Webster, well known St. Paul publisher of the Phonograph for many years. And her uncle is Laverne Webster, also a well-known newspaperman and particularly so in this part of Nebraska, for he succeeded his father as editor of the Phonograph until his health forced him to change occupations.

oOo

Oh yes, and let me tell you about the new editor in our family.

My little niece, Coralee Anderson, is now slated to be co-editor of the society section of "The Graphic," monthly publication of Colorado Women's college at Denver. "The Graphic" has received many awards for excellence.

This is not her only distinction, for she is to do feature writing for the yearbook of the same school—"Sky Line," it is called.

And that's not all, for Coralee was elected president of the Scribblers Club, a journalism group.

You're going to busy, Cory!

oOo

Ord residents distinguish themselves in so many ways.

For instance, did you hear Merritt Jenison on the radio last week? He talked interestingly about boar hunting in Germany, among other impressions of life in an occupied country! Such unusual experiences for a young man. "Doc" has been doing some teaching, too, and he told of his young students.

He and his bride plan to return to this country soon, and become students themselves.

oOo

In Lincoln this past year, Bud Anderson was appointed keeper of the scrapbook at the Sigma Phi Epsilon fraternity house.

But, over ambitious, decided to do it bigger and better.

So in place of the ordinary size scrapbook, or the large size scrapbook, Bud got plywood and made a giant size book, some six feet long! He finished it beautifully, and thereby impressed the brothers, as well as all other beholders.

oOo

A few hot days like this and the youngsters are going to be lined up around that swimming pool, waiting for the paint to dry! (The inside of the pool is to have two coats of paint before opening day, says Manager Keith Kovanda.)

. . . Now there's an idea. Maybe a touch of the Huckleberry Finn treatment? And get a little painting assistance from those youngsters, hey Ches?

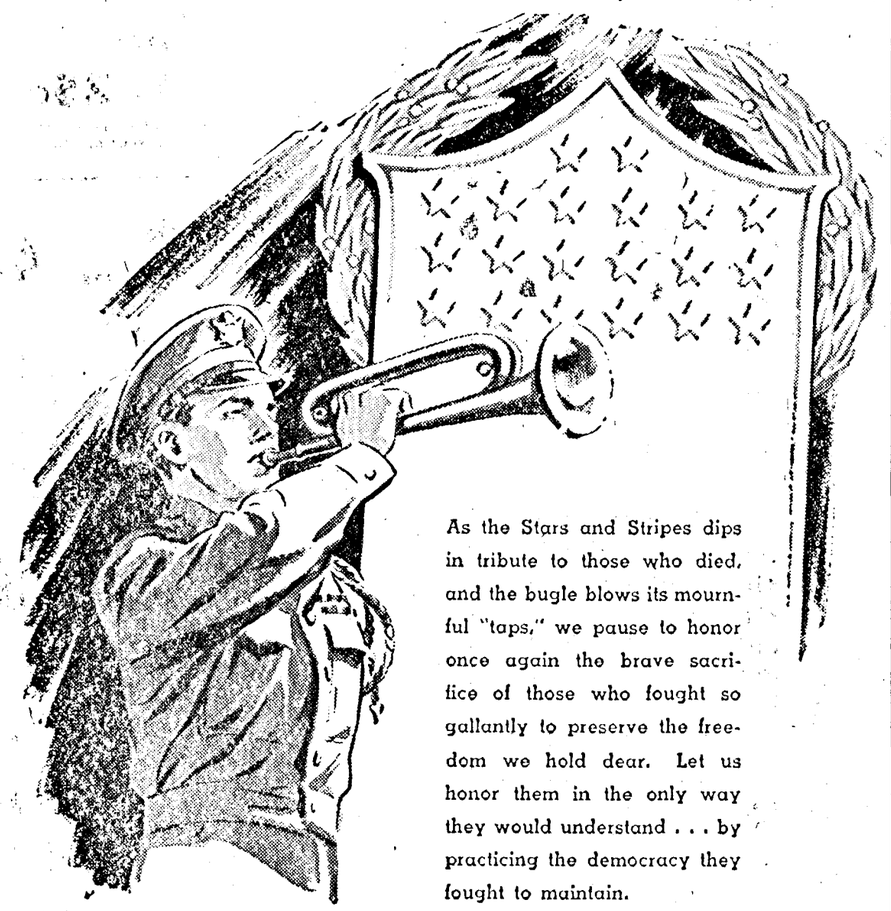
MEMORIAL Day



As the Stars and Stripes dips in tribute to those who died, and the bugle blows its mournful "taps," we pause to honor once again the brave sacrifice of those who fought so gallantly to preserve the freedom we hold dear. Let us honor them in the only way they would understand . . . by practicing the democracy they fought to maintain.

Character is written all over it!

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

Naturally, the convertible is the sweetheart of the Silver Streaks, a car with a manner all its own. But *character* is a basic Pontiac ingredient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.

Every new Pontiac has character written all over it and stamped deep into its background. That's an important reason why dollar for dollar, you can't beat a Pontiac!

Dr. R. K. McReynolds Locates in Scotia

A committee comprised of seven men namely, Jim Bryson, Harry Miller, Wm. Waters, Bert Ammerman, Dick Bredthauer, K. N. Nelson and Clarence Sixel were to consult prospective doctors to locate in Scotia. These men have worked tirelessly to find some one to take the place of Dr. Lewis, who left here several months ago.

A meeting was held last Friday night at the Community hall to determine what the people were willing to do in order to secure the services of a resident physician. Approximately 700 shares at $50 a share were sold in order to obtain office and living quarters. Today, a transaction was completed whereby the committee purchased the Vankirk home and building that housed their barber and beauty shop at a consideration of $10,000. It is without a doubt the remaining difference will be raised without much trouble. The building that will serve as the doctor's office will be conveniently located as it is on the east side of Main street. The doctor's home will be one block south of the Lutheran church.

This project is a nonprofitable organization, and is locally financed. Dr. McReynolds is married and has three children. His wife who is a registered nurse will assist him in his work.

Sunday dinner guests of the Ben Sautters were Mr. and Mrs. Glen Yost and family of Central City and Mr. and Mrs. Earl Smith of Scotia.

Miss Alberta Sautter who is employed by the Jacobs Cafe at St. Paul spent Thursday and Sunday at the home of her parents, Mr. and Mrs. Ben Sautter.

Bill Wetzel and daughter, Mrs. Henry Schoel and husband of Grand Island spent Monday at the Nick Wetzel home. Nick Wetzel returned home with them Monday night.

Shirley Sample is spending a week or two helping Mrs. W. A. Swanson at their country home northwest of Greeley.

Mr. and Mrs. Chas. Gruber of San Francisco arrived in Scotia to visit at the Dick Bredthauer home until Wednesday. They are also visiting friends and relatives near Grand Island.

Mr. and Mrs. Ed Kokes of Ord were Sunday afternoon and night visitors at the Dr. Rudy Hamsa home. Barbara Hamsa had undergone a tonsillectomy at the Clarkson Memorial hospital in Omaha on Friday. Dr. Cassidy performed the surgery.

Mr. and Mrs. Bill Bredthauer of Broken Bow spent the week end at Scotia.

Mr. and Mrs. Melvin Jacobsen and son, of Omaha were week end guests at the George Pilinoski home. A co-worker accompanied Melvin and they spent their time fishing at the Ord dam.

Farewell Party.

A farewell for Rev. and Mrs. A. C. Ehret and Jimmie was held Monday evening in the basement of the Seventh Day Baptist church. A covered dish supper was followed by a program, with Mrs. Cora Hemphill in charge. Each organization of the church and the North Loup Lions club was represented. The Ehrets were presented with a number of nice gifts.

Rev Ehret has served the church in North Loup for ten years, and during that time 43 new members have been added to the church. In addition to his work in the church, he has been active in community affairs, serving for several years as chairman of the village board. Each Sunday for seven years he has served the Methodist churches in Greeley and Wolbach and last week these churches gave the Ehrets a farewell.

Mrs. Ehret taught in the Arcadia schools, but the past year her health has been poor and she was unable to teach.

Their son, Jimmie, is a member of this year's graduating class and his plans now call for entrance in the University of Nebraska in the fall.

The Ehrets leave Monday, May 29, for their new home DeRuyter, N. Y., where they will serve the Seventh Day Baptist church. Their going will be a great loss to the church and the community.

His interest was for the young people and their education. A school is being built in his honor.

North Loup School Graduates Twelve Thursday Evening

Two Students Kept From Attending by Downpour of Rain.

Twelve young people were graduated from North Loup high school Thursday evening when commencement exercises were held in spite of a downpour of rain.

Theresa McCall, as salutatorian of the class gave the address of welcome at the exercises, and Barbara Hudson as valedictorian gave the valedictory address. Russell Kerr sang "Through the Years" accompanied by Robert Williams and the high school quarete, Barbara Hudson, Dolores Cox, Joe Babcock and Ronald Goodrich sang "The Bells of St. Mary's." Mr. and Mrs. Robert Williams played the processional, on the organ and piano, and the seniors were led down the aisle of the church by juniors, Connie Eberhart, Evelyn Brown, Beverly Knapp, Clarence Brown and Mervin Meyers.

Rev. Warren Studer gave the address of the evening, using "The Next Fifty Years" as his subject. Rev. C. F. Harbour gave the invocation and the benediction.

The class was presented by Miss Minnie Jensen, principal, to Cloyd Ingerson, school board president, who gave out the diplomas. Supt. Martin Dunklau presented scholarships, one to Theresa Mccall, good in the state normal schools and one to Barbara Hudson, good in the church schools, as high ranking students in the class. Both Miss McCall and Miss Hudson plan to attend Nebraska University to continue their education.

The front of the church was filled with flowers and greenery, as a background for the class motto, "We Build the Ladder by Which We Climb."

Two of the graduates, Bill Schauer and John Ingraham were not able to get in because of the storm.

Rain which fell during the evening and the night measured 1.37 inches.

Mrs. Leona Elliot of Boise, Ida., came Sunday and is a guest of her sister, Mrs. Chas. Fuller. Mr. and Mrs. Aron Fletcher and five children of Grand Island brought her up from Grand Island. Mrs. Elliott will be remembered as Mrs. Clyde Sample.

Harold Schudel has been spending much of his time in Grand Island with his father, Edwin Schudel, who is very ill at the St. Francis hospital. Monday Mr. Schudel's condition seemed a little better.

Mr. and Mrs. Herman Nass and Ruth spent Sunday in Arcadia with the George Nass family.

Mrs. Max Klinginsmith was hostess to the Needle and Thimble club Thursday when they entertained their mothers. Thirty were present, as each members brought her mother. Mrs. Klinginsmith served a luncheon. Saturday the club held a bake sale in Ord, and they will not hold any more meetings till fall.

Roy Stine, W. H. Vodehnal, John Edwards and Frank Schudel drove to Omaha Wednesday to interview some prospective doctors. At the Lions club meeting held that evening, they gave a report of progress, but have no definitely sure prospect as yet. The first of the week a doctor from Denver was here to look the situation over.

Teachers Tell of Summer Plans

Supt Martin Dunklau and his family plan to spend the summer in North Loup. Mr. Dunklau will be in Lincoln the first week in June attending a driver training school and will also attend some special meetings during the summer in regard to the hot lunch program.

Coach David Alfrey and Mrs. Alfrey, sixth, seventh and eighth grade teacher, also expect to spend the summer here, as both return as teachers next fall.

Music instructor, Robert Williams and Mrs. Williams will spend June and July here, as his contract includes band instruction for the summer. Next year they go to Coffey college in Missouri where both will teach.

Keith Kegley, vocational agriculture instructor, left Friday afternoon for Lincoln on business and he will spend most of the summer at his farm home near Kearney. His plans for next year are indefinite.

Misses Minnie and Clara Jensen expect to spend the summer at their home near Ord. Both will return to our school in the fall. Mrs. Mills Hill will spend her summer vacation at her home in North Loup and will teach kindergarten when school opens in the fall. Miss Marcia Rood, well known to North Loup schools will teach the primary room next year. A vocational agriculture instructor has been hired. He is Charles Saunders, who comes from New Mexico. No music instructor has been hired.

Without Painful Backache
As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.
If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Announcing STUDEBAKER AUTOMATIC DRIVE
Newest and most advanced of all automatic transmissions!

No clutch pedal, of course—and you're safe right from the start! No clutching—no declutching—with Studebaker Automatic Drive. As car moves forward, you just feed the gas, steer and brake. Your Studebaker "shifts for itself"—makes gear changes automatically, quietly and smoothly. You keep the pointer on the steering post in "drive" position most of the time. But when you switch on the ignition, the engine will start only if you have first set the selector lever at "park" or "neutral."

It's here today! America's first fully perfected "no clutch—no gearshift" driving! The achievement of years of research and development by Studebaker and Borg-Warner engineers—the revolutionary new Studebaker Automatic Drive!
Technicians will tell you that this Studebaker Automatic Drive is the ideal combination of a torque converter and direct mechanical drive.
But the *way* this amazing transmission works isn't half so important to most car owners as the certainty that it *does* work—superbly, smoothly and reliably!
Come in and try out this far advanced Studebaker Automatic Drive—without obligation—right away. It's extra cost—but it's the finest investment that anybody ever made in real motoring enjoyment!
